

SCOOP THE CUB ON HIS REPORTER VACATION

A Stalled Motor Boat Is a Nice Place to Be

Dear Boss - The bunch went out for a motor boat ride last night - They rate a motor boat engine by horse power - This is a mistake - a horse always has the most power going home - a motor boat engine has NO power going home - ours was a regular engine. There were seven of us - three couples and myself - so I was chosen to swim ashore and bring out a toe. This I did in the fastest time swim here yet this season - but it wasn't fast enough - as by the time I got back - all three couples were ready to announce their engagements - They seemed sore to think that I returned without a minister - Yours - Scoop -

Mandig Makes Course in Only 38; Breaks Links' Record

The first round of the state individual championship match took place yesterday on the local links and the third day of the second annual state tournament of the North Dakota Golf Association brought out some excellent playing on the part of all participants. Mandig of Dickinson broke all previous records yesterday, when playing Folsom of Bismarck, by completing the course in 38. Reuter of Dickinson, state champion, broke the former record for the local course on the opening day by registering 39, but his fellow player from the same town has now established a record that is likely to stand for some time. FARGO NOW HOLDS A SLIM LEAD IN RACE

Northern League Struggle Is a Hummer—Schedule Favors the Winnipeg Club

Fargo, N. D., Aug. 9.—Holding the lead by a margin of one full game over the Winnipeg club, the Fargo-Moorhead team, which a week ago took the leadership in the Northern league from the Maroons, has clung tenaciously to its advantage while both clubs battled on foreign grounds.

Schedule Favors Winnipeg

For the balance of the season the Winnipeg club has an advantage over the other clubs in the Northern league pennant fight, in that it plays constantly on its own grounds from now on.

Baseball Has Iron Men

Most of the iron usual in the dugout is found just above the neck. Bobby Veach of the Detroit Tigers is different from most ball players. He was hit on the head with a ball yesterday and it hurt.

It's Anybody's Fight

As yet it is anybody's fight, although fans generally anticipate that Winnipeg and Fargo-Moorhead will be the main flag contenders.

Manager Unglaub of the Fargo-Moorhead team has a trio of pitching stars in Bell, Boardman and Rook, while Winnipeg's star hurlers, Stevenson and Donovan, are depended upon to keep their club in front.

WELL KNOWN DAKOTAN DIES

Mitchell, S. D., Aug. 9.—Thomas J. Ball, postmaster of Mitchell, S. D., died yesterday in the postoffice. He was a pioneer resident and was well known in South Dakota.

One Minute Talks with Ballplayers

GEO. SISLER, ST. LOUIS BROWNS: "I took up professional baseball after receiving a diploma in mechanical engineering at the University of Michigan because the financial returns were there. A man starting in a profession finds it hard at first as money comes in slowly and there is much work and worry. "I intend to use the winter months to advantage, however, by keeping in touch with engineering. Baseball is a grand game and I want to get to the top if possible. At the present rate I think I can retire in 12 years with a fortune. "One thing: I will never play in the minors. As soon as I start to slow down, I will quit, and then see what I can do with mechanical engineering. HEINE GROH, CINCINNATI REDS: "I've seen freak plays galore on the ball field but don't recall any that equalled one I figured in several years ago. A ball was hit to my left and I rushed over to stab at it, but I'll be blamed if my spikes didn't catch in my glove as I went down after it, and rip the glove clean off. "When I straightened up and looked for the ball, there it was, still resting in the palm of the glove on the ground a few feet away. I told Frank Bancroft about it after the game and he gave me the laugh. He said I had no business playing baseball and suggested that I write it along with other fiction. "Harry Hooper, Boston Red Sox: "Where did I learn to throw? That's easy. I just naturally picked it up when I was a kid on my father's ranch in California. I was just like any other kid-wanted to throw stones and by constant practice, during my spare moments in the fields,

became a sort of dead-shot. Oftentimes I would get the range of a rabbit and bowl it over with a stone. "The training I got as a kid wasn't wasted either, for when I broke into baseball I could peg them as well as any of the fellows who had seen years of service. "A man doesn't have to be a giant to throw a baseball a great distance. If he doesn't try for grandstand pegs he should always keep his arm strong. "Al Mamaux, Pittsburg Pirates: "Smart oldtimers can always make it tough for youngsters just breaking in. I remember one day when I was the goat for a trick pulled by Roger Bresnahan, then with the Cubs. There were two out and Chicago runners on first and second bases. I was pitching and Bresnahan, who was coaching and talking real friendly-like to me, hailed me suddenly as the ball was returned to me. "Say, Al, toss me that ball. I want to look at it," said Roger. I didn't give a second thought but tossed it toward him and I'll be darned if he didn't step to one side and yell to the runners to beat it home. Each advanced a base and would have scored if Jimmy Viox hadn't run his head off to recover the ball. Believe me that one cured me!" Carrington: An inspector from the postoffice department at Washington will be here within a few days to go over the city in regard to the establishment of free city delivery of mail. Grand Forks: Throughout Grand Forks county and Western Polk county many farmers have commenced cutting their grain and many fields have already been shocked.
