BISMARCK

"Rags," the current production of the Famous Players Film Co., starring the beloved Mary Pickford, and the chief feature on the Paramount Program now at the Bismarck Theatre, may be accurately termed one of her greatest characterizations. Written by Edith Barnard Delano, the famous novelist, and directed by James Kirkwood, "Rags" is one of the most powerful screen portrayals in which Miss Pickford has ever appeared.

Miss Pickford repeats in "Rags" the transcendent triumph she attained in "Tess of the Storm Country" and "The Dawn of a Tomorrow." Always inimitable, always human, lovable and impulsive, she makes the characterization of "Rags" a living, breathing incarnation of all that is sweet and tender. The dramatic situations are numerous and powerful, and the sacrifices, renunciation and ultimate triumph of the abused and oppressed title character are thrilling

in the extreme. "Rags" is a genuine Pickford classic. The feature will be shown tomorrow only.—Adv.
