St. Paul 28
San Francisco 54
Williston 22
Winnipeg 16

ORRIS W. ROBERTS,
Meteorologist.

The greatest of faults is to be conscious of none.—Carlyle.

ST. PAUL WISE.

Merchants of St. Paul show wisdom in their co-operation with the farmers of the Northwest to create in that city an open market, uninfluenced by other than legitimate factors.

The farmers of the Northwest will gather December 5-6-7 to celebrate at St. Paul the opening of the terminal elevator, built largely with money subscribed by North Dakota farmers.

It is to be hoped that the venture will prove profitable. There is no reason why the farmers cannot conduct their business upon a co-operative plan. Honest, disinterested management is the prime requisite of success.

North Dakota farmers should support this terminal market conference.

A forecast of women's fashions notes that "modesty is to be displayed." What else was there left?

A ROAD TO THE RIVER.

With no bridge over the Missouri river, the best substitute is a good road with a suitable ferry operating between the Burleigh and Morton county lines.

Ferry service over the river this summer was inadequate, as well as irregular. No one can estimate the traffic routed over other automobile trails because ferry accommodations were so poor at Bismarck.

The conditions that obtain reflect seriously upon the civic enterprise of Bismarck. That business interests in Bismarck and Mandan have gotten together means that the deplorable situation is to be corrected.

All will admit that a bridge is the only suitable solution, but until such an improvement can be successfully launched the two cities must provide adequate ferry service and good approaches to the ferry wharves.

The city commission and the commercial clubs of the Missouri Twin Cities are to be congratulated upon this step. Let it be put through with despatch.

RUMANIA NEXT!

Only Russia can stem the relentless progress of the forces of Mackensen and Falkenhayn toward Bucharest. The Entente Powers are leaning on a broken reed when they pin their hopes on the Slavs. As yet the Great Bear has been nothing more than Napoleon said he was, several generations ago: "A huge colossus with clay feet."

That the Rumanians in conjunction with the Russians at this late hour can form an effective defensive few will contend.

The occupation of the Balkan state means that eventually the Central Powers can shift their lines from the Carpathians to the Black Sea, thus shortening them and placing the Germans in a much better position, strategically speaking. Such an arrangement will bring the Central Powers into closer military communication with their Balkan and Turkish allies.

Germany is resting on the west front, while the Balkan situation clears. Rumania becomes for awhile the cockpit of the great war. In addition to the strategic advantages of the occupation of Rumania, the food and oil stores will prove of immense value to the Central Powers.

Greece probably will receive attention as soon as Rumania is under control. Then the battle for the reconquest of Monastir will be resumed.

and a drive started toward Saloniki, a base which Germany covets.

The possession of Saloniki would give Germany a "window on the east." She has one now on the west in the possession of Belgium.

A great middle Europe has been Germany's dream ever since the German empire became united under the Iron Chancellor.

The subjugation of Rumania may be a step in that direction.

The report that Bryan would give up his Nebraska residence, it seems, was untrue. He is merely going to some other place to live.

INDIANS AS SECTION HANDS!

The Tribune was among the first to tell of the deeply significant northward moves of negro and Mexican labor; but it seems that in Pennsylvania not only Mexicans and negroes, but Indians, are being employed as section hands.

The following paragraphs are reproduced from a little weekly paper in northern Pennsylvania—the Slippery Rock Sun:

"The Pennsylvania railroad is trying to meet the labor situation by employing Cornplanter Indians from the reservation just over the New York state line.

"A carload of 25 were brought to Venango county a few days ago and put to work on a construction job.

"Recently a group of Mexicans went to work on the same job."

Slater, Mo., has a skunk ranch. We'll bet the chambers of commerce of rival towns aren't trying to lure this industry their way.

DICKINSON NORMAL.

The Fifteenth Legislative assembly will be asked to appropriate about \$250,000 to give the Dickinson Normal a start and to maintain it for the next two years. The sum requested is about the same as was appropriated for the Minot Normal, when that institution was established. The legislators should not hesitate to make this appropriation, as the people of North Dakota, by an overwhelming majority, have declared themselves in favor of proper educational facilities for the Slope.

There certainly can be no question as to the attitude of the Burleigh county delegation. Burleigh county voted almost four to one in favor of the Normal, returning a bigger proportionate majority for the school than any other county, east of the Missouri river. The exact figures, as returned by the official county canvassing board, are 1,818 for and 555 against. In Burleigh the vote on the Normal school ran even with that on the governorship, indicating a deep and general interest in the subject.

There was not a voter who did not regard the proposition worthy of consideration, and this in spite of a great multiplicity of amendments and referendums and a special local issue. Of 2,373 votes cast, only 555 were unfavorable to the proposal.

The Tribune has taken great pleasure in watching Dickinson's development the last few years. It has long regarded the Stark county seat as one of the North Dakota cities whose future is assured, and with the impetus which Dickinson will receive from the location there of a big Normal school, it may be expected to become more than over the pride of the Slope region.

Suva, Fiji Islands, cables that the island council has rushed through an amendment safeguarding the natives' land leases. This can have no connection with the coming visit of a celebrated American.

Triangular playing cars have been invented. What a blessing to the woman who never has learned to shuffle!

Three cheers for the chap who called Billy Sunday the Charlie Chaplin of the pulpit!

We understand, too, they've raised the price of Santa Claus whiskers.

The people who used to see sea serpents are now seeing U-boats.

DIVERSION OF INSURANCE FUND TO BE OPPOSED

(Continued from Page One)

of loss as small as possible. If this revenue is diverted to the state and the fire departments are deprived of this means of keeping their equipment up to standard, it will mean poorer protection and heavier losses for the insurance companies.

Higher Insurance Rates
"These small 'frame' towns already are taxed to the very limit for fire insurance," said a state official this morning. "If we go ahead and deprive them of such protection as they now have in volunteer fire departments, we may expect to see these rates made absolutely prohibitive. I do not feel that we can altogether blame the fire departments, when we consider the constant danger which these towns stand of being wiped out entirely."

Many Departments Affected
Should the firemen of North Dakota be deprived of this premium fund there would be affected 250 departments in 200 cities, towns and villages. Of the total number but two are full paid; two partially paid, and the remaining 246 are purely volunteer, with, possibly, a small fee for each fire covered.

Capitol News

PARDON BOARD IN SESSION TODAY TO HEAR MANY PLEAS

Scores of Prisoners Would Have Liberty as Most Desired Christmas Gift

Trusting that Santa Claus may drop a pardon into their Christmas stockings, scores of prisoners in the Bismarck penitentiary today are telling the North Dakota prison board why they should be restored to liberty. The prisoners appear through petitions and through their "next friends." Of the latter, there are dozens, states attorneys, sheriffs and others who were concerned in incarcerating the unfortunates and who are now interested in getting them out again, feeling they have had enough.

In addition to the prisoners, there are scores of pardoned convicts who will ask full pardon as a Christmas gift, and others, former convicts, who will petition for the restoration of full citizenship rights. The December session of the board always is a heavy one, but the grist of business for today sets a new high record.

DRISCOLL TO HAVE TELEPHONE COMPANY

Concern Will Build 75 Miles of Rural Line at Cost of \$4,875

The Driscoll Telephone Co., capitalized at \$10,000, has been granted a charter by Secretary of State Hall.

The company proposes to build lines from Driscoll to Long Lake, with branches east to Pleasant Hill township in Kidder county and west to Thelma township; to cover all of Driscoll and Clear Lake townships; all of Lein township, with branches west into the eastern part of Sterling and Christiania townships; and branches east into the western part of Excelsior township, Kidder county, a total construction of 75 miles, and to cost \$4,875.

Directors Named
The Driscoll Telephone Co. has named as its first board of directors: Erick Solberg, C. A. Swanson, T. E. Harriemann, H. E. Johns and H. A. Thomas, all of Driscoll. Those associated to form the co-operative association are E. A. Hull, J. E. Turney, the Driscoll State Bank, S. W. Morton, J. H. Berritte, F. C. Pope, E. J. Anderson, the Winner-Adams Co., O. B. Olson & Son, E. C. Ruble, M. B. Finseth, A. H. Melland, W. J. Winford, J. Kueck, H. C. Pederson, C. A. Swanson, the Equity Grain & Mercantile Co., C. J. Pederson, H. A. Ersland, Ole Sweeney, John Cowlishorp, A. P. Rosvold, John Mathieson, Peter Sandvig and Clifford Severson.

INCORPORATES TO SAVE SINNERS, SANCTIFY BELIEVERS IN HOLINESS

The conversion of sinners, the sanctification of believers, and the spreading of scriptural holiness as a second work of grace subsequent to regeneration as taught by the Methodist church, are the purposes for which the Red Lake Camp Meeting association of Burnstad has incorporated as a co-operative organization under the laws of North Dakota.

C. L. Smith, E. A. Savelly and Ralph Hofting of Burnstad, C. H. Jones and G. F. Meier of Kintyre and Louis Davies of Napoleon, are the incorporators.

FORMER BANK EXAMINER SUMMONED AT JAMESTOWN

Word reached the capital this week of the death at Jamestown of R. E. Wallace, bank examiner under Governor Briggs and well and favorably known throughout the state.

UNION STORE FOR WOODWORTH
The Woodworth Farmers' Union Supply Co., incorporated for \$10,000, and with Carrie Williams, Will Hornum, H. B. Edgerly, C. W. Wingard, Emil Youngberg, Charles Leaman and Frank E. Tate as directors, is a new co-operative enterprise for Woodworth.

Most Effective Remedy Mother Had Ever Used

Dr. Caldwell's Syrup Pepsin Relieves Baby When Other Medicines Failed

There is nothing so necessary to a child's health and comfort as regularity of the bowels. All children are especially susceptible to stomach trouble and any overstrain of the sensitive organs has a tendency to obstruct elimination. This condition is responsible for much of the illness of childhood.

To relieve constipation a mild laxative should be employed. Cathartics and purgatives are violent in their action and should be avoided. Mrs. Alfred Du Bois, Mt. Holly, N. J., says Dr. Caldwell's Syrup Pepsin is without doubt the most effective remedy for constipation she has ever used and that it is the only remedy she could find for her baby. Little Earl was badly constipated during his first year and nothing she tried seemed to help him until she got a bottle of Dr. Caldwell's Syrup Pepsin. Now he is a fine, strong healthy boy, and she thanks Dr. Caldwell for it.

gripping or other discomfort, and appeals to children because of its pleasant taste. Druggists everywhere sell it for fifty cents a bottle, and every mother should have it in the house for use whenever occasion arises.

To avoid imitations and ineffective substitutes always be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Another new dairy farming is furnished the people of

The canvassing board is composed of Governor Hanna, Secretary of State Tom Hall, State Treasurer John Steen, Attorney General Linde and Superintendent of Public Instruction Taylor. They will meet at 2 o'clock Tuesday afternoon, and hope to have canvassed the vote on several offices before closing the day's session. Several days will be consumed in completing the work.

The last county canvassing board has finally filed with the secretary of state returns of the recent election, and the state canvassing board is now in position to go ahead next Tuesday with the accounting which will announce the election of Lynn J. Frazier and other state, county and national officers.

Eddy and Mountrill were the last counties to come in. No decided change in any of the returns as published from official statements furnished to The Tribune by the county auditors is apparent. Steen's majority remains in the neighborhood of 200. The majorities for the repeal of the terminal elevator mill tax, for the establishment of a normal school at Dickinson and for the bootlegger amendment are slightly enhanced by late returns.

The canvassing board is composed of Governor Hanna, Secretary of State Tom Hall, State Treasurer John Steen, Attorney General Linde and Superintendent of Public Instruction Taylor. They will meet at 2 o'clock Tuesday afternoon, and hope to have canvassed the vote on several offices before closing the day's session. Several days will be consumed in completing the work.
