

To the young man clerking in a store, driving a delivery wagon or "pulling a bell cord over Old Peter" for a bare living; to the young lady fast wearing out her nervous system teaching school for \$200 a year; to the girl who sews, cooks, washes and irons, this paper ventures a few suggestions that may be the means of getting you out of the crowd of over-worked and under-paid toilers.

You are worth to the business world simply what your education has prepared you to earn.

The boy whose education has fitted him for nothing better may expect to continue to use a spade and be bossed and scorned. This same is true of the girl at the wash tub.

Howers of wood and drawers of water for other people must work without thanks, in or without applause, grow old before their time, and go to their graves unhonored, unwept and unused.

"Hands that the rod of empire might have stayed" are today immersed up to their elbows in dish-water, and will stay there unless trained to do something of greater commercial value.

Any young person who will save up \$120 or \$135 can complete a full business, shorthand and typewriting course, including board, on this amount, if the right school is selected.

Let's see what income this \$135 will pay. The average farm hand, clerk, ditcher, dish-washer, etc., gets say \$25 a month, and this is a big estimate. The average business and shorthand graduate of Tyler College gets \$70 a month, i. e., \$45 a month or \$540 a year more than before taking the courses.

At 6 per cent it takes \$9,000 to produce a yearly interest of \$540. In other words, \$135 and 3 1/2 to 5 months' time invested in a business, shorthand and typewriting course adds \$9,000 to one's earning capacity or business capital.

This capital is always available. It constantly increases in value; is never lost in wild speculations or bank failures. It adds to one's social standing, happiness and usefulness to his dying days.

You will do well to write Tyler College, at Tyler, Texas, for large illustrated catalogue, free. This is the largest commercial and shorthand school in the South, and is always glad to advise and aid young people who want an education.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.
Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of peppin and other medicines, but nothing helped me. As a drowning man grasped at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well. **GEO. S. MANSIE, Attorney-at-Law, Nocona, Tex.**

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Dieting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates. **Kodol Makes Rich Red Blood.**
