Simple, Sure and Easy
this way to a pretty skin

HERE is the safe, sure way to a smooth, healthy, blooming skin. An easy way, so simple that many women will say it can't be true.
It calls for no medication, it requires no special treatment. It is simply helping nature by aiding the natural action of the skin.
For when you know the skin is composed of countless minute glands and tiny pores you will understand that it must be kept clean. Accumulations of dirt, oil and dried perspiration clog and irritate and ugly blotches result.
This cleansing can only be done with soap, pure, soothing soap which does its work without harshness. Such soap is yours in Palmolive, mildest yet most thorough of cleansers.
In classic days Palm and Olive oils served both as cleanser and also a lotion. Ancient records picture their use and record the benefits.
Now, though centuries have passed, these same oriental oils still hold their place as cleansing cosmetics. Their blend in Palmolive has made them famous the world over.
It has produced a soap with a thick, penetrating lather, which cleanses like magic while it soothes, leaving the skin smooth as velvet.
If you value the health of your skin, wash your face daily—wash it thoroughly. Wash it with Palmolive Soap.
