

WILHELM MUST STAND TRIAL WITH OTHERS

Fact That Emperor Is Private Citizen Will Not Change Criminal Status

PRINCIPAL DEFENDANTS

List Already Prepared of Those Who Must Answer for Outrage to World

The murder-and-rape gang of Germany must face the noose. Trial and fitting, just punishment of William Hohenzollern and all lesser authors and perpetrators of German frightfulness, arson, murder and submarine piracy is now under consideration by the victors in the world war.

To let these men escape trial would, competent legal authorities declare, legalize for all future wars all the forms of atrocities of which the Germans have in this war been guilty.

To try and convict and properly punish the guilty is the only way to avoid establishing horrible precedents such as violation of women, bombardment of unfortified cities and unarmed ships, hospitals and ambulances, enslavement of non-combatants, destruction of towns and the use of poison gases, man-traps in evacuated places and all the other hideous things for four years practiced and defended by Germany.

It is argued also that as this is a peace by defeat and surrender without amnesty conditions, the Potsdam gang has no loophole for escape. Nor can the pacifists of the world intervene as they might in a negotiated peace to create sympathy for the men who have run amuck for 50 months.

The world must be made safe not alone for democracy but for women and children.

This can be done in no other way than by vindicating the outraged and shamed majesty of the law.

Sir Frederick Edward Smith, attorney general of Britain, has announced that it is the fixed purpose of Great Britain to insist on the trial and punishment of the supercriminals of Germany.

For this purpose it is believed an international judicial tribunal will be instituted presently, perhaps to hold sessions in the Hague. Before this court the accused will be brought and accumulated evidence of their unspeakable deeds will be presented. Undoubtedly they will be given every opportunity to defend themselves if they can find anybody to present their pleas.

From the very beginning of German atrocities and submarine piracy, Britain, Belgium and France have kept a list of the German leaders responsible for the horrors which have stained every day and night of the war period. They have collected and arranged the evidence against each accused man from Kaiser Wilhelm downward.

Tancrède Martel, noted French writer, is presenting in France the demand for an international court of justice and trial of the malefactors of Germany. Martel names 573 Germans, Bulgarians and Turks of rank, against whom charges pending range from murder to sacrilege and from theft to arson.

Martel's list includes the name of former German Chancellor van Bethmann-Hollweg, author of the "scrap of

paper" doctrine as applied to sacred international treaty obligations.

Some of the criminals. WILLIAM HOHENZOLLERN will be charged with supreme responsibility for bringing on the war without provocation and with sanctioning all and ordering many atrocities, among them the murder of prisoners of war and wounded men on battlefields.

FREDERICK WILLIAM, son of William Hohenzollern, is accused of wholesale looting of homes in France, sanctioning enslavement and violation of women and other crimes.

EITEL FRIEDRICH, his brother, is charged with robberies and ordering atrocious crimes.

Admirals VON TRITZ and VON CAPELLE are charged with authorship of submarine piracy, destruction of unarmed ships at sea, and murder.

RUPPRECHT of Bavaria ordered massacres of civilians in Russian Poland and deportations in Lille and other Belgian cities.

DUKE OF MECKLENBURG is accused of robberies in St. Quentin and Noyon.

GENERAL VON HINDENBURG ordered poisoning of Russian prisoners and pillage and arson in France.

GENERAL VON MACKENSEN ordered the murder of 1,000 innocent children, 10 to 17 years old, in Rumania.

Generals Van Graevenitz, Von Roedtski, Fleck, Schubert, Von Bulow, Von Bernhardt, Von Boehm, Klaus, Von Manteuffel, Von Drelich, Stenger and Major Bulow are charged with ordering atrocities.

The authors of the orgy of Lille, the massacre of Louvain, the destruction

of Aerschot, the murders of Edith Cavell and Captain Fryatt, of the attacks on hospital ships, Red Cross ambulances and field hospitals are all known and listed. Not yet will their names be made public, lest some of them escape before they can be apprehended.

Of course the constitution of the international trial court has already been given consideration. The names of the internationally-known jurists who will likely be called to sit on this most notable court ever assembled may not be announced with certainty. But it is regarded as highly probable that representatives of the high courts of the allied nations will be chosen.

The United States may be represented by some one of the justices of the United States supreme court. If it is thought advisable to go outside that body some jurist of the standing of William Howard Taft or Blinn Root

will undoubtedly be chosen. In view of the vital and intricate legal questions bound to arise no non-judicial civilian could acceptably or properly serve on such a court.

The surrender of the murder-and-rape gang by Germany may well be taken as a sign of repentance. But, if Germany does not give them up, it is pretty certain that regularly authorized military forces will hunt down the criminals, big and little and bring them before the bar of justice.

It is expected, of course, that the Kaiser, crown prince and other high criminals will attempt to escape justice by taking refuge in neutral countries. However, if it has not been already done, the allies will notify the little neutrals of Europe that they will at their own peril give asylum to the Hohenzollerns and the lesser criminals.

with blindness in California. In the stage version, there was a combination of several of the Harie western stores and the most famous characters of these will be seen in "Miss," the latest protoplasm of the days of '49, starring Mary Pickford.

The new Pickford vehicle, pictured by Frances Marion and directed by Marshall Neilan, has just been released by Artercraft Pictures. It contains all the elements of the western thriller, including the ineffable charm which "Our Mary" brings to the screen, unusually splendid support and high artistic directing.

"Miss" is a delightful feature play, which will be no less successful in its appeal to the public as have been all of Miss Pickford's recent picture successes. This photoplay will be seen at the Bismarck Theatre next Tuesday and it is needless to say it will do a rushing business.
