Notice is given to the public that one S. O. Doane, our former agent has been discharged and in future we are not responsible for what he may do or say.

McCULLOUGH & TAYLOR,
26tf Props. Indianola Nursery.

An Explanation.

I see stated in ARDMOREITE of 26th inst., over signature of McCullough & Taylor that I had been discharged and that they were no longer responsible for anything I said or did. I would state that I was not discharged, but that I quit their service on about the 8th day of April. That just prior to my quitting they had both told me to send in orders to them during the coming season.

I wish to have those people who have heretofore so kindly favored me with their orders for trees, shrubs, roses, etc., during the past year and a half, as well as the public generally, know that I am in the business representing trees grown at Wynnewood, I. T., and I shall get my roses and choice shrubs and flowers from the celebrated rose house of Dingee & Conard company of West Grove, Pa., who have been fifty-one years engaged in the culture of roses.

I hope from now on my patrons will find plants, trees and roses true to name; that no fictitious labels will be used to make varieties as has been done in the past.

Very respectfully,
STEPHEN O. DOANE.

BIVENS & WILLIAMS
THE HARDWARE MEN.
