

REIGN OF TERROR IN CHINA

PEKIN MENACED BY REBEL ARMY; BLOCK ROADS

Legations Are Preparing for Any Eventuality As Result of Crisis

ROYALIST MOVEMENT APPEARS HOPELESS

Chang Hsing Is Denounced by Republicans As a Selfish Dictator

Pekin, July 6.—Fighting began yesterday at Lang Fang, about 55 miles southwest of Peking, between the troops of General Chang Hsing, supporter of the monarchy, and republican forces.

The situation in the capital is serious. Trains are filled with fleeing Chinese, going to Tsis. The hotels are full of foreigners. Small American and Japanese forces are endeavoring to come from Tsis, but their arrival may be delayed by the fighting at Lang Fang, where 5,000 of the troops of General Hsing Hsun are opposing an advance guard of 20,000 republicans. The position of General Hsing, the leader of the royalist movement, apparently is hopeless.

May Loot Peking. It is feared that when this is realized his troops will loot Peking. The legations are prepared for all eventualities.

Tuan Chi Jui, commander-in-chief of the republican forces, has issued a lengthy manifesto, denouncing Chang Hsing, saying that his action is villainous and declaring he is using the Manchus to further his own ambition. Tuan Chi Jui promised generous treatment of the Manchus after the republic is restored.

Three thousand imperialist troops and 1,000 Hsun's soldiers took positions astride the Peking-Hankow railway, four miles from the city, to oppose the republican troops.

CONVERGE ON PEKIN.

Ten Tain, July 5.—Fifty thousand republican soldiers are converging on Peking, and the attempt to restore the Manchu dynasty appears to be at the point of failure. By midnight Tuan Chi Jui, who has been appointed commander-in-chief of the punitive expedition, is expected to have 20,000 troops before Peking and Peking General Hsun, the dictator, who attempted to restore the monarchy, has only some 3,000 men.

REALIZES MISTAKES.

London, July 6.—A dispatch to the Daily Mail says that General Chang Hsin, realizing his mistakes in attempting to restore the republic, attempted to sack Peking, burn the Manchu palace and take the emperor to Mongolia.

NAZARENES CLOSE ANNUAL ASSEMBLY ON MOUSE RIVER

Ministers Ordained and Pastors Assigned Charges for Ensuing Year

Sanborn, N. D., July 6.—Rev. R. D. Williams of Nashville, Tenn., presided over the annual camp meeting of the Nazarene assembly held at the Mouse river holiness camp ground. Rev. W. M. Irwin of Minot and Rev. F. B. Janzen of Cherry Ridge, Mont., assisted with the meetings. There was announced the resignation of Rev. Lyman Brough of Surrey from the district superintendency which he has held for eight years, and the selection of Rev. Joseph E. Bates of Peniel, Tex., as his successor. Rev. Brough has accepted a pastorate in Oregon. Students ordained were F. B. Janzen of Cherry Ridge, Mont., and J. H. Clymor of Granville. Rev. E. C. Pounds was transferred from Sanborn to engage in general work, and Rev. M. White of Illinois was named his successor. Rev. O. P. Peale of Surrey leaves in August to take up missionary work in China and is succeeded by Rev. Pope Joy. Rev. O. D. Norris was reassigned to Van Hook, and Rev. W. M. Irwin to Minot. The 1918 assembly will be held at Norma, N. D.

Flopping Flivver Causes Death of 15 Months Baby

Hope, N. D., July 6.—The 15-month-old child of Mr. and Mrs. Andrew Jorgenson was instantly killed, when their Ford car, carrying Mr. and Mrs. Jorgenson and several other members of the family, turned over near here. No other occupant was injured.

Quadruplet Girls, Aged 2, Are Marvels of Activity

Flake and Mrs. Keys and their quadruplet daughters, Roberta, Mona, Mary and Leota.

Hollis, Okla., July 6.—Roberts, Mona, Mary and Leota Keys, quadruplets, are entering the third year of their life just as naturally as normal children. The four sisters, born to Mr. and Mrs. Flake Keys here June 4, 1915, are the marvel children of the southwest—probably the first quadruplets to prove so healthy, kicking, running, laughing babies.

BISMARCK HEADS LIST OF CITIES IN NORTHWEST

Easily State Winner for Amount of Money Contributed to War Relief Fund

NO CITY OF ITS SIZE IN NATION TOPS RECORD

Editor's Note: Names of contributors to fund not printed to date will be found in another column, with a recapitulation of the Red Cross fund.

Bismarck leads all cities of its size in the Northwest, according to unofficial figures given out by the Red Cross. Complete returns will not be known for some weeks, but it seems certain that this city will lead. It outdistances any city in North and South Dakota of its size, as well as those of Minnesota.

Total contributions for Burleigh county aggregate \$32,556.52. This makes almost \$3 per capita. Grand Forks average was only 70 cents per capita. Fargo reported nothing per capita and per capita amounts from some northwestern cities are given, as follows:

City	Population	Amount contributed
Duluth	94,495	\$100,000
Faribault	2,712	8,000
Hibbing	16,412	4,200
Mankato	10,365	17,721
Red Wing	10,094	10,050
Lead, S. D.	11,817	6,590
St. Cloud	10,198	5,997
Virginia	15,193	14,000
Grand Forks	15,837	12,000
Aberdeen	15,218	3,100
Lead, S. D.	9,763	14,036

Bismarck shows up well by comparison. As soon as the accounts are audited and checked up over the nation, the national Red Cross society will compile statistics.

Send Congratulations. H. P. Goddard, who was captain and general manager of the Red Cross drive, received a telegram from C. W. Dietrich of the Red Cross war council, which reads:

"The war council appreciates your splendid accomplishment in more than doubling the apportionment."

Montana cities showed up very strong per capita, due largely to the big donations made by the mining corporations. Butte averaged \$4 per capita; Great Falls, \$3; Helena, \$2.94; and Missoula 41 cents.

For cities under 15,000, Bismarck easily leads the Northwest and probably the nation. Some small places of 200 or 300 may show up a larger per capita, but for total amount of money given, which, after all, counts, probably no city of its size in the Union will approach Bismarck.

Bradley C. Marks, president of the local Red Cross chapter, who, together with J. L. Bell, treasurer of the chapter, has done excellent work in assisting Mr. Goddard has received

all over the nation to see them. Physicians are talking about them yet, and the further along the kiddies get, the more of a marvel they become. Roberta weighed 11 1/4 pounds at birth, Mona and May 11 1/4, and Leota 11 pounds. At two years, Roberta, Mona and Leota weighed 22 1/2 pounds, while Leota weighed 21.

The four have been attractions at the state fair, Oklahoma city, the past two years, and parents are preparing for a trip there next October.

STRIKE RIOTS FOLLOW RACE DISTURBANCES

Nine Companies of Illinois National Guard Rushed to Bloomington

INDUSTRIES CRIPPLED BY LACK OF ELECTRICITY

Bloomington, Ill., July 6.—Nine companies of Illinois national guardsmen were ordered to this city early today to restore order following a night of rioting, caused by the strike of employees of the Bloomington & Normal Railway company. The strike had been conducted in an orderly manner until last night, when "Mother Jones," labor advocate, addressed a crowd. Immediately the crowd began attacking street cars and their crews. Several motormen and conductors were badly beaten. One rioter was shot through the neck.

After breaking of several street cars, the crowd started for the power house of the company, which furnishes commercial power and light. In order to avert damage to the plant, the power was turned off. The street railway is a subsidiary of the Illinois Traction System, of which Congressman William B. McKinley of Champaign, Ill., is president.

Early this morning the city was quiet, although there were persistent rumors that the mob was forming again.

The morning newspaper was unable to publish, owing to lack of power, and many other industries were similarly hampered, but the power was turned on after the arrival of the troops.

LADD NORTH DAKOTA'S HIGHEST PAID OFFICER

President of Agricultural College and State Chemist Draws Many Salaries

Dr. E. F. Ladd, who is the storm center of the present attack upon the state board of regents, is president of the agricultural college and state chemist, which positions, combined, pay \$5,000 per annum; state hotel inspector, which job carries no salary, but is expected to pay for itself out of fees; state oil inspector, salary \$2,500; state inspector of grades, weights and measures, salary \$1,000; state cereal investigator, and various other minor offices.

The combined annual stipend of the various jobs held by Dr. Ladd which have fixed salaries attached is \$8,500. He holds more positions and has the distribution of more political patronage than any other three other officers in the state, not excepting Governor Frazier. His several salaries make him the state's highest paid officer.

EMBARCO ON EXPORTS HITS SWEDEN HARD

Manufacturers Are Closing Up Establishments for Want of Materials

PEOPLE STAND IN LINE HOURS FOR FOOD SUPPLIES

Government Forced to Take Up Matter of Non-Employment

Stockholm, July 6.—Washington dispatches of the last few days forecasting the sharpest limitations or possible discontinuance of all exports to neutrals caused anxiety in government circles and among the people generally. The situation is already grave and the prospect pictured by news from America renders it still more disquieting.

Below Average. Crops are likely to be below the average. Manufacturers of various lines are closing their places for lack of raw material. Others cannot maintain production much longer. Benzine and petroleum are nearing exhaustion. Leather is scarce, and so dear that a pair of ordinary shoes cost from \$10.00 to \$12.00. Automobile tires bring \$500 apiece. The stock of coffee in the kingdom will be exhausted in a month. Long lines of people stand outside the stores waiting to buy coffee.

Unemployment Extensive. The government has already taken measures to deal with extensive unemployment, which is considered inevitable if the war lasts another winter, and it might be impossible to import needed commodities.

In some quarters it is said Sweden's imports are not intended solely for home consumption, and the Associated Press asked E. B. Trole, formerly minister of foreign affairs, and now president of the government's war trade commission, for a statement. He said:

"Official statistics of Swedish imports for 1916, which are now nearly complete, demonstrates completely the erroneousness of assertions that we are bringing in American products for the purpose of passing them on to the central powers."

Let me say John is in France to give his all to the cause of the Stars and Stripes. He cares for nothing greater than the opportunity to do his best for his country as head of the French expedition. He is ambitious only as a soldier."

BANK MAY BE MOVED

Call Out to Vote on Change of Name and Location

Yates, Mont., July 6.—A call has been issued for a meeting of the State bank of Yates on August 7, when there will be voted on, a proposal to move the bank to Wibaux, Mont., and to change its name to the Wibaux County bank.

EDITOR OBJECTS TO BOARD'S PERSONNEL

Suggests That Men Who Lived in McKenzie County Should Have Gone on Commission

Charlton, N. D., July 6.—Peter Davidson, C. C. Converse and W. C. McClintock have been named by Governor Frazier the efficiency commission for McKenzie county. Commenting upon the appointment, the McKenzie County Gazette remarks, "The county is represented by one man who lives in it, one who has recently moved away and one who never has resided within its borders."

12 Ounces of Luscious Berries To One Pint Box

Hurry! hurry! hurry! war gardeners, if you want to beat this. A. E. Preston, in charge of Custer park, has demonstrated that the most luscious strawberries can be grown in Bismarck.

He won't yield the palm to Minnesota, Oregon or the south. As proof he brought to The Tribune editor a pint box of the largest strawberries seen in these parts. One pint box tipped the scales at 12 ounces and some of them measured more than an inch in diameter through the largest portion.

He set out the bushes last year. They are of the Mammoth variety and by careful culture has secured wonderful results. There are from nine to 15 berries on every stalk.

Just take a look at the Preston strawberry patch opposite Custer park and get a few pointers for your next year's garden. Bismarck's garden plots can raise the finest strawberries in the world.

If you have had good results in your war garden tell The Tribune about it.

Burglar Kept Gen. Pershing From School Teacher's Life

"Jack's" Brother "Jim," Chicago Clothing Salesman, Tells How Famous Commander First Thought of Entering Army.

Chicago, July 6.—General Pershing owes his position to a burglar! James J. Pershing, "Jack's" brother "Jim," says the man who broke into his mother's store in the little town of Laclede, Mo., in the summer of 1882, started the military career of America's most popular major general. Otherwise John Pershing would have been a school teacher.

Jim is clothing salesman for Milton Ochs & Co. of Cincinnati, and lives here in Chicago.

"We ate, slept, fought and grew up together," says Jim. "Boys were few and things were quiet in our little home town, so Johnny and Jimmie Pershing played their way to manhood together as brothers seldom do."

"When he was 19, John attended the Normal school at Kirksville, Mo., and had decided on a career as school teacher to the delight of his mother. "I left Laclede for a railroad job out west and had been gone a week when father turned the little country store that supported the family over to mother and left for St. Louis on a business trip."

"The night he left, a burglar broke into the store and dynamited the safe, nearly frightening mother to death. She telegraphed John to hurry back."

"He was home again but a day, when he happened to pick up a local newspaper and read that there would be a competitive examination at Trenton, Mo., for entrance to West Point. "Immediately he made up his mind to take the examination, and stuck to his determination in spite of the pleadings of mother."

"It was a happy day when the postman brought him a big, important-looking letter from the government announcing he had passed the test and was eligible for Uncle Sam's military academy."

There has been considerable talk of Jim's joining his famous brother in France.

"It's really too early to say anything about my going to France," he answered.

"There is one thing I am glad to talk about, though. It has been said this war might make a president, and that man may be my brother, John."

Let me say John is in France to give his all to the cause of the Stars and Stripes. He cares for nothing greater than the opportunity to do his best for his country as head of the French expedition. He is ambitious only as a soldier."

SENATE WILL MODIFY BONE DRY MEASURE

Prohibition Issue in Food Bill to Be Disposed of This Evening

NEW HIGH RECORD. Chicago, July 6.—Attempts to curb high prices by stopping all trade in the July delivery of corn resulted today in a general rush to buy the September options and other distant deliveries. The consequence was a fresh jump in values to new high record levels for the season.

GRAND FORKS HAD ALMOST TWO-INCH RAIN YESTERDAY

Northern Part of Red River Valley Favored by Heavy Precipitation Last Night

Grand Forks enjoyed a man-sized rain last night, when, according to reports received by O. W. Roberts, meteorologist in charge of the weather bureau service for North Dakota, 1.75 inches of rain fell. At Pembina, 1.04 inches is reported, and at Minot, 0.92 inch. Larimore had .88 inch. Grand Forks, 85, and good rains are reported from all towns in the northern part of the Red River valley. In the southern part of the valley the precipitation was much less, dwindling to .28 at Fargo and .18 at Wahpeton. Bismarck during the last 24 hours has had .01 inch of rainfall. Minot fared somewhat better, with .15, and Jamestown had .10. Nowhere in the central part of the state, however, have heavy rains been reported.

NEW ENGLAND MAKES DRIVE ON LEISURELIES

Undesirables Rounded Up by Community Club and Instructed to Vamoose

New England, N. D., July 6.—New England's leisure class is no more. The Community club got together and decided they were not good citizens. There followed a drive such as was often indulged in a few years back to rid the country of jackrabbits. Only one of the undesirables demanded a trial and he was promptly informed that he had been tried and found not wanted. He went right away from there. W. C. McKenzie, president of the board of trustees, acted as master of events.

Gambling in City Hall New Evidence That Minor's Alive

Minot, N. D., July 6.—An injunction has been served on W. S. Shaw, president of the city commission. Dan Dougherty as chief of police and William Bacon, a member of the fire department, in which it is sought to close the city hall because of alleged gambling being conducted in parts of the building. The papers were served by Deputy Sheriff Shirley Tuesday evening.

GERMAN DRIVE ON AISNE LINE FAILS TO GAIN

JAMES PERSHING

COMPLETING DETAILS FOR ARMY DRAFT

Date of Drawing Has Not Been Announced by War Department

TWO MILLION NAMES MAY BE DRAWN AT FIRST

Washington, July 6.—Secretary Baker and Provost Marshal General Crowder today were completing the final details of the method to be employed in selecting registrants for the new national army, but the date of the drawing has not yet been announced. A complete organization of every local and district exemption board is necessary before the draft machinery can begin to operate. The drawings will be made in Washington and indications point to the use of numbers instead of names in making selections.

As there will be exemptions among the drafted men before the first increment of 625,000 can actually be assembled, necessarily more than that number will be drafted on the first operation, it was said today. It is probable that as many as a million or two million names might be drawn and from them exemptions will be made. Then the first army of 625,000 men will be formed. Other troops will be drawn from the remainder until it is decided to raise another increment.

LAURIER FAILS TO HOLD HIS PARTY SUPPORT

Ottawa, Can., July 6.—The Canadian house of commons early today adopted the resolution offered by Premier Borden passing to second reading the bill for compulsory military service.

Exciting scenes marked the taking of the vote, which stood 118 for conscription and 55 against.

The vote gave the government about 20 more votes than it usually polls on important questions.

This was a result of a considerable number of English speaking liberals breaking away from the leadership of Sir Wilfred Laurier and joining with Premier Borden in support of conscription.

Laurier Loses Out. Before the bill was sanctioned Sir Wilfred Laurier's proposal that the opinion of the people on conscription should be tested by referendum was defeated by a majority of 49.

A resolution presented by the French nationalist from the province of Quebec that the conscription bill should be killed by the adoption of a six months' postponement was defeated by the large majority of 186. Only nine nationalist votes were cast for the resolution and both the government and opposition to conscription voted against this proposal.

An amendment aimed to supply more adequate provision for dependents of men at the front was defeated 115 to 55.

Premier Borden explained that this amendment was "dilatory" and that he would refuse to allow it.

Huck and Tom Sleep Out in Field When They Can't Make It

Kensal, N. D., July 6.—Missing the last car returning from Arrowood lake and losing their way when they set out to walk home, Sim Walters and Ivan Buck, lads of 3, tramped all of the way to Bardsdale before they discovered their mistake. Night overtook them finally on the right road home, and the youngsters curled up in an open field and enjoyed a good, sound sleep, while frajic parents scoured the countryside for them. When they were discovered, the next morning, their reception was reminiscent of the good old days of Huck and Tom.
