

BOOSTER TRIP TO MOTT IS A GREAT SUCCESS

Junketers Have Pleasant Trip and Are Given Cordial Reception.

LOCAL BAND MAKES A DECIDED HIT

Hettinger County Folks Prove Great Entertainers and Many Friends Are Made.

By a Staff Correspondent.
Mott, July 28.—On schedule time, the Northern Pacific special carrying over one hundred boosters from Bismarck and towns enroute, rolled into Mott, and the junketers immediately piled out and proceeded to give the lively little town in Hettinger county the "once over."

The trade extension tourists were given a rousing reception by throngs of prominent business men, ladies and children, who were on hand to demonstrate their hospitality and to show the Capital City folks and their friends picked up on the journey the important sights and places of interest in and about Mott.

The crack musicians, who entertained the excursionists with rousing marches and "ditties" while enroute from Bismarck to Mott, were in their glory and demonstrated their ability to provide music par-excellence by playing several stirring marches and leading the procession from the depot through the main street.

Practically every man, woman and child was on hand at "The Spot" diamond to witness the snappy exhibition of baseball staged between Bismarck and Mott and immediately after the ball game the tourists were taken around to renew acquaintances, make more friends, and given to understand that Mott was in their hands for the occasion. The keys of the city were turned over to the invaders and to say that everyone enjoyed the visit in the Hettinger county town would be putting it mildly.

After a pleasant visit, warning whistles from the special announced that it was time for the return journey. Goodbyes were in order and the junketers pulled out with a feeling that they had had the time of their lives; enjoyed themselves to the full; left behind them many good friends and a general feeling of good fellowship.

SEVENTY-FIVE BOOSTERS MAKE START TO MOTT

En Route, Bismarck to Mott, July 28.—Seventy-five good Bismarck citizens this morning obeyed the commercial club's injunction to "Make Mott the Spot for You," and shortly after 7 o'clock, steamed out of the Capital City for the second big "get acquainted tour" of the season.

The Bismarck Booster Band, especially organized for this tour, favored Bismarck with an early morning concert, which left no question as to the quality of music which was to be provided for the day. Manager Kirk and his pill-busters showed up early; the dinner was placed in commission at 7 sharp, and everybody was happy when Conductor Hayes gave the high sign.

A stop of fifteen minutes was made at Mandan, where several rousing marches were played. A number of Morton county set folk joined the tour at this point. At Fort Rice several business-men came aboard and there were further substantial increases at Solen and Timmer. It is probable that at least 150 people will be with the sociability tourists when they reach the terminus.

Officials Aboard.
C. A. Mathews, assistant general passenger agent, from St. Paul, and Billy Kraft, traveling freight agent out of Mandan, are doing the honors for the Northern Pacific. Business car No. 11 is really a commodious observation car, with a half-dozen state-rooms and comfortable accommodations for twenty or thirty guests. Lemonade has been on tap throughout the morning, and there has been an abundance of takers.

While crop talk has been tabooed on the junket, there is no reason to believe that any of the country through which the train sped this morning is going to the demitition bow-wow. It is rather dry in spots but the farmers expect fair crops, and are prepared to get into the fields next week. No hail damage has been reported at any point to date.

Band A Great Success.
The most important figure on the trip is Master Archie McPhee, the diminutive drum major who leads the booster band. Master Archie has his organization well in hand, and when he marches down the street in his chic uniform of white and blue, beating time with his Bismarck baton, he never fails to get a hand.

Incidentally, the brass quartette, composed of Messrs. Humphreys, Harmon, Halvorsen and Peck, has

WILL "DEUTSCHLAND" GET OUT?

GERMAN SUBMARINE FACES GREATER OBSTACLES THAN ON TRIP TO UNITED STATES; VOYAGE WAS SECRET THEN; NOW "WATCH DOGS" OF THE BRITISH NAVY ARE LAYING IN WAIT.

Baltimore, Md., July 27.—Will the German super submarine Deutschland ever reach Bremen again? English sporting men in New York are betting 50 to 1 she won't!

Alfred Lohman, president of the company owning the submersible, says he is willing to accept those odds that she will! Twenty-nine members of the German undersea merchantman are praying that Lohman will win if he makes the bet.

Millions of people throughout the world are speculating on the Deutschland's chances of evading the allies' blockade.

These are the obstacles in the Deutschland's path and against her chances for a safe return to German waters.

The Deutschland, to leave Chesapeake bay, must traverse an extraordinarily narrow channel. When the dash is made for the open sea, with periscope submerged, as it may have to be, the undersea craft must have at least 35 feet of water in which to travel without being observed from the surface.

There is only one channel out of Chesapeake bay that has that depth and this channel is only one and three-quarter miles wide. It is at the southern entrance to the bay, directly off Cape Henry.

Just outside the channel is the three-mile limit where allied warships, destroyers and motor patrols are reported waiting to pounce upon and destroy the German merchantman.

Mines and nets are said to have been placed outside the three-mile limit where the allies believe they will do the most good.

Capt. Paul Koenig of the subma-

WILL RAISE BIG FUND FOR FIRST AUTO AMBULANCE

Newspapers of State Unite in Extensive Immediate Subscription Campaign.

DUMMER OF BISMARCK BACKER OF MOVE

Every daily newspaper in the state will be enlisted in the big campaign, receiving funds.

The machine, fully equipped, will cost \$2,700.

All of the money received in addition to the required amount will be sent to the border for hospital inmates.

E. H. Dummer and others of Bismarck have initiated a movement to raise a fund of \$2,700 for the purchase of a fully equipped motor ambulance for the Hospital Corps of the First North Dakota regiment at the border.

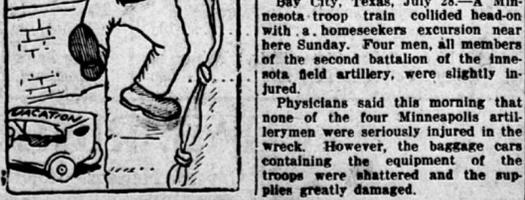

The Bismarck Tribune will receive donations for the Capital City. Newspapers in the other cities of the state will receive the money given in their respective cities.

Mr. Dummer received a telegram July 27 from Dr. F. W. McLachlan, captain of the hospital corps of the regiment, from Mercedes, as follows: "Every regiment except North Dakota has a motor ambulance. Do you want to help us. Am sending night letter to the Bismarck Tribune."

The campaign will be started at once. One donation of \$25 and many (Continued on Page Two)

"THE JAIL DELIVERY"

RUSSIANS MAKE TELLING GAINS; CAPTURE BRODY

First Austro-German Line Is Broken by Strong Russian Advance

9,000 PRISONERS AND 46 GUNS CAPTURED

Gain Is Important for Czar's Men; Opens Way to Galician Capital.

London, July 28.—Driving forward at two points, less than sixty miles apart, Russian forces have captured Brody, in Galicia, and have broken the Austro-German first line west of Lutsk in Volhynia, according to the latest Russian official communication.

In addition, the Russians have taken 9,000 prisoners and 46 guns.

Vienna admits the penetration of the Austrian lines on the Brody-Lesnow road, and says the Austrians are continuing the battle on the southern border of Brody.

The capture of Brody, an important railway junction, some 50 miles northeast of Lemberg, opens a direct road to the Galician capital. The occupation of the town also may have the effect of causing the entire Austrian line southward toward Tomopol and Bucacz, which has been held tenaciously, in the face of the Russian attacks, to fall back.

The success in Volhynia, while also a menace to Lemberg, should General von Linsingen be unable to withstand the Russian attack, which Petrograd reports is continuing, threatens the stronghold of Valdir-Volynski and make more insecure the Austro-German hold on Kovel.

British troops of the Somme, in France, have been in security since the capture of the German strongholds of the Somme. Their march toward Bapaume also has been aided by the recapture of the Deville wood, which was captured July 15, and surrendered a few days later in the face of German attacks. Fighting continues in the vicinity of Pozieres.

On the fronts held by the French, no fighting in the Somme is reported by Paris. In the Vosges, however, the Germans have attempted to break the French lines. In one attack, south of Sainte Marie Pass, the Germans gained a foothold in French positions, but were driven out, Paris says.

A second attack was broken up. The French have made some progress to the west of Thiaumont works, on the right bank of the Meuse.

British Vessels Reported Sunk.
In a naval battle between several German submarines and the British patrol boats, off Scotland, Berlin reports sinking of one British vessel. It adds that the other two patrol boats are supposed to have been sunk.

London says that in a raid by a German submarine on a fleet of British fishing vessels, eight of the vessels were sunk.

TUG CREW ON HAND TO TOW SUBMARINE

Capt. Koenig Holds Conference With Officers; Deutschland Ready to Go.

Baltimore, Md., July 28.—An extra crew today went aboard the tug, Thomas F. Timmins, which is to tow the submarine, Deutschland, to the Cape. Afterward a conference was held on the tug by Captain Paul Koenig, the Deutschland's commander; Captain Frederick Hinrich, of the North German-Lloyd steamer, Neckar, and Captain S. Cullison of the tugboat.

A pilot was reported to have arrived at the Deutschland's pier about the time the extra men went on the Timmins, but officers of the Maryland Pilots' association said "no pilots had been supplied to the submarine boat as yet," and none so far had been requisitioned.

BANK ROBBERS CAPTURED BUT KILL TWO MEN

Desperadoes Get \$1,200 From Nebraska State Bank; Caught by a Posse.

CASHIER LOCKED IN VAULT BUT ESCAPES

Sheriff McDaniels and Officers Act Quickly and Overtake Bank Thieves.

Sidney, Neb., July 28.—The Nebraska State bank at Sunol, near here, was robbed today of \$1,200 by two robbers, who locked Cashier W. C. Smith in the vault, and in making their escape killed Ira Pauf and Paul Vaick, who tried to capture them.

Later the robbers were captured by a posse, led by Sheriff McDaniels of Sidney. They gave the names of J. W. S. Parnell and I. G. Lucas.

According to the story told by Cashier Smith, the men entered the bank during the noon hour. One presented a draft on an Ohio bank and covered Smith with revolvers while he was scanning the paper. After taking all the currency in sight, the men chased Smith into the vault and closed the door, but failed to turn the bolt.

Cashier Gives Alarm.
As they left the bank and entered their automobile, Smith emerged from the vault and gave the alarm. An attempt to stop them caused a fusillade of shots in which Pauf and Vaick were killed.

In response to a telephone message, Sheriff McDaniels led a pursuit, which surrounded and captured the robbers about two miles from Sunol. Approximately \$1,200, found in their possession, was recovered.

LEADER OF MIDNIGHT TRENCH ATTACK

Gen. Birdwood is the commander of the Australian troops who rushed the German trenches at Pozieres in a midnight attack and gained a footing in the village.

SUSPENDS ORDER ISSUED TO U. S. POSTMASTERS

Washington, July 28.—Postmaster General Burleson today suspended an order of the war department, authorizing postmasters to collect checks on banks in small communities where there are no members of the federal reserve system.

The suspension of the order was at the suggestion of the federal reserve board.

WANT BLOODHOUNDS TO GET MURDERER OF GIRL
Fargo bloodhounds were sought by Moose Lake, Minn., officials last night, to aid in the chase for Jack Young, wanted for the murder at Moose Lake of Miss Josephine Michalski, a 20-year-old girl.

GREATEST MYSTERY TALES ARE ECLIPSED IN MURDER BY AIR!

ELIZABETH RATCLIFFE
Seventeen-year-old victim of the air murder. A case without parallel even in the rarest stories of fiction.

HOW AIR DEATH OCCURS

By Dr. R. H. Bishop.
Air bubbles act on the heart like a piece of waste on an automobile carburetor.

Once introduced into a large blood vein an air bubble is carried along by the blood stream and within three or four seconds reaches the coronary vessels which are to the heart what the carburetor is to the automobile.

The moment the air bubble reaches these vessels it blocks or cuts off the blood supply which keeps the heart pumping, just like a piece of waste would cut off the supply of gasoline to the carburetor.

The heart, which is the carburetor of the human machine, lacking fuel, "misses fire" and the human engine stops. Death is instantaneous and painless.

U. S. NOTE TO CARRANZA IS MADE PUBLIC

Official Communication Given Out By President Wilson May Patch Up Matters.

EXPECTED AGREEMENT WILL BE REACHED

U. S. Note Suggests Enlarging Powers of Commission to Aid All Concerned.

Washington, July 28.—General Carranza was informed tonight in a note handed to his ambassador here that the Washington government is prepared to submit to a joint international commission the task of seeking a solution of border problems.

The proposal of the de facto government for a commission is accepted, however, with the suggestion that the powers of the commission be enlarged beyond the limit in the Mexican note of July 12.

Agreement to this suggestion is expected and it was stated officially tonight that the American members would be appointed and the commission assembled at some point in the United States at an early date.

Following is the full text of Acting Secretary Polk's note as delivered to Emilio Arredondo, after it had been approved today by President Wilson and his cabinet:

"Sir: I have the honor to acknowledge the receipt of your communication of July 12 last, in which you transcribe a note addressed to me by the secretary of foreign relations of your government, and to request that you will be good enough to transmit to him the following reply:

"Mr. Secretary: I have the honor to acknowledge receipt of your excellency's note transmitted under date of July 12 by Emilio Arredondo, your government's confidential agent in Washington, informing me that your excellency has received instructions from the citizen first chief of the constitutional army, charged with the executive power of the Union to propose that each of our governments name three commissioners, who shall hold conferences at some place to be mutually agreed upon, and decide forthwith the question relating to the evacuation of the army forces now in Mexico, and to draw up and conclude a protocol or agreement regarding the reciprocal crossing of the frontier by the forces of both countries, also to determine the origin of the incursions to date, in order to fix the responsibility therefor, and definitely to settle the difficulties now pending or those which may arise between the two countries on account of the same or similar reason, all of which shall be subject to the approval of both governments.

Suggests Enlargement of Powers.
"In reply I have the honor to state that I have laid your excellency's note before the president and have received his instructions to inform your excellency that the government of the United States is disposed to accept the proposal of the Mexican government in the same spirit of frank cordiality in which it is made. This government believes, and suggests, however, that the powers of the proposed commission should be enlarged, so that if, happily, a solution satisfactory to both governments of the question set forth in your excellency's communication may be reached. The commission may also consider such other matters, the friendly arrangement of which would tend to improve the relations of the two countries, it being understood that such recommendations as the commission may make shall not be binding upon the respective governments until formally accepted by them.

Will Act Immediately.
"Should this proposal be accepted by your excellency's government, I have the honor to state that this government will proceed immediately to appoint its commissioners and fix, after consultation with your excellency's government, the time and place and other details of the proposed conferences.

"Accept, Mr. Secretary, the assurance of my highest consideration.
"FRANK POLK,
Acting Secretary of State."

FORMER VILLISTA GENERAL EXECUTED

Laredo, Tex., July 28.—Santiago Ramirez, a former governor of the Mexican state of Coahuila, and later a Villista general, was publicly executed on the plaza at Saltillo, Mex., Monday afternoon, according to news reaching Nuevo Laredo tonight from an authentic source. Ramirez, it was stated, had left Mexico with the dwindling of Villa's power, and had returned recently to offer his services to General Carranza when war between the United States and Mexico seemed imminent.

TO ATTEND CONVENTION.
George V. Cunningham, of Sixth street, state deputy of the Knights of Columbus, left Thursday night for Davenport, Ia., where he will attend the supreme convention of that organization.
