FORMER BISMARCK PIANIST SCORES RECITAL TRIUMPH

Friends of Mrs. Marie Hughes Call, wife of Grant Call, a former Bismarck resident, but now of Great Falls, Mont., will be glad to learn of her great success when she appeared recently in recital in that city. The following is an account of the recital given by a Great Falls paper:

Why in the months she has been a resident of Great Falls, Marie Hughes Call has not made a public appearance before last night as a pianist is a mystery to which devotees of good music here are today endeavoring to find a key. Mrs. Call is a piano artist of unusual merit, for which she will find ample scope and opportunity in this locality.

Marie Hughes Call was presented under the direction of St. Margaret's chapter of the Church of the Incarnation at the piano room of the Hotel Rainbow last night. She gave a program which for meritorious performance has never been surpassed by lay or professional performer in Great Falls. Her every number was an artistic achievement in itself, and on this, the occasion of her initial appearance in public here, she scored an unbounded success and made a friend of every person who heard her. She performs in a finished and distinctive fashion and with a composure that pronounces her an accomplished musician.

The coming of Mrs. Call to this place undoubtedly opens a new musical era for Great Falls for in this pianist the home musical section has found a delightful and real recital performer. No longer must her light be hidden under a bushel, for having once tasted this good thing Great Falls devotees of musical art are not likely to be quickly satisfied and from time to time will demand more.

Mrs. Call made a good impression from the start, her selections to open the evening's program being of a moderate character. Brahms' Intermezzo and the Ballade by the same composer required a delicacy of touch and keenness of interpretation, to all of which the performer was fully equal. The Bach-Saint-Saens number, Bourree, was of a slightly heavier degree, and demanded a wider range of talent. This selection was given with the same amount of technic and finish that had marked their predecessors.

As the program proceeded the artist progressed in weight of compositions, concluding the evening with MacDowell's Concert Etude, which was given with brilliance and dash. The Pierrot Piece, in the concluding set, short though it was, was a dainty and short understandable little thing, but the "By the Seashore" number, composed by Smetana, undoubtedly caught the popular fancy of the audience most sharply. In this selection Mrs. Call won great favor and at the conclusion her recall was insisted upon.

Miss Gertrude Graves supplied two sets of vocal numbers and sang in her usual pleasing and polished manner. The audience was somewhat small-
