COATS SHORTER AS SKIRTS GET LONGER

Last year's suit positively will not do!

Last year's coat, if you remember correctly, frequently was so short of skirt and so long of jacket that only a few inches of the former showed below the coat hem as the fair wearer tripped along.

Skirts have been growing longer since then. The coats of this year's suits will be shorter.

The straightline box coat is most emphatically the coat of the hour.

The breast pocket is usually omitted from this season's coats, and the two remaining pockets may be inset or patch affairs, no fancy dictates and the tailor agrees.

The neck treatment of the coats varies considerably. Of course, there is always the notch collar, descending in a sharp-pointed V to the one

button upon which falls the whole burden of keeping the coat buttoned.

This spring has brought forth a legion of gay waistcoat effects, daintily veiled, and richly embroidered blouse fronts which it is simply cruel to cover up. So the suit coat obligingly fastens at the neck in many cases and flies open in the most generous and revealing fashion, without even a belt to subdue it.

This new habit of fastening at the neck instead of at the waist line allows two collar treatments, which seem to be equally popular. One is the youthful Peter Pan collar, or a round neck with no collar at all; the other is the scarf collar which many women like because it enables them to dispense with a fur neck piece and yet be comfy about the throat when a treacherous chilly wind arises.

AUXILIARY TO TAKE UP WORK ON AMERICANISM

The Ladies Auxiliary of the American Legion of Lloyd Spetz Post No. 1 has entered into the spirit of the national Americanism policy laid down by the national body by naming an Americanism committee headed by Mrs. Fanny Dunn Quinn to institute this work of the organization along this line.

The auxiliary has also decided, in its policy of co-operating with and aiding the Legion, to pay the dues of all unemployed members of Lloyd Spetz post.

The following statement of Mrs. Frances Bradley, state chairman of the department of Americanism, American Legion Auxiliary, in North Dakota, has outlined the Americanism work as follows:

"In order that units may do the most effective work in Americanism for the American Legion Auxiliary, will you kindly see to it, as United States citizen, that the Americanism Committee is appointed as soon as possible in your Unit?"

"The duties of the Americanism Committee of the American Legion Auxiliary, as defined by Secretary Pauline C. Curnick, requires that we co-operate with the public schools in fostering Americanism programs, proper respect for the flag, and proper historical information relative to American history."

"Too much importance cannot be attached to the education and training of children along the lines therein denoted, particularly in creating patriotic impulses while the young American is still in the impressionable age, for early impulses last through life. It is an easy matter, therefore, to have a child's mind developed with an utter indifference to patriotism or patriotic impulses merely through the neglect of instructors."

"While the selection of proper historical information relating to American history and the history of the late war is a matter largely in the hands of local school boards, it is highly important that the Auxiliary should be kept in touch with the various school districts of the land in your district in particular."

"I am therefore asking that you report to me quarterly, at least the exact nature of the educational work being accomplished in your local schools along the lines of instruction in American history and the development of patriotism in the children."

"Trusting that your schools are keeping step in the march of patriotic progress, I thank you for the courtesy of an early reply."

Cheap Meat Cuts

How to Cook Them Quickly

Very often cheap cuts of meat require so much fuel to cook them that no real saving is effected. As the weather grows warmer the tendency to use more steaks and chops and have a little fire as possible is strong in most women. Steaks and chops are the most expensive cuts of meat.

These recipes use the cheaper cuts of beef in such a way that they may be cooked as quickly as the more expensive cuts.

Broiled Mock Tenderloin of Beef One pound round steak, 1 teaspoon salt, 3-4 teaspoon pepper, 4 tablespoons cream, thin slices salt pork or bacon.

Have meat ground fine. Season with salt and pepper and work in just enough cream to make the meat stick together well. Form in round flat cakes and wrap a slice of salt pork around each cake.

Fasten with toothpicks. Pan broil or broil under the flame. Broil first on one side and then on the other. Garnish with parsley and serve very hot.

Tamale Pie (Individual) One pound lean beef, 2 1-2 cups beef stock, 1 1-2 cups tomato puree, 1 onion, 3-4 teaspoon chili powder, 1 cup canned tomatoes, 1 cup corn meal, 2 teaspoons salt.

Put one tablespoon suet or fat trimmed from the meat in a frying pan. Cut meat in two-inch squares and brown half of it in the fat.

Put browned meat and uncooked meat in a kettle, add two and one-half cups boiling water and simmer half an hour.

Add more boiling water to make two and one-half cups stock. Remove meat from stock and put through food chopper. Put ground meat, stock, tomatoes, chopped onion, seasoning in a large kettle.

Bring to the boiling point and stir in the corn meal. Cook, stirring constantly, 20 minutes. Add plump-togs chopped. Turn into well buttered individual molds, cover with buttered paper and bake half an hour in a moderate oven.

Beef Balls One pound round steak, 4 tablespoons bread crumbs, 3 tablespoons grated cheese, 1 onion (juice), 1 tablespoon minced parsley, 1 teaspoon salt, 1-4 teaspoon paprika, 1 egg yolk, 2 tablespoons suet, 1 onion chopped, 2 tablespoons flour, 1 cup boiling water, 1 cup tomato juice.

Have steak ground fine. Work in bread crumbs, cheese, onion juice, parsley, salt and paprika and egg yolk. Form in small balls. Render the suet, add chopped onion and sear in the hot fat. They should brown quickly. Add over flour and brown again. Add boiling water and hot tomato juice and simmer an hour. Bring quickly to the boiling point and reduce the heat. Servs at once.

Creole Beef Loaf Three-quarter pound round steak ground, 1-2 cup canned tomatoes, 1-2 cup bread crumbs, 2 tablespoons to-

mato catsup, 1 egg yolk, 1 teaspoon salt, 1-2 teaspoon pepper. Mix all ingredients well. Turn into a buttered mold, cover with buttered paper and bake half an hour in a moderate oven. Uncover and bake 15 minutes longer in a hot oven to brown. Remove from pan and serve garnished with parsley. (Copyright, 1922, NEA Service)
