

### Didn't Expect To Live

In a letter to the Pinus laboratories, Mrs. G. O. Walker, of Walker, Lane County, Oregon, writes:

"I have been taking Fruitola and it has been a great relief. I suffered so with gall-stones my family and friends didn't expect me to live."

Fruitola is a powerful intestinal lubricant and softens the hardened particles that cause so much suffering, expelling the congested waste in an easy, natural manner, to the sufferer's great relief. A single dose is usually sufficient to clearly indicate its efficacy. To build up and restore the weakened, run-down system, Traxo is highly recommended as a tonic alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Bismarck they can be obtained at Cowan's Drug Store.

### BORTHOLD MAN UNDER ARREST

#### Has Been Annexing the Property of Others Without Their Consent.

Minot, May 18.—Horace Randall of Borthold was arrested yesterday on a warrant charging him with grand larceny. He is specifically charged with having stolen considerable quantities of goods from Great Northern express cars and also with stealing quantities of goods from the merchants of the city.

A suit of clothes stolen from a merchant last November was found in his possession at the time of his arrest. Several other articles were found which were identified as stolen property.

He will be given a preliminary hearing late this afternoon and as he practically confessed to having committed the crime charged, it is likely that he will enter a plea of guilty and be sent to the state penitentiary.

The people of Borthold are opposed to any suspended sentence in his case as he seems to be an habitual violator of the rights of other people's property.

Columbus, N. M., May 18.—A number of New Mexico National Guardsmen were brought back to camp here today under guard after having crossed the American border patrol at The Gate, three miles south as well as some alarm. Two patrol forces mounted and stopped the Guardsmen just as they unknowingly crossed the

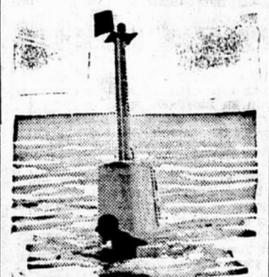

border. The militiamen were released after explanations at the base camp.
