H. P. Asseltine and S. T. Mark attended the Masonic banquet at Bismarck Monday night. Mr. and Mrs. John Benz were Soo passengers to Bismarck Monday. Two horse buyers were out in vicinity last week and bought a number of horses from different farmers.

WING.

Miss Sallie Chaffin left for Missouri last week, where she will visit with relatives. She was accompanied by Miss Lena Eggen of LaMoure, who will also visit with relatives. Rev. and Mrs. Bruce were Soo passengers to Bismarck Tuesday. George Parks and family were visiting at the Jensen home Sunday. Wild Rose township can boast of having an up-to-date Literary Society in which all the neighbors take a prominent part. It would be nice if our township would start one too. A home talent play entitled, "The Old Maids Club" will be given in Sterling on Friday evening, March 3. It is an hour and a half play, composed of 18 characters, and promises to be the hit of the season. It is given under the auspices of the Farmer's Union. Quiet a number from here plan on taking it in. Wedding bells have again been chiming; this time it being Miss Anna Olson and Herman Neiman. Both parties are well known here and have a host of friends who extend congratulations.

WING.

Everett Porter and family were visiting at the Asseltine home Sunday. John Strong was a week-end guest at the Knudson home. Mystery surrounds death of Morehouse. Sanish, N. D., March 1.—In the case of Frank Morehouse, who was found dead in the house of Frank Kayzer, who lives five miles northeast of Sanish, Saturday afternoon, February 19, a mystery remains uncovered. Morehouse arrived at the Kayzer home about 10 o'clock Friday night, complaining of being very ill. Dr. Blatherwick was summoned from Van Hook by phone and found the young man's temperature 101, and gave him some medicine. On Saturday afternoon, about 2 o'clock, Mrs. Barron, who lives across from the Kayzer home, heard a shot and, rushing over to the Kayzer house, found Morehouse lying in a pool of blood and a rifle alongside of him. The bullet had entered back of the right ear, coming out of the left temple, killing him instantly. A coroner's jury was empaneled, who brought in a verdict of accidental death. On Tuesday another jury was called and the verdict was foul play. Sheriff Slaughter and deputies are at work on the case and it is probable that new developments will be brought to light shortly. Frank Morehouse bore a good reputation in Sanish, was not a drinking man and was engaged to be married shortly to a prominent Van Hook young lady.

WING.

Minneapolis, March 1.—Another investigation of vice conditions in Minneapolis was decided upon today, after officials of the county attorney's office had questioned a fifteen year old girl, for some time missing from her home, who told of being lured away by an unknown man, and forced into a life of shame. Two women are being held in connection with the case, and other arrests are expected. Club women and welfare workers are investigating a chain of questionable hotels, and will present the evidence gathered to the grand jury.

WING.

Minneapolis, March 1.—The regular quarterly meeting of the Standing Rock Indian tribal council for North and South Dakota was held Tuesday, February 15, at the Indian court rooms at Fort Yates, with 12 out of a total of 20 delegates present. Not much business was taken up except the adoption of the following resolutions: That the Council favor the buying of mares for issue to Indians becoming 18 years of age this spring, from among Indian farmers on the reservation in open market, instead of from outsiders, as has been the custom in former years. Resolved, That the Council demand free treatment for Indians at the new hospital about to be opened at Fort Yates; the hospital being built and maintained out of the reservation 3 per cent fund. The next meeting will be held in June, at which time the annual election of officers will be held. Four delegates from each of the five districts on the reservation constitute the council, of which Dominick Long-bull of Wapala is chairman, and Len-jamin White of Fort Yates, secretary. Copy of the minutes of each meeting is furnished the commissioner of Indian affairs.

AMY PATRICK, BUCK DANCER WITH RUSSELL MINSTREL MAIDS

Opening at Grand Theatre today.

GOING TO WAR IS RECREATION

Iowa Professor of Psychology Has Some Funny Ideas of What Play Is

Iowa City, Ia., Mar. 1.—Man's play, his laughter, his profanity, his use of alcohol and his going to war are all forms of relaxation from the tension of modern civilization, according to an article written by Dr. G. T. W. Patrick, professor of psychology at the University of Iowa, and just published by the university. "All appear as forms of relaxation, some helpful, others abnormal and brutalizing," says the article. "Modern life is a kind of social skyscraper. The minds of the individuals who constitute society are under too much tension. A collapse necessarily follows. In our social life these collapses appear as reactions or reverses, sometimes cataclysmic, as in the case of the war in Europe. Some times sporadic, as in the dancing and amusement crazes in America. "When this everlasting urge of progress is excessive, there is a constant subconscious rebellion against it and a constant disposition to escape from it—a return to nature, as to speak. "Sudden momentary and unexpected release from this tension, with instinctive reinstatement of primitive forms of expression is laughter. Daily or periodic systematic return to primitive forms of activity is sport or play. War is a violent social reversion to elemental and natural intertribal relations. Profanity is a resort to primitive forms of vocal expression to relieve a situation which threatens well-being. Alcohol is an artificial means of relieving mental tension by the narcotizing of the higher brain centers." Dr. Patrick concludes that America needs relaxation of the better kind and conservation of vitality, saying: "What we have to expect, and what is now going on, is the silent displacement of the highly civilized races by the more sturdy and less civilized ones, a change which will be no less certain, although it may be less spectacular, than the one which destroyed Imperial Rome."

TRAINING CAMP STARTS MUTINY

Honolulu, March 1.—More than 15,000 British soldiers in a training camp in Sidney, Australia, mutinied February 15, according to word brought here today by the liner, Sonoma, and before order was restored one soldier was killed and six were injured. Incidental to the riot, an at-

INDIANS HOLD TRIBAL MEETING

Fort Yates, N. D., March 1.—The regular quarterly meeting of the Standing Rock Indian tribal council for North and South Dakota was held Tuesday, February 15, at the Indian court rooms at Fort Yates, with 12 out of a total of 20 delegates present. Not much business was taken up except the adoption of the following resolutions: That the Council favor the buying of mares for issue to Indians becoming 18 years of age this spring, from among Indian farmers on the reservation in open market, instead of from outsiders, as has been the custom in former years. NEW HERBAL BALM ACTS THREE TIMES ON SKIN-DISEASE

It stops all itching and pain the instant it is smoothed over the diseased flesh. It acts like a poultice, drawing out all poison, healing and cleansing sores, scales, eruptions. The rich herbal essences in DEXMA sink deep into the tissues and start new, sound flesh growing from underneath. DEXMA is rescuing hundreds from flesh-eating diseases. Why not you? It is nature's way. We are the only druggists in this city from whom DEXMA, the great herbal skin balm, can be secured. Ask us today.—Jos. Ereslow, Druggist.

VICE CRUSADE IN MINNEAPOLIS

Minneapolis, March 1.—Another investigation of vice conditions in Minneapolis was decided upon today, after officials of the county attorney's office had questioned a fifteen year old girl, for some time missing from her home, who told of being lured away by an unknown man, and forced into a life of shame. Two women are being held in connection with the case, and other arrests are expected. Club women and welfare workers are investigating a chain of questionable hotels, and will present the evidence gathered to the grand jury.

AMERICANS FACE FIRING SQUAD

El Paso, Tex., March 1.—Passengers arriving on the first train to reach Juarez directly from Mexico City in several months reported today that Carranza soldiers under General Luis Outierrez, the new military commander of Chihuahua state, had killed a Chinese hotel keeper at Jiniez, and threatened to execute five Americans. The latter, it was declared, had been placed against an adobe wall and were facing a firing squad when an order for their release came. Carranza officials here announced the report was a fabrication.

GRONNA SUBMITS NAVAL APPOINTMENTS

Washington, March 1.—Senator Gronna has submitted nominations to Secretary Daniels for midshipmen at the Annapolis naval academy. The principal candidate for the first place is Eugene W. Hurley of Mandan, and the alternates are Harold A. Hill of Dickinson, Arnold B. Flow of Bismarck and Charles H. Francis of Minot. The principal candidate for the second place is Adolph Hege of Hatton, and the alternates are Willard L. Isaacs of Buchanan and Abraham Langoski of Minot.

LADD SAYS FUTURE OF SCHOOL BRIGHT

Fargo, N. D., March 1.—Dr. Ladd, president of the Agricultural college, upon assuming direction of the school issued the following statement: "I still remain as head of the department of chemistry and food commission, but for the present shall devote my energies largely to developing the work in the college, leaving the detail routine work now fully to my associates." Dr. Ladd said there lies before the officers of the school a "splendid opportunity for constructive work, a bigger and better Agricultural college, and with all forces united, there should be nothing to longer dishearten the splendid corps of workers who have labored so faithfully in the years past to lay the foundation for a great educational institution."

THE BATTLE CRY OF PEACE. An inspired revelation written by J. Stuart Brackten, shows America's defenselessness. You see the most beautiful sky line in the world in flames. The metropolis of the western hemisphere devastated. The fall of New York. The enemy approaching. The defeat of the meager American forces. The landing of the invaders. Our forts destroyed. Our fleet beaten in battle. But, With it all is a heart interest drama so vivid, so real, so touching that it makes a lump rise in your throat and makes your heart pulsate faster. This is THE BATTLE CRY OF PEACE. Bismarck and Orpheum Theatres. March 16, 17, 18. VITAGRAPH BLUE RIBBON FEATURE.

Valuable Health Hints For Our Readers

CATARRH. Just because you hawk and spit and your nose is wet, cold, red, sore and a nuisance, don't merely plug it up. You can't cure catarrh by greasing your nose. Take S. S. S. regularly and you will drive catarrhal poisons out of your blood. The membranes will soon recover and no longer continue to accumulate the mucous that gathers and thickens into catarrh. S. S. S. stimulates the cells of the tissues to select from the blood their own essential nutrients. Rapid recovery from catarrhal infections in the stomach, kidney, bladder and all membranes is the result.

MALARIA. Throughout the country, wherever malaria abounds, are happy, joyful people to whom S. S. S. has given wonderful help in the treatment of malaria after the most sickening torture imaginable. The gaunt complexion of malaria's victims, the chills and fever, the malarial dysentery that seems to defy all other treatment, the malarial leg, the enlarged liver, the persistent anemia where the blood turns to water and the system wastes away. These are the conditions that S. S. S. so effectively assists in overcoming, by helping to restore the blood to its natural vigor.

STUBBORN SORES. Sometimes a sore spot becomes indolent. The tissues surrounding it lose tone and are unable to provide sufficient nutrition to stop the drain. It is then chronic. Just saturate your blood with S. S. S. This is quickly accomplished, as S. S. S. is naturally assimilated, the same as milk or any other healthful liquid. Nature acts with marvelous rapidity when given the proper assistance, and S. S. S. so stimulates cellular activity that the parts surrounding an ulcer select from the blood the materials that make new tissue. Thus the sore spot rapidly heals in a natural way.

Local applications for any skin disease will afford protection from with-

POISONED BLOOD.

So many different things contribute to poison the blood and the effect is so startling that the sufferer becomes panic-stricken and is led to use harmful drugs. If you have any blood trouble, get a bottle of S. S. S. and take according to directions. Don't take anything else. Poisoned blood is bad enough without ruining your bones, joints, teeth and vital organs with minerals. S. S. S. so stimulates cellular activity that they reject all those materials in the blood that make healthy tissue. This is why its assistance toward recovery is so noticeable and at times remarkable.

RHEUMATISM. In any form of rheumatism give the blood a good effectual cleansing with S. S. S. Use this remedy for three days and take a hot salt water bath to open the pores. This relieves the lungs and kidneys and assists S. S. S. to utilize the skin as the principal avenue of elimination. Avoid salts, calomel and other drastic purgatives, as they absorb the moisture from the walls and membranes of the intestines, weaken the muscular action, produce chronic constipation and thus stagnate the system with rheumatic poisons. Get a bottle of S. S. S. at any drug store. Don't take a substitute. S. S. S. is purely vegetable and is prepared only by the Swift Specific Co., 271 Swift Bldg., Atlanta, Ga. Write for special booklet on any of the diseases mentioned and if medical advice is wanted, write for that also to address given above. Both booklet and medical advice are free.

WOUND HEALING.

Wound healing is a slow process, but S. S. S. stimulates the cells of the tissues to select from the blood their own essential nutrients. Rapid recovery from wound infections in the stomach, kidney, bladder and all membranes is the result.

Local applications for any skin disease will afford protection from with-

2-IN-1 SHOE POLISHES. Contain no acid and thus keep the leather soft, protecting it against cracking. They combine liquid and paste in a paste form and require only half the effort for a brilliant lasting shine. Easy to use for all the family—children and adults.
