FORBES-ROBERTSON ON FINAL TOUR

Foremost English Actor Will Be Seen in Capital City at Early Date.

Sir Johnston Forbes-Robertson, the foremost English speaking actor, who appears soon at the Auditorium, will make his last appearance on the American stage in Sanders' Theater, Harvard University, on Monday night, April 24, 1916. The president of the university and the chairman of the department of English have formally invited Sir Johnston to present "Hamlet" on the old Elizabethan stage of that theater to celebrate the three-hundredth anniversary of the death of Shakespeare and to mark the final appearance in this country of the distinguished English actor.

It was on the occasion of Forbes-Robertson's visit to America in 1902, when he first produced "Hamlet" in this country, that he was invited to act in this tragedy at Harvard and it is fitting that his final appearance on the American stage should be made at Sanders' Theater, a replica of the famous old Globe Theater, London, in the role in which he is universally recognized as being the greatest Hamlet of modern times.

It has been arranged that, after all expenses have been paid, the surplus accruing from the performance shall go to some charity to be chosen by Sir Johnston, and as the actor is intensely interested in several English relief funds, it is probable that he will select one of these. At present Forbes-Robertson is appearing in the south and southwest, and his tour embraces only those cities he has not said farewell to. His final London appearance was made in "Hamlet" at the Drury Lane Theater Royal, on June 6, 1912, and last appearance in New York, at the Manhattan Opera House, on January 25, 1913. His performance of "Hamlet" at Harvard will mark his positively farewell appearance on the American stage.

PROMINENT MASON DIES SUDDENLY

George M. Pike, Grand Commander of the Grand Commandery of Knights Templar of North Dakota, died at his home in New Rockford yesterday morning following a serious operation performed Monday night. Mr. Pike had not been well for some days prior to the operation, suffering with what was thought to be gall stones.

The operation disclosed most serious conditions, and he did not rally from the shock. His death at the early age of fifty will be a distinct shock to his friends throughout the state, especially among Knights Templar.

He was closely identified with the civic and business life of New Rockford. Had served as mayor of the city, a member of the school board for many years, and was the managing partner of the department store of Hugh Peoples & Co. He leaves a wife and family.

Former Governor Frank White, of Valley City, becomes Acting Grand Commander.

The funeral services will take place at New Rockford at 2:30 p. m. Thursday.

TO LET CONTRACT FOR PUBLICITY PAMPHLETS

A meeting of the state printing commission was held yesterday, at which bids for printing the Publicity Pamphlets, for the primary election were opened. Bids were received from the Knight Printing company of

Fargo, Grand Forks Herald company, Dakota Printing and Stationery company and the Globe-Gazette of Wapeton.

The contract was not let, however, because of the illness of State Auditor C. O. Jorgenson, who was unable to attend the meeting. Rumors were in circulation about the capitol, however, that the contract would go to the Knight Printing company, to compensate for the grief suffered by that concern over the Blue Book embroglio.

Drink Better Coffee and Save One-Third

Coffee is healthful if made right. A great many persons who cannot drink coffee made by ordinary methods are really benefited by drinking coffee made by the

Manning-Bowman CIRCULATING Coffee Percolator

(Patented)

The grounds are above the liquid and as soon as the water in the lower compartment becomes heated it is forced up through the central tube and sprayed over the ground coffee automatically, and, filtering through, absorbs all the flavor and aroma, leaving bitter tannic acid behind where it can do no harm. To obtain the same strength use one-third less coffee than by other methods.

A Percolator as a Christmas Gift is Ideal.

A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS

Give "California Syrup of Figs" if cross, sick, feverish, constipated.

Look back at your childhood days. Remember the "dise" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.
