

LEAGUE BANK WITH \$734,000 IN EXCESS LOANS CLOSED BY BOARD

REDS ANNEX SECOND GAME IN WORLD SERIES—SLIM SALLEE HIT FREELY BUT HE KEEPS 'EM WELL SCATTERED

Cincinnati Nationals Again Take Chicago White Sox Into Camp, Scoring Four Runs to the Visitors' Two—Quartette of Hits for Moran's Men Made Worth Round Trip Apiece—Gleason's Pets Connect With Pill Ten Times and Send But One Pair Around the Circuit.

CINCINNATI, 4; CHICAGO, 2

The Score:	R. H. E.
Chicago	0 0 0 0 0 0 2 0—2 10 1
Cincinnati	0 0 0 3 0 1 0 0 x—4 4 2
Batteries—Williams and Schalk; Sallee and Rariden.	

Redland Field, Cincinnati, O., Oct. 2.—Scoring only four clean hits off Williams' delivery, but making every hit count for a run, and in spite of ten bingles made by the White Sox off Sallee's delivery, and notwithstanding two errors checked up against the National league champs, the Cincinnati Reds this afternoon annexed the second game in the world's series by a score of 4 to 2.

The Reds had their big inning in the fourth, when three men rounded the circuit. Williams pitched stellar ball from start to finish, and had his support been perfect the fatal third inning trio would not have been recorded. Sallee was touched freely by the Sox, but the wizard of the mound kept his hits scattered, and Chicago succeeded in annexing but two runs out of its ten bingles. All the Chicago scoring was done in the eighth. The Reds' fourth run came in the sixth.

Schalk was again behind the bat for the Sox, while Rariden caught for the Reds. From a pitching standpoint the victory belonged to Williams, the White Sox twirler having complete control over his delivery from start to finish. Sallee had a streak of the luck or science that stood him so well in hand in his great days with the New York Giants. He allowed the Sox to hit the ball when a hit would not change the aspect of the score board, but when the Sox could have turned hits into runs Sallee teased them with twisters which they could not touch. It was a lucky day for Cincinnati all around, and even its errors were not of a fatal sort.

WILLIAMS VS. SALLEE
Cincinnati, O., Oct. 2.—With the Cincinnati Reds, National league pennant winners leading by the sum total of one game won, the world's series of 1919 in which the Chicago White Sox are the other contenders will be resumed here today. The weather man predicts fair weather for the second contest.

Manager Gleason indicated that he would pitch Claude Williams, his star left-hander. Manager Moran announced that "Slim" Sallee would be on the mound.

The winning of yesterday's game had one noticeable effect on the Cincinnati fans. The railroad offices were crowded all of last night by local baseball enthusiasts eager to get accommodations to Chicago to witness the first three games to be played there Friday, Saturday and Sunday.

That yesterday's game upset predictions was indicated by the fluctuation of the betting odds, even money on the Reds finding few takers and odds being demanded by those who still believe the Sox will ultimately prove victors.

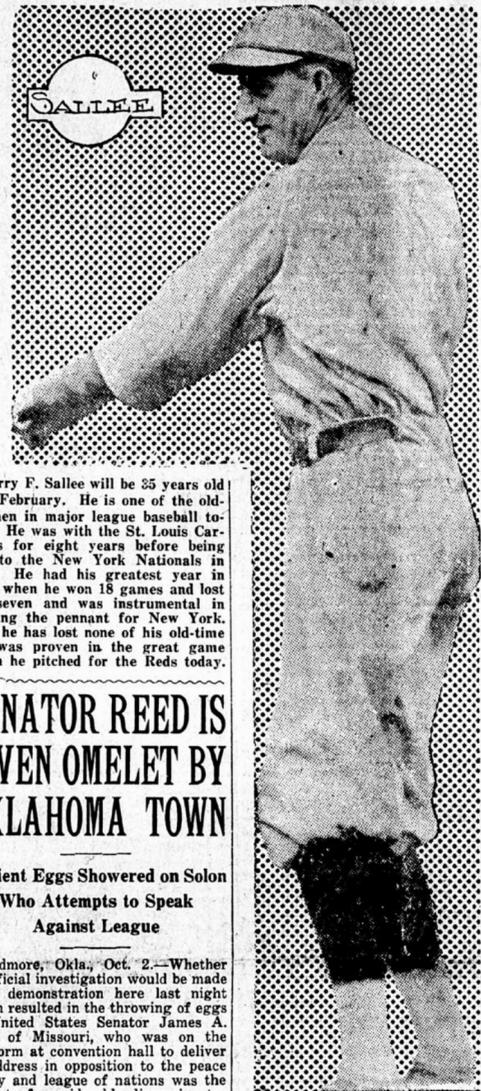

There is no gainsaying the fact that the Reds outplayed the visitors in every department of the game yesterday, but many who have watched Comiskey's aggregation in their pennant fight maintain the team will show true worth before the series are over. The series will almost certainly break all records relative to the amount of money taken in at the gates. The first day's receipts were more than \$21,000 in excess of the high records of first day's receipts of a world's series game when the Philadelphia Athletics played in New York in 1911. At that time \$77,359 was taken at the gate while yesterday \$98,778 was the gross return and this does not include the war tax collected.

The usual midnight attendance at the bleachers gates, those who are prepared to wait 14 hours in order to get the best seats that the bleachers and pavilion afford were in evidence. Toward morning the crowd became even larger than that of yesterday.

H. G. Wells is reported to be writing a 350,000 word history of the world.

The costliest watch in the world is a jeweled timepiece in the possession of the pope, which is estimated to be worth \$300,000.

SLIM SALLEE THE IRREPRESSIBLE

Harry F. Sallee will be 35 years old next February. He is one of the oldest men in major league baseball today. He was with the St. Louis Cardinals for eight years before being sold to the New York Nationals in 1916. He had his greatest year in 1917, when he won 18 games and lost but seven and was instrumental in winning the pennant for New York. That he has lost none of his old-time pep was proven in the great game which he pitched for the Reds today.

What Do You Know About Covenant of League of Nations?

Do you really know what you are talking about when you discuss the league of nations?

Most of us do not.

We are instinctively "for" or "ferminist" the league.

Few of us know why.

Today The Tribune presents the full text of this famous document on Page Six.

Read it and know whereof you speak.

WILSON NOT SO WELL TODAY, IS CAPITOL REPORT

Dr. Grayson Called Philadelphia Neurologist Into Consultation

Washington, D. C., Oct. 2.—Despite a fairly good night's rest President Wilson was not so well this morning and Rear Admiral Grayson has called in consultation Dr. F. X. Dercum, a neurologist of Philadelphia.

The calling in of the nerve specialist was decided upon by Dr. Grayson yesterday and Dr. Dercum is expected at the white house today.

The president's condition is not considered alarming. It was asserted at the white house and the decision to call in Dr. Dercum was made as a precautionary measure and to relieve the pressure on Dr. Grayson who has been with the president almost continually since he was taken ill a week while on a speaking tour.

SENATE VOTES 58 TO 30 ON FIRST COVENANT TEST

Senator Fall's Amendment Rejected by Ballot Regarded as Indicative

Washington, Oct. 2.—Taking its first action on committee changes in the peace treaty, the senate today rejected an amendment by Senator Fall, republican, New Mexico, to eliminate the United States from membership on the committee to determine the boundary between Germany and Belgium.

The vote, generally accepted as a test of the senate's attitude toward more than 30 other committee amendments of similar nature, was 58 to 30.

PARIS RATIFIES PEACE
Paris, Oct. 2.—The chamber of deputies today ratified the German peace treaty by a vote of 372 to 53.

The chamber then took up treaties between France and the United States and France and Great Britain. The Franco-American and Franco-British treaties were unanimously ratified.

A total of 501 votes was cast for the two treaties.

Excavations indicate Egyptians played ball 2,000 years before Christ.

Reconstruction of the roads in France will cost nearly \$400,000,000, it is estimated.

SENATOR REED IS GIVEN OMELET BY OKLAHOMA TOWN

Ancient Eggs Showered on Solon Who Attempts to Speak Against League

Ardmore, Okla., Oct. 2.—Whether an official investigation would be made of a demonstration here last night which resulted in the throwing of eggs at United States Senator James A. Reed of Missouri, who was on the platform at convention hall to deliver an address in opposition to the peace treaty and league of nations was the subject of considerable discussion today. The demonstration followed a mass meeting Tuesday at which resolutions were adopted censuring the senator for his opposition to the league of nations covenant.

Last night's trouble began almost as soon as Mayor William Freeman had risen to introduce the senator. Mayor Freeman was in the midst of an explanation that he was introducing the speaker because he was mayor of the city and not because he supported views of those opposed to the league covenant when the lights went out and volleys of eggs hurtled towards the stage.

When the lights were restored it was found that virtually none of those on the stage including the senator, the mayor and members of the reception committee had escaped the effects of the eggs.

Later officials attempted to continue the program but the crowd refused to listen. Efforts by Senator Reed to deliver his address were met with jeers, hisses, cat calls and cheers for President Wilson.

Finally the meeting was abandoned and Senator Reed was driven to his hotel.

RAIL BOARD HEARS COMPANY'S PLAINTS

The state railway commission returned today from Velva and Balfour, where hearings were conducted Tuesday and Wednesday on applications of the local electric plants for an increase in rates. The companies contended that their present tariffs do not suffice to meet expenses and that unless relief is granted them in higher rates they must suspend operations or suffer great financial loss.

BURNSTAD SHIPS FINE HEREFORDS

C. P. Burnstad, the Logan county rancher, is shipping a cold train of twenty carloads of Herefords weekly to the Chicago market, where they are bringing top prices. Burnstad has had an unusually good range for his cattle during the last summer, and the steers which he is now shipping are fat and in prime condition.

BOILED FISH BY THE OCEANFUL AT POINT WHERE MAUNO LOA'S GIANT STREAM OF FIRE POURS INTO SEA

Hilo, Territory of Hawaii, Oct. 2.—(By the Associated Press.)—A stream of lava 1,000 feet wide is flowing into the sea at a rate of from 20 to 30 miles an hour from the crater of the volcano Mauna Loa which burst into eruption Saturday. The stream of lava is now a virtual river from 20 to 30 feet high. Where the lava flows into the sea the waters are boiling for one-half mile and are strewn with dead fish.

REAL BASEBALL AND TEAM-WORK MADE WHITE SOX

Fans Confident That Chicago American Champs Will Come Back Strong

Chicago, Oct. 2.—Real baseball backed by real teamwork; that is what experts on the national game see behind the 1919 American league pennant victory of the Chicago White Sox, who today are awaiting a second chance to demonstrate their baseball ability against the National league contenders for the world flag. But team-work is not the only thing, they say, that has brought about a winning aggregation.

They point to Eddie Cicotte, with his famous knuckle and shine ball, as a big reason alone for the position of Comiskey's mighty baseball machine. He is declared to be the pitching marvel of modern baseball, winning something like 30 games this season. Without him, they say, the White Sox's chances would not have been so bright.

Of course a pitcher cannot do it all, experts declare in naming Catcher Ray Schalk as another reason for the victorious work of the White Sox. He, they contend, has had much to do with turning many a defeat into victory by his quick headwork, for which he has been noted since his leap from the minors to the Chicago club eight years ago.

But the man named as the person chiefly responsible for the success of the White Sox is Manager William "Kid" Gleason, who has battled for a perfect average as leader of a gathering of temperamental athletes. One baseball critic in calling attention to his work said:

"Gleason has built to almost baseball perfection the team that stands (Continued on Page Eight)

REPORT OF EXAMINERS SHOWS GREAT LIBERALITY IN CREDIT TO TOWNLEY'S ENTERPRISES

On reports from two state examiners and Assistant Attorney General Albert E. Sheets that excess loans to the extent of \$734,194.82, for which "liberality and optimism constitute the principal security" were carried by the Scandinavian-American bank of Fargo, principal repository of Nonpartisan league funds, that institution was closed this morning by the state banking board and P. E. Haldorson, deputy state examiner, and one of the men who made the examination at the direction of Attorney General Langer, was named temporary receiver. His bond was fixed at \$100,000.

The Scandinavian-American bank of Fargo has liabilities aggregating more than \$1,600,000. Heaviest borrowers listed are the National Nonpartisan league and three league subsidiary corporations; the Consumers United Stores Co., the League Exchange and the Publishers National Service bureau, the report of the examiners show. All told their liabilities to the bank are placed at \$432,956.

The first item in the list of excess loans is \$170,000 to the Consumers' United Stores Co. The Scandinavian-American bank has \$60,000 capital and surplus, and under the state law may loan only 15 percent of this amount or \$9,000 to any one individual, person, firm or corporation.

The bank examiners' report says: "The Consumers' United Stores Co. has a line of credit extended thru a system of individual loans to 23 individuals aggregating in all \$170,000. The individual paper is given for accommodation purposes only, and is secured by notes representing farmers' liabilities in the sum of \$100 and \$50, together with post-dated checks of \$32 and less, amounting in all to \$554,364.88. It should here be noted that it was impossible to make an examination or even check this vast amount of collateral, and that the figures of the bank have been taken for the purposes of this report as correct. It should also be noted, however, that \$291,435.55 of the above notes and post-dated checks are not now in the bank but are in the hands of the Consumers' United Stores Co.

TROOPS RESTORE QUIET AT LATEST RIOTING CENTER

Governor Brough With 500 Soldiers Eases Tension at Elaine, Okla.

OMAHA SUSPECT IS HELD

Negro Charged With Assault on White Woman Placed Under Arrest

Helena, Ark., Oct. 2.—The arrival this morning at Elaine of 500 troops accompanied by Governor Brough somewhat eased the tension of the situation brought about by yesterday's race riots in which three white men were killed, three wounded and an unknown number of negroes killed and wounded.

While the fighting which had gone on intermittently during the day ceased at dark, armed deputies patrolled the streets of Helena prepared for renewal of attack from a band of negroes said to be hiding in the cave back about the town.

The arrival this morning of troops equipped with machine guns was expected to prevent a recurrence of the rioting, which residents had feared would come with day break.

The arrest of 20 alleged instigators of the rioting, which followed the shooting from ambush of a special railroad officer and deputy sheriff is also believed to have removed a great deal of the source of the trouble. The 20 prisoners who were brought here and placed under heavy guard included O. S. Bratton, white, and several negro women. Bratton, charged with murder in connection with the death of W. A. Adkins, special officer, the first victim of the disorders, is said to be the son of Hugh S. Bratton, Little Rock attorney and former postmaster.

OMAHA SUSPECT ARRESTED

Omaha, Neb., Oct. 2.—One negro suspect was under arrest today in connection with the attack on Mrs. H. G. Wisener, white, yesterday afternoon. Military authorities refused to say where the negro was confined or the extent of the evidence against him.

The crime, one in a series of 38 similar crimes since June 1, occurred within a few blocks of army headquarters where a machine gun was mounted. News of the attack was withheld in the afternoon papers at the request of Major General Leonard Wood.

The number of troops in the "black belt" was doubled immediately following the crime and 600 soldiers are today on duty in that section.

The attack on Mrs. Wisener occurred at three o'clock at her home on the edge of the "black belt." She was cleaning windows when she was attacked and a cloth thrown over her face. Her two children, 8 and 12 years, spread the alarm. After being bound the woman says the negro threatened to kill the children if she made an outcry.

"In our opinion these post-dated checks are not in law or in fact collateral at all," report the state examiners, and they disregard such collateral. The other collateral, consisting of farmers' notes, is estimated to be worth not to exceed fifty cents on the dollar, which would leave security of \$131,500 for the loan of \$170,000.

Second in the list of excess loans is an item of \$148,824.26, representing loans to the National Nonpartisan league.

"The National Nonpartisan league line of credit," says the bank examiners' report, "consists of 22 individual notes ranging in denomination from \$840 to \$8,000, and aggregating in all \$148,824.26. A consideration of the names of the makers of these accommodation notes will illustrate that the same condition attends the extension of this line as has formerly been explained in the line of credit extended to the Consumers' United Stores.

"The security held by the bank as collateral for its loan made to the National Nonpartisan league for \$148,824.26, consists principally of post-dated checks in the sum of \$274,564.01. There is also 57 shares of the People's State bank of Hatton bank stock, with an estimated market value of \$115 each, amounting to a total of \$6,555. In addition to this Consumers' United Store Co. bonds in the sum of \$20,000 are held as collateral."

FARMER'S WIFE FINDS \$150,000 LYING IN ROAD

Pipestone, Minn., Oct. 2.—Authorities are investigating a persistent report that a farmer's wife found a satchel in the road containing \$150,000 in gold, currency and Liberty bonds, a few miles south of Pipestone. It is said the money was the booty of bank robbers who recently have robbed several South Dakota banks.

BELGIAN ROYAL COUPLE GREETED BY NEW YORKERS

Royal Reception Accorded King Albert and Queen Elizabeth in Gotham

New York, N. Y., October 2.—King Albert of Belgium, Queen Elizabeth and Prince Leopold received a noisy welcome to New York when aroused after dawn by the firing of salute as the transport George Washington steamed past the cutter harbor fortifications. The George Washington arrived off Fire Island light ship at 5 o'clock yesterday.

A flotilla of 12 destroyers escorted the George Washington up the bay to her pier at Hoboken this morning. As the ship came up the harbor salutes of 21 guns were fired from the coastal fortifications. In response the George Washington broke out at her mast head the flag of the Belgium royal family.

Welsh coal wasn't used outside Wales a century ago. The first shipment bought for London cost \$1 a ton and was sold for \$4.50.

Ambergis is worth more than twice its weight in gold.

The League Exchange

"This loan consists of \$66,182.21 and comprises nine notes ranging from \$2,149.34 to \$9,000, aggregating that total. The security which the bank holds for this advancement comprises farmers' notes of the kind previously described, with a par value of \$20,181.58." There is also 243 shares of stock in league banks at Courtenay, Hillsboro, the Scandinavian-American of Fargo, the People's State bank of Grand Forks, the People's State of Casselton and the First National bank of Sheyenne.

The report shows that the league "at the very best" holds only a second lien on the stock of the Hatton bank, which is included in the security offered for the National Nonpartisan league loan of almost \$150,000.

Of the League Exchange security, the report says: "Taken at its face value, the collateral does not come within over \$6,000 of being sufficient to cover the face of the loan. It is our judgment that this loan is not only excessive in the extreme but that the collateral is wholly inadequate."

PUBLISHERS' NATIONAL SERVICE BUREAU

"This loan," says the report, "amounts to \$47,950.06 and is covered by accommodation paper running from \$1,000 to \$10,400 in notes signed by the Publishers' National Service bureau, J. W. Brinton, president, and F. B. Wood, president. The bank has for security of this loan \$74,000 in farmers' notes of the character already described. That this loan is excessive in the extreme is apparent on its face. In addition to this it is our opinion that the collateral behind it is entirely inadequate."

H. D. HAGERTY
"This loan consists of six notes ranging from \$4,588 to \$10,000 and aggregating \$47,088. This loan originally went into the bank in the spring of (Continued on Page Four.)
