

MILLION-DOLLAR CORPORATION TO BUILD RAILROAD

Survey on Line From Manning to Freda via Mandan Will be Commenced at Once.

EVERY TOWN SERVED IS GIVEN REPRESENTATION

Directorate Made up of Prominent Farmers And Business Men Along the Route.

With the incorporation of a million-dollar company which proposes to build a railroad from Manning to Freda, via Mandan, the hopes of the county seats of Dunn and Oliver for rail connections with the outside world seem nearer realization.

The new corporation, the Manning & Freda Railroad Co., filed its articles of incorporation with the secretary of state this morning.

It is announced that a large block of the million-dollar capital already has been subscribed for; that a competent engineer has been engaged, and that surveys for the right-of-way will be made at once.

The Officers. Every town which will be served by the proposed line is represented in the directorate of the new company, whose officers and directors are:

President, John Dawson, Fallon; first vice president, E. D. McBride, Emerson; second vice president, W. A. Carnes, Manning; third vice president, Fred Wick, Center; fourth vice president, F. W. Klein, St. Anthony; secretary, H. J. Tavis, Mandan; treasurer, R. B. Lohbeck, Freda; counsel, W. A. Carnes.

These officers, with F. M. Klein, St. Anthony; C. M. Whitmore, Yucca; F. C. Wick, Center; H. L. Barchinger, Hanover; F. Kelly, Marshall, and Ole Kittelson, Knife River, form the board of directors.

First Vice President McBride and J. W. Bailey and W. G. Mineah of Emerson were in today looking after the incorporation. The organization was completed at an enthusiastic meeting attended by 65 stockholders, held in the Commercial club rooms at Mandan yesterday.

STATE WOODMEN MAY CUT WOOD HERE IN ANNUAL CONVENTION

Barleigh county camps of the Modern Woodmen of America met in conference in Bismarck yesterday to discuss plans for the annual meeting of the state camp, to be held the first Wednesday in May. The state capital was awarded the honor of entertaining the North Dakota Woodmen in 1916, and it seems probable that if Bismarck bestirs itself it may again enjoy this pleasure in 1917.

The state capital is favored for Woodmen meetings because of its central location and its excellent facilities for the entertainment of large gatherings. Secretary Keniston of the Commercial club has extended the state camp a cordial invitation, and its acceptance is looked for by local Woodmen.

N. P. LEADERS SHOW SENATE TRICK OR TWO

Non-partisan league administration leaders as represented in members of the state emergency commission have shown the senate a trick with a hole in it—a hole which the taxpayer will be called upon to fill—in appropriating in one fell swoop savings which former State Auditor Carl O. Jorgenson

skipped and strived for 18 months to husband for the state. When State Auditor Kostitzky entered upon his "economy campaign" in the office which Jorgenson had so competently filled, his first demand was for a full emergency appropriation for additional clerk hire, which he got. Finding that the state's money came easy with the right kind of a Non-partisan league steering committee, he then introduced another bill, transferring to a contingency fund for clerk hire, \$1,504.40, which his predecessor had saved from his clerk hire fund, without the aid of an emergency appropriation of \$2,465. The house dealt kindly with this bill, but the senate swatted it.

ROSEN'S SHOP IS VERITABLE STYLE "HAUNT"

Blossoms Forth as Most Fashionable Mens Establishment in the Capital City.

DISPLAY OF SHIRTS IS STYLE EYE-OPENER Pin and Awning Stripes Are Very Popular Says Owner of Popular Place.

A "veritable paradise for style and Easter novelties." Seemingly, in the course of a night, the Rosen Clothing shop at 418 Main street, has blossomed out as the most fashionable young man's establishment in the city.

Never has such fetching styles and models in dress and novelties been brought to the attention of Bismarck men as shown in this exclusive "haunt" this spring.

Fashion's Decree in Shirts. Fashion has decreed flashy colorings and designs in shirts this year. Colors to the extreme and again very conservative catch the eye of the pedestrian as he passes the rich display of shirts being shown in one of the windows of the Rosen shop.

Imported soisettes, madras and crepes in all new colors and designs ranging in price from \$1.50 to \$3.00, blend with the lighting effect, making the window the most attractive from the viewpoint of a young man to be seen in the northwest.

Pin and Awning Stripes. "Extreme colorings and designs are hitting the wave in the world of fashion," said Mr. Rosen this afternoon. "Pin and awning stripes are very popular. Truthfully, we are getting many compliments for the line of fashion we are showing to Bismarck men this season."

The shirts carried in stock by the Rosen Clothing shop are famed over the world. They are the Kingley and the George P. Ide makes, shown only in the exclusive shops.

Popular Place For Clothing. Just take a tip and view the many fashionable spring suits which this favorite young men's establishment is displaying. The R. R. Fashion Park and the Idler makes—known for their distinctiveness in the young men's line—hold a conspicuous setting.

The Idler double-breasted pinch back suit is featured this season, also the belt-on model which is a garment with the belt extending round the waist and buttoning in front," stated Mr. Rosen. "While the tendency of the young man is for this style, nevertheless we have more conservative styles in abundance."

Headquarters For Shoes. The Rosen shop has long been famed for the shoes which are carried in stock. The Florsheim in two-tone effect, extreme English models in mahogany, greens and ox-bloods and many other combination colors and designs are being featured in the window display. Prices from \$5.00 to \$12.

Varied styles are shown in hats and caps. The Sophomore, featured by John B. Stetson, is the most popular seller this season. Then, too, there are the soft and stiff hats and also the crushers and many Easter novelties which are inviting to the most fastidious.

The Hotel of Character and Comfort. Hotel Radisson, Minneapolis.

REED GETS LIFE JOB IN CAPITAL CITY POSTOFFICE

Executive Order of President Wilson Makes Postmaster Immune From Politics.

MANY NORTH DAKOTA TOWNS ARE AFFECTED

Heart-burnings incited by quadriennial or octennial postmaster elections are eliminated insofar as several score North Dakota cities boasting of first, second and third class postoffices are concerned by an executive order issued March 31 by President Woodrow Wilson and given immediate effect.

The effect of this order will be to perpetuate in office, under the classified service, all present postmasters in the first, second and third class offices.

The New Order.

"Hereafter when a vacancy occurs in the position of postmaster of any office of the first, second or third class, as the result of the death, resignation, removal, or on recommendation by the first assistant postmaster general, approved by the postmaster general, to the effect that the efficiency or needs of the service require that a change be made, the postmaster general shall certify the fact to the civil service commission which shall forthwith hold an open, competitive examination to test the fitness of applicants to fill such vacancy, and when such examination has been held, and the papers in connection therewith have been rated, the said commission shall certify the result thereof to the postmaster general, who shall submit to the president the name of the highest qualified eligible for appointment to fill such vacancy, unless it is established that the character or residence of such applicant disqualifies him for appointment. No person who has passed his sixty-fifth birthday shall be given the examination here-in provided for."

"WOODROW WILSON." Some Offices Affected.

First class offices affected in North Dakota, in the order of their ranking, are Fargo, Bismarck, Grand Forks and Minot. The second class offices are Bottineau, Carrington, Devils Lake, Dickinson, Grafton, Harvey, Jamestown, Kenmare, New Rockford, Oakes, Rugby, Valley City, Wahpeton and Williston.

Postmasters now serving in all of these offices, as well as in all of the third class offices of the state, may not hereafter be removed for political reasons upon the change of administration, but may be decapitated only through the civil service board, when good cause is shown. While the 65-year limit prevents the appointment of a new postmaster who shall have attained that age, it does not militate against postmasters now in service, who may retain office until death do part or their removal shall be effected or resignation accepted.

Life For Reed. The second highest salaried postmaster in the state affected by this order is Frank Reed's Second time at bat, he having served two years at the close of Cleveland's administration in the nineties.

WILTON MEN IN CITY. E. E. Bachman, Oscar Backman and Wade A. Beardsley, all of Wilton, were arrivals in the city this morning and are spending the day attending to business matters.

"Twin Beds" Company Arrives From the West; at the Auditorium This Evening

One of the Scenes From the Comedy, "Twin Beds," at the Auditorium To night.

The advance sale of seats for the engagement of "Twin Beds" at the Auditorium tonight opened this week. The engagement is for one night only, and the mail orders already received indicate the heaviest demand for this now world famous comedy that has been known in a long time. The fact that "Twin Beds" is everywhere establishing box office records is further borne out by the indications that it will do the same here. The attraction is playing everywhere to packed houses and achieving that just need of recognition which it deserves.

"Twin Beds" has won and held its popularity on the wholesomeness of its theme, its amusingly swift action, its witty lines and its expertly delineated characterization. In the superb cast are such well known players as J. Merrill Morrison, William Weston, Luis Alberca, Warren Hastings, Marguerite Rimmer, Antoinette Roche, Elizabeth Stafford, Martha McGraw, and others.

POLICY OF THE OLD BOARD TO GO RIGHT ON

Endorsement at the Polls Was Grati-fying to Every Member of the Commission.

LUCAS, BATTEY AND BERTSCH THANK VOTERS

A. W. Lucas, president of the city commission, stated this morning that the policy of the present administration will be continued, the endorsement given by the board at the polls Tuesday being for a completion of the paving and other projects which the commission has inaugurated during the past year. The mayor wishes to thank the voters for the loyal support and the confidence placed in him.

To Build a Good Town. "I am grateful to the voters of Bismarck for their confidence in me and assure them that my best efforts will be given to repay them," stated C. Bertsch, Jr., when seen this afternoon. "To build a good town and keep it clean and desirable to live in

requires the expenditure of some money, of course, but I will see that the taxpayers get a hundred cents of value for every dollar spent. I will use my best efforts to make Bismarck a cleaner and a better town and, while I don't expect to be able to please all the people all the time, nevertheless I will endeavor to work for the best interests of Bismarck and its residents."

Battey Gives Statement. "The endorsement which our administration received at the polls Tuesday is very gratifying to every member. We appreciate this renewed pledge of confidence upon the part of the people, and give assurance that we will seek in every way to keep the faith and to carry out the wishes of the citizens of Bismarck," said Commissioner R. C. Battey.
