KEEP LOOKING YOUNG

It's Easy - If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

LARGE CHOIR GIVES SPLENDID PRESENTATION OF ORATORY IN CHURCH

Over 600 People Filled McCabe Church Last Night to Hear "Crucifixion."

Seldom have the people of the capital city been privileged to listen to a finer musical event given by local talent than last evening, when St. Andrew's "Crucifixion" was presented by a choir of forty voices under the direction of Conrad B. Taylor, in the McCabe Methodist Episcopal church.

W. L. Miller, tenor, and George Humphreys, bass, were the soloists, and to these artists much of the success of the production is due. Mr. Miller and Mr. Humphreys were at their best and each gave a most artistic interpretation to the solo parts.

The story of the "Crucifixion" is mostly narrated throughout the score by the solo numbers and was easily followed by the auditors. The oratory was interspersed by several hymns, one of which was effectively sung by the Bismarck Male Quartet, composed of Miller, Halvorson, Arnot and Humphreys.

An especially fine feature of the presentation was the singing of the chorus. This part of the program was given without the slightest hitch and was noted for the perfect blending and harmony of the voices. Many of the best singers of the city made up the chorus. Miss Mabel Wright gave fine support to the singers by her wonderful work at the piano.

The oratory was preceded by a short address by Dr. W. J. Hutcheson, pastor of the church, who spoke briefly of the achievements of the composer and the story of the "Crucifixion."

One of the largest crowds to attend a musical in the city was present. Fully 600 people attended and the auditorium and Sunday school rooms were taxed to their capacity, and many were forced to stand. A silver offering was lifted and will be used to carry on the work of the choir.

Members of the local Tancred Commandery No. 1 are making extensive plans for their annual Easter services which will be held Sunday afternoon in Masonic temple. Dr. W. J. Hutcheson of the McCabe Methodist Episcopal church, and the grand prelate of the order, will make the address. Dr. Hutcheson, since coming to the capital city, has made a wide circle of friends outside of his congregation. The services will be both interesting and impressive.

An interesting musical program will be featured with Mrs. John A. Graham and Mrs. H. H. Steele, soprano soloists. Miss Mabel Wright will be at the piano.

The commandery extends a general invitation to the public to attend.

DISTRICT COURT NEWS. Two cases from Sheridan county were tried before Judge W. L. Nussle in district court Thursday. The case of Henry Morris vs. W. H. Allis was an action to compel defendant to perform a contractual agreement. The case of Henry Westburk vs. Thomas Rice, was an action to cancel a mortgage. The court heard testimony in each case, but has deferred the decision until a later date. In the breach of promise case brought by Anna Knudson against Henry Nieman, the court awarded the plaintiff \$500. Both the parties are from Burleigh county.

OUT FOR SENATE. Beach, N. D., April 21.—R. J. List of Scranton has announced himself as a candidate for the republican nomination for state senator from this

district, and a lively race is looked for between him and Guy Lee of Sentinel Butte, to represent the republican party in the fall elections for this office.

SETTLED OLD CLAIMS. The Logan county commissioners have this week accepted the sum of \$750 in full settlement of the old tax claims against the lots of the original plat of Napoleon. There are 710 lots upon which taxes have not been paid for 18 years, and as the same were bid in by the county several years ago and have since been off the assessment list, hence the county has realized no revenue since the date of

the last compromise in 188, when the commissioners accepted a sum equal to the law taxes on an adjoining quarter section, plus 50 per cent.

LOST HIS HORSE Hans Peterson of near Abercrombie had a narrow escape from death while driving home from Galchutt. He had crossed the bridge over the Wild Rice, which was covered several feet with water, and while on the grade down from the bridge the current of water was so strong that it carried the horse off the grade. The horse was drowned, but the driver managed to get it cut loose from the buggy and it was carried down stream.

Quality First

She's active, lacks "nerves," and very modern—the 3400 r. p. m. Chalmers

She's active, full of life, lacks "nerves," and delivers a terrific wallop with only the slightest effort.

I mean by that a power-wallop. Because she turns up 3400 revolutions per minute. Her crank shaft speed surpasses that of any other American car.

Though there are three built in the U. S. A. that get a bit beyond 3100 r. p. m.

It's like an electric fan, which turns up 4000 r. p. m., or a turbine which does around 4300.

Of course, the Chalmers engine doesn't hit 3400 all the time. 3400 is the maximum. When the car is running 5 miles an hour she turns up 250 r. p. m.

At 10 miles an hour she does 500 r. p. m. At 15 she does 750. At 20, 1000. At 30, 1500.

So you see the engine isn't hitting the highest speed at the slower car speeds—those speeds you drive 90 per cent of the time.

In a way it's like horse-power. You say the horse-power of your car is 40. You mean by that the maximum is 40.

Yet at 10 miles an hour you are using probably less than 10 h. p. While at 20 miles an hour you are using about 17 or 18 h. p. And so on.

3400 r. p. m. is just another way of stating horse-power. It's the modern way. Because it shows power through supreme engine speed and not through large bore and stroke, which means a brute of an engine, and hence a vehicle of great weight.

The day of such a car has gone by. You and I want a light, spunky beast that responds to the slightest touch of the accelerator, that pulverizes hills, that drives straight as a sunbeam, that has the lure in her lines, and obeys.

That's the 3400 r. p. m. Chalmers. I've never had any person buy one and tell me she wasn't there. For she is—100 per cent.

Run in and I will show you a car that has doubled my business.

Ask me about our service inspection coupons. They are negotiable with all Chalmers dealers everywhere. This system is a most important consideration in buying your car.
