Those new "Bran Foods"—a new one is born every week—a recognition of the need of food laxatives instead of drug laxatives. The problem of presenting bran to the human stomach in combination with a nutritious, easily digested food was solved twenty years ago by the invention of Shredded Wheat Biscuit, the food that supplies all the body-building material in the whole wheat grain in a digestible form, combined with bran which is Nature's laxative. A body-building, strength-giving food. Serve with milk or cream or baked apple or other fruits. Made at Niagara Falls, N. Y.

Knock Obsolete Coughs in a Hurry

A Simple Home-Made Remedy that Gets at the Cause.

Thousands of people normally healthy in every other respect, are annoyed with a persistent hanging-on bronchial cough year after year, disturbing their sleep and making life disagreeable. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist "2 1/2 ounces of Pinex" (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that has never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes the irritated membranes that line the throat and bronchial tubes, and relief comes almost immediately. A day's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough, and bronchial asthma there is nothing better. It tastes pleasant and keeps perfectly.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiaicol and is used by millions of people every year for throat and chest colds with splendid results.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

and will be presented by Santa Claus. The Methodist church school has arranged an ete'ne program under the direction of Mrs. J. G. Moore and will consist of Christmas carols and stories. Mrs. E. J. Taylor has charge of the arrangements of the Presbyterian church school.

COMMON LAW IS BIG HIT

Despite Sub-Zero Weather Big Crowd Turned Out To See Film of Popular Book

Sub-zero weather did not prevent a large crowd from witnessing "The Common Law" at the Auditorium last evening. The picture is an exceedingly strong film and depicted the emotional portions of the "best seller" in adequate fashion.

Clara Kimball Young is well known to the movie fans and her general popularity is always a drawing card. The production is richly staged and nothing has been left undone to add the realistic touches to a portrayal of the sex problem story that caused so much discussion when the novel appeared.

The picture will be shown for the last time this evening. All the big Young features will be shown at the Auditorium this winter.

"ROMEO AND JULIET" TONIGHT ONLY

The sweetest love story ever told is the subject of the new William Fox master film production which stars Theda Bara. Shakespeare's immortal "Romeo and Juliet," portrayed by a cast of well-known artists, with a setting more sumptuous and magnificent than anything yet done in moving pictures, furnishes Miss Bara the first opportunity she has had for portraying the young girl whose heart overflows with joy and enthusiasm.

This magnificent William Fox super-production will be shown at the Orpheum and Bismarck theaters tonight only. Two performances will be given each theater, starting at 7:15 and 9:00. This production is in seven acts and in support of Miss Theda Bara is Harry Hilliard who plays Romeo and a cast of 3,000 people. If you wish a seat tonight you will have to start early for everyone will want to see this biggest classic of the year.

The prices will be in the reach of all, being 10 cents for children and 20 cents for adults.

Will There be Real Music in your Home at Christmas?

There is not one so unmusical as to believe that a talking machine produces real music. At best, a talking machine, no matter how much it costs, no matter what artists make records for it, no matter what claims are made for it by its manufacturers, gives only a hollow imitation of the original music.

The NEW EDISON Is Not a TALKING MACHINE

This new invention of the world's greatest inventor is in no real sense a talking machine.

It represents more than a million dollars spent in research work by Mr. Edison.

It represents the achievement of his ambition to produce a musical instrument which recreates all forms of music so perfectly that the original cannot be distinguished from the Re-Creation.

By hundreds of tests, before hundreds of thousands of music lovers, it has been proved conclusively that when an artist sings—or plays—in comparison with the New Edison's Re-Creation of that artist's performance, it is impossible to distinguish the original from the Re-Creation.

The music critics of more than 200 of America's leading newspapers testify to this fact in the columns of their own papers. We shall be glad to show you what the critics say.

Hear This New Invention

Come in to our store and let us give you a concert of Re-Created music. Come at any time. You will always be welcome. There is no obligation to buy. We merely want you to hear what we consider the world's greatest musical instrument.
