D., the Penitentiary at Bismarck, N. D., the Hospital for the Insane at Jamestown, N. D., the Institution for Feeble Minded at Grafton, N. D., the School for the Blind at Bathgate, N. D., the School for the Deaf at Devils Lake, N. D., the Tuberculosis Sanatorium at Dunseith, N. D., and the State Capitol Building at Bismarck, N. D., until 2 o'clock p. m., on June 30, 1916, for furnishing coal for one or more of all institutions named for the term ending June 30, 1917. Bids are requested on each grade of coal as designated, and the right is reserved to accept the bid on any of these grades, in part or in full.
The coal must be of the best quality for steam or heating purposes and delivered at the institutions named free from all charges for freight and switching, where there is a switch to the institution, where there is not a switch at the most convenient point for unloading, the location in all cases at which cars are to be placed to be named by the Superintendent of the Institution.
All coal must be delivered as ordered, in sufficient quantity to supply the wants of the institution, and a reserve supply of coal, sufficient to meet the requirements of each institution for a period of not less than three weeks, shall be provided at all times. Railway Company's weights at points nearest each institution will govern.
The quantity of coal on which bids are asked may be increased or diminished at the will of the Superintendent and the Board reserves the right, at any time, to change the grade of coal by paying the price stated in the bid for the grade used.
Bids for coal are requested for the different grades, the several chief executives of the respective institutions to order the grade desired.
Each bidder must specify the mine or mines the coal he proposes to furnish comes from and must furnish an analysis of every grade of coal on which a bid is submitted, showing per cent of moisture, per cent of volatile matter, per cent of fixed carbon, per cent of sulphur, per cent of ash, per cent of cinders, and also state its calorific value in B. T. U.
The right is reserved to reject any or all proposals and a sufficient bond will be required from all successful bidders to insure the faithful performance of the contract.
Specifications of the kind and quantity of coal will be furnished by this Board on application.
Payment will be made each month by check drawn by the Treasurer of the State for the coal furnished for the preceding month.
Approximate amount of coal wanted at each institution is as follows: Reform School at Mandan, 1700 tons; Penitentiary at Bismarck, 12,000 tons; Deaf School at Devils Lake, 1400 tons; Institution for Feeble Minded at Grafton, 3,000 tons; School for the Blind at Bathgate, 500 tons; Hospital for the Insane at Jamestown, 12,000 tons; Tuberculosis Sanatorium at Dunseith, 1,000 tons; and the State Capitol at Bismarck, 1,800 tons. Specifications will be furnished on application by this office.
Envelopes must be endorsed "Proposals for Coal" and addressed to the undersigned, Bismarck, N. D.
ERNEST G. WANNER,
Secretary of Board of Control of State Institutions.
Dated at Bismarck, N. D., June 5, 1916.
