A Cure for Summer Complaint.

Summer complaint is usually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured, and which is always kept on hand at the home of every scribe. This is not intended as a free puff for the company, which does not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing (Iowa) Journal. For sale by City Drug Store and F. J. Ramsey.

One thing is certain and that is that life is made up chiefly of uncertainties.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States, and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery, and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks, when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by City Drug Store and F. J. Ramsey.
