

ONE DOSE RELIEVES A COLD--NO QUININE

"Pape's Cold Compound" Ends Bad Colds or Grippe in a Few Hours.

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold, either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Adv.

WOMAN BURNED TO DEATH YESTERDAY

Spilled Can of Kerosene Over Herself and Perished in Flames.

Minot, N. D., Dec. 3.—Mrs. Stephen Pitts, who lived at the farm home, 25 miles southwest of this city, died at a local hospital last night, following injuries which she received when her body was badly burned in a kerosene fire at her home yesterday morning.

A baking powder can filled nearly full of kerosene was sitting on the warming shelf of the kitchen range. While attending to her household work she reached to get this can, and in some manner the contents were spilled over herself and the stove, and took fire from the hot stove. She was immediately enveloped in flames. Her screams attracted

the attention of C. A. Jorgenson, who was in another room, and he rushed to her rescue and made a heroic effort to save the woman's life, receiving a number of severe burns in his desperate efforts to beat out the flames, which by this time enveloped her entire body.

Medical aid was rushed from this city in an effort to relieve the sufferings of the woman and if possible save her life. She was brought to this city by automobile last night, but death came in a few hours after she had been placed in the ward.

Coroner Doe was notified of the death and, after looking into the facts, decided there was no need to incur the expenses of an inquest, as there was no question as to how she came to her death.

The husband of the dead woman is now in a local hospital, having been operated upon for appendicitis. Besides him, she leaves four children.

No definite arrangements have been made for the funeral, this being dependent upon information from relatives in the east.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

Exonerate Teacher.

The committee that had been appointed to make an investigation into the case reported that they found that the boy in question had not received the marks which he bore from the hands of the teachers, and that they had not used undue violence in handling him. It was found further that the boy was of a vicious disposition and would not mind, and had caused more or less trouble from time to time.

After the report had been read, Mr. Frame, who was chairman of the com-
