Those new "Bran Foods"—a new one is born every week—a recognition of the need of food laxatives instead of drug laxatives.

The problem of presenting bran to the human stomach in combination with a nutritious, easily digested food was solved twenty years ago by the invention of Shredded Wheat Biscuit, the food that supplies all the body-building material in the whole wheat grain in a digestible form, combined with bran which is Nature's laxative. A body-building, strength-giving food. Serve with milk or cream or sliced peaches and cream or other fruits. Made at Niagara Falls, N. Y.

FIRST BAPTIST WILL OBSERVE RALLY DAY

Special music has been arranged. Rev. Bruce E. Jackson will speak at the morning services on "The Meaning of the Bible School." In the evening addresses will be given by Sunday school officials, with the installation of the new officers and teachers.

FASHION NOTES

Autumn materials are being displayed in new and interesting forms each day. The color is wonderful and the fabrics rich and beautiful. What ever of justification there may have been in the complaint of shortage here or in Europe there is no evidence to be found these days.

Coats vary in length from the short ones that extend to or a little below the waist to the three-quarter or even seven-eighths length, but there is a prevailing tendency toward the coats of one-half and five-eighths lengths that may be looked for to develop as the season advances.

Skirts are notably longer. Five or six inches from the ground is the

length talked by the leading importers and designers, and it is the length we all hope to see prevail. It means grace and dignity together with cleanliness, that practical condition which really is essential to the walking suit. For indoors the skirts clear the ground prettily and gracefully, but aggressive shortness has disappeared from the really smart models at least.

THINKING.

If you think you are beaten, you are. If you think you dare not, you don't. If you'd like to win, but think you can't, it's almost a cinch you won't.

If you think you'll lose, you're lost. For out of the world we find Success begins with a fellow's will—It's all in the state of mind.

If you think you're outclassed, you are. You've got to think high to rise. You've got to be sure of yourself before You can ever win a prize.

Life's battles don't always go To the stronger or faster man; But soon or late the man who wins Is the man who thinks he can.
