LAST RITES FOR PIONEER TO BE HELD SATURDAY

Jacob Anderson Field Obsequies to be Held From First Baptist Church

MOURNED BY PIONEERS

One of the Most Active Workers in Advancing North Dakota in Country's Eyes

Funeral services for Jacob Anderson Field, Burleigh county pioneer who died Wednesday evening at his home east of the city, will be held Saturday afternoon at 2 o'clock at the First Baptist church in Bismarck. Services will be in charge of Rev. Jordan. Interment will be in St. Mary's cemetery. Many long-time residents of Burleigh county today mourned the passing of Mr. Field. He was declared to have been the first herald of North Dakota to the rest of the United States. Mr. Field first engaged in freighting from Bismarck to the Black Hills, before there was a railroad. He settled on a homestead six miles east of Bismarck and continued to reside there until his death.

Successful Farmer.

Mr. Field made a success of farming, a really difficult thing to do in the early days. He became enthused over the country. At that time North Dakota was just beginning to advertise herself to the rest of the country. Mr. Field, as representative of the Northern Pacific railroad and of the state, carried the name of North Dakota into all parts of the country.

He and Farmer Wallace were the two leading exponents of the state through exhibits at that time. Mr. Field went to the cotton exposition in New Orleans, 1884-1885, carrying an exhibit of the resources of North Dakota. His exhibit at the international exposition in Buffalo in September, 1888, was awarded first prize. Agricultural products were featured in the exhibit, but it included heads of buffalo, elk, deer and antelope, the buffalo head being that of the last buffalo killed on the Missouri river in the state.

Mr. Field also carried the wares of North Dakota to the World's Fair in Chicago in 1893 as state commissioner. He was painstaking in his preparation of exhibits and was remarkably successful.

Mr. Field was born in Lewiston, Maine, October 12, 1836. He served in the Civil war with the Twelfth Maine regiment. Returning to Lewiston after being mustered out of service, he took up farming and business life until he came west in 1877. Mr. Field was married to Miss Dorothy Golder, of Lewiston, Me., in 1859.

Remarkably Vigorous.

Mr. Field was possessed of remarkable vigor and he sold milk in Bismarck a year ago, at the age of 84, continuing active director of his farming and dairying work until a short time ago. Until last year he farmed an entire section. Mr. Field was the second man to file in the Bismarck land office. He was active in community affairs. He served as his township treasurer.

The deceased is survived by his widow and three children, Dr. M. Field, of Northfield, Minn.; E. J. Field, of Burleigh county, and Wilbert Field, of Bismarck. Mr. Field was an active Mason, being a member of the Bismarck Blue Lodge and a Thirty-Second degree Mason.

"BRAVEST BRIDE IN WORLD" IS FOUND

MR. AND MRS. O. G. WILLETT.

By Newspaper Enterprise. Missoula, Mont., April 22.—The peaks and the crags of the Bitter Root Mountains hold in their maw a little world of a man, woman and a dog.

The woman has won the name of the "bravest bride in the world." The man is O. G. Willett, a leper. The woman is his wife, who was a bride of eight months when Willett learned that he was a leper and went into exile.

The dog is Dixie Lad, a collie, content in the affection of his master, unmindful of the barrier that separates Willett from the big world beyond the mountain peaks.

The barrier is a double fence and a sign that reads, "LEPROSY QUARANTINE, Keep Away."

A telephone wire runs to Alberton, three miles away, to carry messages of the needs of Willett and his wife. The bills are paid by the people of Mineral county, whom Willett represented in the State Senate for two terms.

"Any woman would do as I have done, says Mrs. Willett. 'My marriage vows are sacred. I promised 'until death do us part.'"

She is a talented pianist. Someone learned that a piano was the one thing she missed most in her voluntary exile.

Newspapers of Missoula printed the story. Enough cash was raised to buy the piano.

Willett shuns medicine. He says he will refuse to go to the government colony for lepers in Louisiana. He tramps over the mountains and says he is getting better, that he believes God will cure him.

RAPS HARVEY'S APPOINTMENT AS U S ENVOY

Senator Williams Declares It Is Reward for Persecution

Washington, April 22.—Senator Harrison, Democrat, of Mississippi, charged today in the senate that the appointment of George Harvey, by President Harding as ambassador to Great Britain was a "reward for his efforts" to discredit the Wilson administration.

The senator said Mr. Harvey's pursuit of Wilson through his journals and otherwise was only comparable to Milton's "Hell Hounds" that were stationed at the gates of the infernal regions.

He added that the ambassador had "no equal as a creator of prejudice and a stirrer of strife," and that he "was a vindictive, self-annointed, intolerant, political accident."

Senator Harrison said he feared Col. Harvey's arrival in London would cause Great Britain and other nations to believe that "he will use whatever influence he may possess and the power of his position in attempts to destroy the league of nations."

How Much Do You Love Your Husband?

WOULD YOU shut yourself from the rest of the world if your husband were visited with a plague that caused him to be shunned by all men?

WOULD YOU give up everyone else near and dear to you to remain with him until death?

WOULD YOU be content to live in a mountain shack, never seeing another woman, never attending the movies, a church, a dance, a club meeting?

There are the sacrifices made by Mrs. O. G. Willett, who lives in the Blackfoot Mountains with her leper husband.

GERMANS' PLEA TO U. S. TURNED DOWN PROMPTLY

Harding Won't Mediate Question of Reparations but Suggests Way Out

URGES NEW CONFERENCE

If Germany Formulates Demands U. S. Will Take Matter to Entente

Washington, April 22.—The American government has refused an urgent request of the German government that President Harding mediate the question of reparations between Germany and the allies and fix the sum Germany is to pay.

The United States agreed, however, that if Germany would formulate promptly such proposals regarding reparations "as would present a proper basis for discussion," it would "consider bringing the matter to the attention of the allied governments in a manner acceptable to them in order that negotiations speedily may be resumed."

Germany's appeal, signed by Chancellor Fehrenbach and Foreign Minister Simons, was directed to President Harding and was transmitted through American Commissioner Dresel in Berlin. It was answered by Secretary Hughes after a conference late yesterday with the president at the White House.

The texts of both the appeal and the reply were made public last night by the state department. The communication from Berlin said the German government was "ready and willing" to agree without qualification or reservation to pay such a sum as the president after an investigation "might find just and right," and "to fulfill in letter and spirit all the provisions of any award that may be made by him."

The expressed desire of the United States that there be "an immediate resumption of negotiations" has brought into the situation a new element as it has been popularly supposed the two premiers would merely consider plans for further occupation of German territory and not a renewal of exchanges between London and Paris and Berlin.

FRENCH DISAPPOINTED.

Paris, April 22.—By the Associated Press—French official circles expressed disappointment today that the American reply to Germany's request for mediation was not a categorical refusal as had been expected here. The regrets were mitigated, however, by satisfaction that the United States was displaying an active interest in the reparations question.

It is thought that the communication indicates that the United States will not continue the conversation with Germany on this subject except in accord with the allies.

BRITISH INTERESTED.

London, April 22.—Dramatic efforts on the part of Germany to induce the United States to arbitrate the reparations question between Berlin and the entente government and the refusal of the Washington government to sit in judgment have lent new interest to the conference Sunday between Premier Briand, of France and Prime Minister Lloyd-George of Great Britain.

U. S. OFFICIALS START HUNTING FOR "BIG BILL"

To Investigate Radical's Headquarters—Reported He's in Russia

Chicago, April 22.—Federal officials today announced that they were requesting exhaustive investigation of headquarters of radicals in various cities throughout the country in the belief that "Big Bill" Haywood, I. W. W. chief, reported yesterday to have fled to Russia, as he was about to begin a 20-year penitentiary sentence, was being concealed in this country in connection with alleged plans for a May day demonstration.

Chicago, April 22.—Federal officials yesterday received confidential information that Wm. D. Haywood, secretary of the Industrial Workers of the World, scheduled to begin a sentence at the Leavenworth, Kan., penitentiary this week, had fled from the United States and now is either in Moscow or Riga.

Charles F. Clynne, United States district attorney, announced that a search had been started for Haywood.

"He is not in Leavenworth, Chicago, or New York," he said. Haywood was one of 46 I. W. W. whose cases the United States supreme court refused to review and who expected to report to the Leavenworth penitentiary this week. He was at liberty under \$10,000 bond. He was sentenced for violation of the selective service and espionage during the war.

PRESIDENT TO CONSIDER TALK ON RAILROADS

Tells Farmers' Congress He Will Give Proposal "Serious Consideration"

Washington, April 22.—Delegates to the National Farmers' Union convention here were received on the south lawn at the White House yesterday by President Harding who promised to give "serious consideration" to their suggestions that a conference of representatives of labor, capital and the basic industries and the railway executives be called to consider means for reducing freight rates. The president said, the suggestion was deserving of sincere thought.

The delegates were accompanied by several senators and representatives, and Senator Capper, Republican, Kansas, especially addressed the president urging that a conference as proposed be held.

In presenting a memorial outlining their views to the president, the farmers said they were eager to work with other industries for the solution of the rate question in order to resume again their normal course.

Some days ago he went to Beulah. It is alleged by his accusers that he owes a hotel bill of several hundred dollars and that Stuhr had been aided by the advance of money, including the payment of some drafts which had been returned to Stuhr by a bank.

C. N. Janzen to Have Hearing on May 4 on Charge of Manipulating Funds

ASSIGNS HIS PROPERTY

Cashier to Make Good Part of the Amount—Credit Effort Causes Suspicion

Through a shortage of \$32,872.48 on the part of its cashier, C. N. Janzen, the Citizens State Bank of Hazen, has closed its doors and there is in the hands of the bank's officials a signed confession from the cashier who was arrested last night.

Janzen, it is said, kept a pad of certificates of deposit at his home and issued them to people in return for their money but failed to carry the transaction on the books of the bank. When they became due, he visited the holders privately and renewed them paying the interest out of his own pocket, it is alleged.

A few weeks ago the bank caught in the general business slump became pressed for funds and hired another banker to renew its paper and seek additional credit. Suspicion was aroused that Janzen was covering up something and he was summoned and when questioned confessed the manipulation of certificates of deposit.

Faith In Institution.

One of the officers of the bank declared that the institution, one of the strongest in Mercer county, while closed will come back "stronger than ever." It has been a leader in financing the community and stood back of the local creamery, the building of the school and many other business and civic ventures.

Janzen has assigned all his property to the bank and it is said that the shortage will be covered within a nominal sum. No date for reopening was announced but it was expected that business would be resumed. It is said that the officers of the bank and its stockholders are men of means and that as soon as a reorganization can be effected that the institution will open its doors.

L. P. McAnaney, director of credits of the Bank of North Dakota, declared yesterday afternoon that Janzen had admitted shortage of \$32,800.

Case Continued.

State's Attorney John Moses of Mercer county has given a continuance until May 4, when the preliminary hearing will be held at Hazen. The Citizens State bank of Hazen had approximately \$250,000 deposits. It had \$30,000 on deposit from the Bank of North Dakota. The Hazen bank also has a loan of \$30,000 from the Bank of North Dakota.
