Recommends That All the Parochial Schools Be Encouraged.

Fargo, N. D., June 17.—Rev. H. C. Holm, chairman of the jubilee fund committee of the conference of the United Lutheran church reported that funds aggregating \$81,358 have been raised during the year, increasing that fund to \$675,615.45. Of that sum over a half million dollars has been paid in cash.

The following elections took place today: Board of trustees, E. B. Steensland, alternate, F. J. Vea; Hon. Ole Nelson, alternate, P. Floan; Rev. C. J. M. Gronlid, alternate Rev. H. Valdahl. Directors of the Deaconess Home, Chicago; Rev. N. J. Lockrem, O. Shefveld and Haakon Thopson. Board of regents, Dr. J. E. Granrud, alternate, Julius Hopperstad.

It was decided to recommend to all congregations where there was no opportunity to conduct parochial school the entire week that parochial school be conducted every Saturday. All congregations are urged to impress upon parents that children should be brought along to the regular church services and not merely to Sunday school.

In accordance with the committee on home missions it was urged that the home missionary activities be extended to include more fields. Sunday afternoon a service will be conducted at which the missionaries who have returned on furlough from China and Madagascar will be given a welcome and those who are just leaving for foreign fields will be given a parting blessing.

It's Rented.

In a particularly desolate region of the country, two travelers came on a tumble-down shack in the midst of filth and barrenness. They were discussing the improbability of human beings living there and did not see a forlorn little boy sitting in the edge of the weeds. He arose with a proud flush on his face. "Ye needn't make fun of it. 'Tain't ourn. It's jest rented!"

LIVESTOCK SHOW WILL SET NEW RECORD FOR STATE

State Fair at Fargo July 17 to 22 Inclusive Will Take Care of Important Feature Better Than Ever.

Every person who is interested in livestock, no matter what class should be present at the North Dakota State Fair of 1916 to be held at Fargo July 17-22, for from present indications this department of the big show will be the greatest ever shown in the state. The fair officials appreciating the fact that North Dakota is rapidly forging to the front among other states of the union along the lines of livestock breeding, have provided an offering of nearly twenty thousand dollars in premiums for this division of the fair alone. In the cattle department, nine thousand dollars has been allotted and the balance of the stupendous offering will be proportioned to the horse, swine, sheep and poultry divisions. Great interest has been aroused among the state's breeders for never in the history of North Dakota has the response been so favorable nor have a stronger or classier exhibits been prepared for showing. This gives a wonderful opportunity to prospective buyers who wish to place pure bred animals on their farms for by a short trip to the state fair they may come in contact with the greatest herds and breeders in America. In anticipation of the mammoth showing, the management are at present building additions to two of their barns in order to properly house the exhibits and take care of the exhibitors in the best possible manner. This outlay of several thousand dollars goes to further show the determination of the fair association to co-operate with this industry in a substantial manner and to make the 1916 exposition absolutely the best that money and effort can produce. The dates are July 17-22 inclusive.

CHANDLER SIX \$1295

Why Multiplied Thousands Choose the Chandler

NOTHING has been added to the price and nothing taken from the car to compensate for the higher production costs of the Chandler Six.

Before the prices asked for other cars were *marked up*, Chandler was the first choice of thousands of careful buyers. It is not to be wondered at, therefore, that with distinct price advantage added to distinct mechanical superiority, the Chandler is first choice today of *multiplied* thousands.

Chandler sales for the year 1916 are setting a *new big record* for high grade sixes.

In the midst of extravagant claims for new and uncertain theories, the Chandler Motor, refined and perfected through three years of development, remains free from any hint of experimentation. And Chandler bodies are the most beautiful of the year.
