Fruitola and Traxo Brought Relief After Doctor Said Nothing But Operation Would Help.

In the opinion of Mr. W. C. Dillehay, 513 Morton St., Nashville, Tenn., Fruitola and Traxo is the only successful remedy for gall stone trouble. In a letter to the Pinus Laboratories, Mr. Dillehay says: "After a leading Nashville physician had failed to relieve my wife, and we were told an operation was necessary, I heard of Fruitola and Traxo and we decided to at least give it a trial. I gave her this medicine as directed and after four doses she was relieved of nearly a quart of gall stones, conclusive evidence that an operation was by no means necessary."
