For North Dakota: Partly cloudy tonight and Wednesday; warmer east portion tonight; colder Wednesday; fresh to strong winds.

ORRIS W. ROBERTS, Section Director.

NOT STRONGER.

President Wilson is not stronger than his party if the election returns in the various states are any indication. Those who admire the chief executive have tried to place his popularity above that of the party he represents. If we read the political signs aright, the popularity of Wilson and of his party do not vary very much.

We will not have to go any farther than New Jersey, where the Wilson machine was unable to control the legislature. The President made a personal matter, but he was overwhelmed. New Jersey in common with three other eastern states decided that they "did not raise their daughters to be voters."

The Progressive party has dissolved. This is the admission of Medill McCormick, chairman of the national Progressive committee. No better authority is needed to support this fact.

Wilson was not the popular choice at the polls in 1912 and every indication is that he will be less popular in 1916. He has lost, not only the large majority in Congress, but with the retirement of Underwood from the House, the leadership falls into even more unfriendly hands. Representative Claude Kitchin has come out openly against President Wilson upon several of the major issues to

be considered by Congress next month. It looks like a hard winter for President Wilson and the Democratic party.

INSPECTION OF METERS.

Both the consumers and public utilities will benefit through the inspection of meters. It is a wise step for the city commission to take. Bismarck has reached a point in her growth when regulatory ordinances are necessary. There is another field which the city commission has neglected, and that is in building and plumbing inspection. The necessity for a strict building code is apparent as the city grows. Fire limits should be set and rigidly adhered to. Within these districts only fire-proof buildings should be allowed. This, in connection with greater water pressure, will do much to cut down the fire hazards and decrease the cost of insurance.

When work begins upon codifying the city ordinances preparatory to having them published, it would be well to see that the various ordinances relative to buildings be thoroughly revamped and a standardized building code adopted; one that will pass the underwriters' test.

LIVING VERSUS THE DEAD.

Columns have been written during the last few days of the Chicago infant allowed to die because nature had blundered. The publicity given this incident has aroused both sentimental and grave academic discussions. Editors have turned their sisters loose with directions to "burn up space." Newspaper hydraulics have been pressed into service with the usual results. Thousands of babies die daily through neglect.

Thousands more, perfect in body, struggle and give up the ghost because the milk supply is doctored to yield a larger income to a heartless corporation. Thousands more die daily because of the ignorance of mothers who have never been taught the duties or responsibilities of maternity.

Nature has not blundered in any of these cases. The Chicago incident should result in bringing the entire question of infant mortality to public notice. The press has done more than any other agency to educate the public in baby welfare work.

But more publicity is needed.

One of the results of the Democratic tariff is the importation of eggs from China. The supreme court of that state has just declared a law unconstitutional regulating the importation of eggs from the Chinese Empire. The only way to secure the repeal of the tariff laws is at the ballot box.

BROKE PAROLE.

State parole officer, Dopking, arrived in this city last evening with Edward Ross in charge. Ross was placed in the penitentiary last night. Mr. Dopking will leave on No. 4 today for St. Paul to bring back to the state Frank Fisher, who was sentenced to the penitentiary from Cass county for manslaughter and later paroled. The man has broken his parole and will have to come to Bismarck and enter the penitentiary again to serve out his term.

The Portal International has commenced publishing a series of letters written by old settlers of that part of the state.

GERMAN CONSUL ADMITS

(Continued from Page One)

government would show that "the defendant rode roughshod over the laws and treaties of the United States as contemptuously as if those laws and treaties were mere scraps of paper."

Rejected the Concession. William Rand, counsel for the defendants, offered to concede certain charges of the government, but the government's lawyer rejected the concession.

"The defense is not willing to admit the fact; it is trying to smother them" was Mr. Wood's retort to Mr. Rand's offer.

No Intent to Deceive. "Quite the contrary," replied Mr. Rand, smiling. "We are willing to admit that \$750,000 has been sent as the government is trying so hard to prove. Why, we are willing to go much farther than that; we will admit that \$2,000,000 of German money was sent in chartering and supplying vessels for relief of German warships. But admitting the facts, we do not admit the intent to deceive or fraud as charged in the indictment."

Washington, Nov. 23.—No official comment was forthcoming here today of the testimony in the federal court at New York that Capt. Boy-Ed, naval attaché of the German embassy, played a leading part in the alleged conspiracy to defraud and deceive the United States by sending neutral ships from American ports to provision and coal German men at war at sea.

So far as appearance in the court is concerned, the attaché enjoyed diplomatic immunity. If his conduct would exclude such action, it would make his continued presence in this country on an official mission objectionable to the state department. A suggestion to that effect to the German embassy would be sufficient to bring about his recall.

Readers' Column

VANDALISM.

Bismarck, N. D., Nov. 23. Editor of Tribune.

Dear Sir:—The residents on the west hill have been long suffering because of the extended period covered by the Halloween spirit of a gang of kids in that neighborhood. Night after night these boys bombard front porches with broken glass and other missiles, upset outhouses and cause considerable destruction of property until patience has ceased to be a virtue and some of the residents up that way have taken steps to catch the arching and hand them over to the police. It is probably the same gang which delights to mar automobiles, break windows and commit a great deal of other cussedness or a destructive nature in that part of the city and the probability is that some youngsters will have damages to pay if the youngsters are caught.

Yours truly, TAX PAYER.

KNIGHTS OF COLUMBUS TO GATHER AT FARGO

Fargo, N. D., Nov. 23.—On Thanksgiving day Fargo council Knights of Columbus will be hosts to a large body of visiting Knights who will gather from all parts of this and neighboring states to witness the conferring of the third degree of the order on a large class of candidates. The candidates come from towns within a radius of several hundred miles. There are also several candidates to be initiated from other councils, notably one from the San Salvador council No. 1 of New Haven, Conn.

District Deputy Frederick D. McCarthy will have charge of the degree work, the conferring of which will require most of the day. The day's events will open with the celebration of mass at St. Mary's cathedral. The degree work will begin at 11 a. m. at the K. C. hall. The great banquet which will tax the capacity of the Fargo auditorium banquet hall will start promptly at 7 p. m.

We close all day Tomorrow

In order to give our employees a holiday, as has been our custom in previous years, both the undersigned stores will be closed all day tomorrow. We urge our patrons to do all their buying today.

Webb Bros. A. W. Lucas Co.

ANTI-DISCRIMINATION LAW TRANSGRESSED

Attorney Bitzing of Legal Department of State Conducted Two Hearings.

Assistant Attorney General H. R. Bitzing returned to Bismarck Monday from Bisbee, in the northern part of the state, where he had been conducting an attorney general's hearing on the matter of the Farmers Elevator company, which complained of the discrimination and unfair means of the Atlantic Elevator company, a Minneapolis corporation. The complainant had a number of witnesses, and other witnesses for the defendant company were present. The fore part

of last week Mr. Bitzing conducted another hearing at Hannah, where Alfred Prior, a lumberman, complained that the Lambert Lumber company which has yards in Hannah and surrounding towns, had sold lumber below cost at Hannah in order to put him out of business. Further, he alleged, that the Lambert company had made up the loss sustained at that point from the yards nearby in which they had yards.

WAIVED EXAMINATION. (Mandan, N. D., Nov. 23.—John Van Allen, who put up a fight against extradition from Montana, and forced Sheriff McDonald to make a trip to Helena to get papers, was very meek when arraigned in justice court. He waived examination and was bound over to the district court on the charge of stealing a valuable watch from G. G. Chamberlain or Almont. The latter with Ben Birg of Almont were here to attend the hearing.

LET US ARRANGE YOUR THANKSGIVING DINNER FOR YOU!

The Supremacy of Peruna as a Household Remedy 44 Years of Leadership

Returned to His Work. Mr. Julien Goudeau, Erwinville, La., suffered with catarrh of the stomach. He did not know what his trouble was. He was unable to work. Could hardly eat anything. After taking Peruna a short time he is now in perfect health. He says: "I am now doing all my work. I am confident that any one suffering as I was could be cured by Peruna."
A Housewife Restored. Mrs. R. W. Copelan, Box 22, Greensboro, Ga., suffered several years with catarrh of the stomach. She was in such poor health she could not attend to her household duties at all. Peruna was recommended by neighbors. She was induced to begin the use of Peruna. She says: "After taking five bottles of Peruna I am happy to say that I am entirely cured. My indigestion is entirely gone."
Once a Chronic Invalid. Mrs. Samuel Ruth, 335 Union Ave., Lebanon, Pa., is able to say positively that she has been cured by Peruna. She can scarcely find words to express her gratitude for her recovery. For many years she had been a semi-invalid from chronic catarrh.
Expresses Her Gratitude. Mrs. E. Riker, 503 Grant Ave., East Cedar Falls, Iowa, was once a chronic invalid. Four different doctors had been consulted without avail. She had taken five different medicines that had been recommended, without improvement. Peruna was tried and the good result was prompt and lasting.
Pain in the Stomach. Mr. Henry Kneek, Box 850, No. 1118 S. Vista Ave., Janesville, Wis., writes: "I wrote you about four weeks ago that I had a pain in my stomach. I followed your advice, and used three bottles of your Peruna, and I am all right now. I am very thankful for your advice and your medicine."
Three substantial men, heads of families, made efficient once more by Peruna. Three housewives restored to their families. These are only samples of what Peruna is doing every day, every where. Surely, this is a splendid work. Anything that conserves family life and makes the home more desirable and comfortable nourishes the heart root of civilization. Peruna is a great civilizationizer.

Twenty Dollars In Gold For Ten Ears Of Corn
