## AT THE MOVIES

### ORPHEUM THEATRE

"Marked Men," which had its first showing at the Orpheum Theatre last night, might be set down as one of the big photodramas of the year. Universal has made a production to be proud of, and its popular star, Harry Carey, has never done finer work than in this gripping epic of the American desert. Millions of readers are acquainted with the story of "Marked Men." Written by a popular American novelist, Peter B. Kyne, it attracted wide attention, under the title "The Three Godfathers," when it ap-

## THE VANDERBILTS HONEYMOONING

Hot Springs.—There is something romantic about "Ol' Virgin-y." Maybe that's why Cornelius Vanderbilt Jr., of New York, and his bride, formerly Miss Rachel Littleton, picked this sunny spot in Virginia for their honeymoon. The groom was New York's millionaire newspaper reporter. Guests at their wedding partook of the largest wedding cake ever made in this country. When the photographer snapped them, out for a stroll, the "smile that won't come off" spread itself across their faces.

appeared in the Saturday Evening Post. "Marked Men" must not be classed with the general run of western pictures. While its locale is the great American desert, its story is universal in its theme. The audience last night were especially moved during the desert scenes, where the dying mother entrusts her babe to the three fugitive bandits.

Manager Bauer of the Orpheum Theatre recommends this feature to be the best Harry Carey picture ever shown in Bismarck. It's the kind of a picture that is sure to make a hit with everyone that sees it. Don't fail to be present tonight.

### ELTINGE THEATRE

"Sunshine," in which Charlie Chaplin is the star, and which will be seen at the Eltinge Theatre starting Monday, is the third of the million dollar comedies which Mr. Chaplin has made since the organization of the Charlie Chaplin company, his own producing enterprise. The first one "A Dog's Life," and the second "Shoulder Arms."

The one big outstanding feature picture of the year is "When Bearcat Went Dry," which will be the attraction at the Eltinge theatre on Monday for two days.

The famous widely read novel of Charles Neville Buck, of the same title, has been made into a photoplay that teems with dramatic intensity and suspense.

The characters of the picture are those hardy mountaineers of eastern Kentucky who, from time immemorial, have shown slight regard for man-made laws. They are the descendants of the hardy pioneers who blazed a trail from the shores of Virginia through the mountains of that State and Kentucky. They fought the treacherous savage and settled the "Blue Grass State." They made it possible for an empire to be founded that gives to us and our children that follow, a land that knows no counterpart for riches.

It is such of kind of men and women that "When Bearcat Went Dry" has to do, and needless to say a picture-play of unlimited entertainment qualities is provided.

## "GOLFITIS" DESCENDS ON CITY AND WILLING VICTIMS RESPOND TO CALL

"Golfitis" has descended on Bismarck. The little germ is busier than ever. New victims already are reported, and the list is growing rapidly. Women are responding, as well as men.

Country club golf enthusiasts declare that this year is to be the best golf year in the club's history.

Last Sunday over seventy players swarmed over the greens under a hot sun. So marked has been the increase in interest in golf that the Country club officials are trying to make arrangements to obtain an instructor.

### Women Enthused

Women are playing golf this year more than ever, according to A. E. Bolster, secretary of the Country club. Bismarck will entertain the state

golf tournament this year, which probably will be held the first week in July, and many golfers from the city will enter in the club.

That week will be the caddies' wonderful time, as fifty caddies will be needed during the tournament.

### New Record Made

E. B. Cox, of the attorney-general's office, has hung up a new record which other golfers are trying to equal. He made the third hole at the Country club course in one stroke, the first time it has ever been done, it is said.

Several players have turned in the scores of close to forty for the nine-hole course.

### Addition Nearly Complete

The new addition to the Country club, 24 by 50 feet, in which will be the new dining room, probably will be finished this week.

One of the big events of the spring team out of the abundance of material.

or the Country club will be on May 31, which will be a holiday. Prizes may be given for the golfers on that day.

Do you believe in a perfect Supreme Being? Do you believe that this perfect Supreme Being could do an imperfect thing? Could you suggest one thing that He does that could be improved?

Could you suggest an improvement to be added to a new-born babe?

Does man make a single article, tool, instrument, etc., perfect, or does he add one improvement after another?

Innate is perfect; makes perfect bodies, trees, bushes, animals; in fact, all that which has life is the handiwork of Him. These objects are perfect, complete at time of birth; if anything were added it would be a drug; if organ, tissue or muscle were removed, just so much would the general metabolism be interfered with as that organ carried its share of work.

Believing that Innate is perfect, then if man removes any organ he is just that much denying the ability of Him to do things as they ought to be done. Consultation and Spinal Analysis Free.
