

STATE Y.M.C.A. TO HOLD CONFERENCE

Annual Event to Open in Jamestown During Latter Part of Week

The State Young Men's Christian association will hold its annual conference, for the older boys, in Jamestown, beginning Friday and lasting through Sunday. The conference will be organized and conducted by the boys of the state. They will have free and full discussion of the topics presented, also the papers and banquet addresses, which are assigned to the various cities. The subjects will be handled by representative boys and will be presented by them in their own way.

E. C. Wolcott, general secretary of the Young Men's Christian association of Sioux City, Ia., will be the leader and principal speaker at the conference. Other speakers will be Secretary A. B. Dale, C. F. Shields and Bruce E. Jackson of Bismarck. Mr. Wolcott will speak Saturday on "A Master Man's Task"; Sunday afternoon, on "The Battle of the Clean Heart," and at the banquet he will speak on "Making of a Man."

Mr. Wolcott is the originator and leader of the most successful high school club in Sioux City, through whose instrumentality personal standards have been decisively "revised upwards."

Delegates from the various Y. M. C. A.'s of the state and many of the high schools will attend. A delegation from the Capital City will accompany Mr. Jackson and will be entertained by the Jamestown Y. M. C. A. The Jamestown association will furnish entertainment for all delegates and is arranging a fine program of amusements. Delegates are requested to provide themselves with gym suits.

The keynote of the conference is to give consideration to standards of clean speech, clean sport and clean life as applied to boys of 15 to 21 years of age.

MOOSE LODGE CUSTODIAN IS HELD

Mandan, N. D., Nov. 22.—The hearing of William Coupland, well-known resident of Shields, is being held this afternoon before Judge H. L. Henke. Mr. Coupland is held by authorities to answer to the complaint of violating the state prohibition law. He has been custodian of the Moose lodge at Shields for some time and it was while taking care of these quarters that Coupland was arrested several weeks ago by Sheriff McDonald on complaint of State Attorney William Langer. His bonds were fixed for \$500 almost immediately after his arrest and he furnished them for his appearance in justice court today. Several witnesses have been subpoenaed and are here to

testify both for the defendant and the state. Sullivan & Sullivan are appearing for the defendant and State's Attorney Langer for the state. The hearing is being held in the offices of State's Attorney Langer.

CHESTER A CONGDEN OF DULUTH PASSES AWAY AT ST. PAUL

(United Press.) St. Paul, Minn., Nov. 22.—Chester A. Congden, 63, Duluth, died of heart trouble here. He was one of the best known business men on the iron range and a heavy holder of mine properties.

For years he served in both chambers of the Minnesota legislature and at one time was groomed to run as United States senator. Mr. Congden was a member of the National Republican committee from Minnesota.

WANTS ALL CHURCH MEMBERS TO BAN WINE FROM TABLE

(United Press.) Chicago, Nov. 22.—Bryan is trying to get the wealthy church members of Chicago to use grape juice on their tables instead of wine. He urges this as an example to others not so fortunately located, who urge that the saloon is the poor man's club while the rich have intoxicants in their homes.

The Commoner wants to eliminate this plea from the dry campaign that has been launched in Cook county, which has for its object the annexation of Chicago to dry territory by 1918.

LADD EXPERIMENTS OF MILLING WHEAT OF MILL WHEAT

Fargo, N. D., Nov. 22.—Basing his conclusions on a series of 36 milling tests conducted at the North Dakota experimental flour mill of the state college here, and upon an investigation of grain marketing at both the primary and terminal markets, Dr. E. F. Ladd, state pure food commissioner, issues a bulletin bearing the alleged exorbitant profits netted by grain handlers and milling interests on this year's production of low grade wheat.

President Ladd shows that the primary market grades are entirely different from the terminal grades; that Minnesota warehouse commission grain standards do not govern grain at the primary market, but that an arbitrary grade fixed by the Grain Bulletin of Minneapolis is maintained. These two standards make possible the taking of profits by the handlers.

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, which I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham, Medicine Co., confidential, Lynn, Mass.

RANG DINNER BELL TO ATTRACT CROWD TO HEAR SERMON

Rev. Plannette Recalls Time When He Gave First M. E. Sermon in Minot

(Tribune Special Service.) Minot, N. D., Nov. 22.—Rev. D. C. Plannette, who is temporarily filling the pulpit of the Vincent Methodist church, preached the first Methodist sermon ever delivered in the city of Minot. He does not remember exactly the time of the year, but it was in the fall of 1888. He reached the city on that day under direction of the Methodist conference.

Sermon Given in Hotel. There was no church and no congregation. The sermon was delivered in a hotel which was partially constructed, the joints being in place and temporarily covered so that the building could be used. It was located on the lower end of Main street near the Soap depot, but on the opposite side of the street.

Rang Dinner Bell for Crowd. Rev. Plannette secured the dinner bell of the hotel and standing on the street in front of the building proceeded to ring the bell to attract a crowd who were told as they arrived to pass inside the hotel where there would be something doing in a short time.

Roulette Proprietor Objects. The proprietor of a roulette house next door to the hotel came out and profanely demanded to know what the bell ringer meant by diverting the crowds from his place of business on Sunday. The proprietor was invited to hear the sermon and for some unexplained reason, he joined the hundred or more people who crowded into the hotel to listen to the preacher, and was the most liberal contributor to the collection which some of the church members who were present took up.

Was Presiding Elder. Rev. Plannette was the first presiding elder from this territory and pioneered in the work of the church in all sections of the state. He was later located at Grand Forks and served a full term in the administrative work of the Methodist church in this field.

Winter's Terrors Overcome

The healthy person enjoys cold weather. It is only when the circulation is poor, when the blood is thin and the system under its proper condition, that cold weather has its terror. Invigorate the body by restoring the circulation, throwing out the waste, and overcoming the stagnation of catarrh, and you will enjoy crisp weather.

Peruna Is Invigoration

It relieves the system of the handicap of inefficient digestion and hampered breathing by restoring the mucous surfaces that are used in these functions. It gives tone to the digestion, and it clears away all catarrhal inflammation. It builds up the strength by enabling the organs concerned to do their work properly. Its use in convalescence and in all weakened conditions is wonderfully helpful.

Will Never be Without This Simple Laxative

Dr. Caldwell's Syrup Pepsin Relieved Her Baby When Nothing Else Would.

Little Max Pendergrast is now four years old, and a fine, healthy boy. When but a tiny baby, in fact, almost from birth, he suffered a great deal from constipation. His mother, Mrs. Carl W. Pendergrast, Red Key, Ind., heard of Dr. Caldwell's Syrup Pepsin, obtained a bottle of it from the drug store, and with it was able to quickly correct this condition.

Mrs. Pendergrast says Dr. Caldwell's Syrup Pepsin has saved them from calling the doctor many times, and that she will never be without a bottle of it in the house to use when needed. She found it equally effective as a laxative for herself and other members of the family.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, pleasant to the taste, mild in action and positive in effect. It does not gripe or strain, and contains no opiate or narcotic drug. It is the ideal family laxative, mild and pleasant for baby, yet acting quickly on the strongest constitution.

To avoid imitations and ineffective substitutes be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a fac-simile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.
