### MUSCLES OF THE EYE.

& System of Exercise by Which The: May Be Strengthened. "Are your eyes sore? After reading do

they feel as if they were crossed and does it seem as if a numb swelling nestled between the brows? "In three cases out of five of ey-

trouble there is no allment with the orb itself, but only with the muscles which control its movements," said a noted oculist. "The eye muscles have become flabby and weak and require toning up and strengthening. This may be done by eye gymnastics.

"Whenever the eye is in use its mus-les are brought into play. Look at an other at close range, and the eye performs an imperceptible movement elof the socket in order to adapt itself to the range, exactly as a telescope is lengthened or shortened for various distances. Every time the eye turns to the left or to the right or upward or downward it is controlled by muscle that perform merely the mechanical jail. part of turning the organ of vision. It is in the decline of these muscles where most people ought first of all to seek their complaint.

"Nothing is simpler than to remedy this evil. Stand erect, gaze straight erty. ahead and throughout the entire exercises hold the head in this position. making it necessary for the eyes alone and not the muscles of the neck to come into play during the ensuing gymnastics. Hold a dime between two finfront as far as possible, at the same ways looking at the dime, approach the coin gradually until it is within four inches of the eyes. Then extend to the original position and repeat the movecontrolling the eyes on range adjustment.

"For the second exercise keep the head in the same rigid position as be. Be sure and hear him. fore and, holding the coin extended. keep the eyes fastened on it and move the arm as far to one side and as far to the other as the eye can follow the arc of the sweep.

"Holding head and arm and coin as at first, raise the arm so high that the eyes are unable longer to see the coin unless by an elevation of the chin-Then lower the hand with the coin sim-Harly until it disappears from vision.

"Perform these exercises faithfully. and in two or three days the eyes will be brighter and the sight better. Crow's feet will disappear, and the youthful vigor when the eye was in its highest state of efficiency will be restored."-New York Press.

CHAMBER OF COMMERCE.

Met Saturday Night and a Right Live ly Time They Had.

The Chamber of Commerce me Saturday night, President Suggs in the chair.

There were not many of the mem bers present, but quite a lively time they had for a while.

O. M. Redfield acted as secretary. The matter of advertising was brought up and it was ascertained that the city was entitled to a writeup in the Twin Territories, published in Muskogee, upon that journal secur. To Whom it May Concern: hunt at the home of Tom Askew Sat. ing a certain amount of subscribers here. The amount having been reached J. F. Easley and O. M. Redfield were delegated to get up the copy.

The president read a letter from R. W. Shepherd asking that the Ardmore Chamber of Commerce pass resolutions endorsing the coming of the Colorado, Oklahoma and Texas Railroad company, which will run from Denison, Texas, to Pueblo, Colo. Upon motion the president appointed Joe Weiss, W. F. Whittington and H. E. Foster to draft suitable resolutions and asking the road to take in Ardmore son their line.

The discussion of financial matters was then taken up and discussed at some length. Treasurer Roberts informed the board that the bank had notified him of the near approach when the Chamber of Commerce note of \$635 would be due and stated that he had only \$60 or \$70 then in the treasury.

This note was given to secure the balance of the money necessary to buy the jail site. A sufficient amount of money had been subscribed, the president said, to pay for the jail site, but had not been collected.

Many suggestions were made as to how to proceed to get this money. Upon motion of Captain Whittington Mike German, Maz Westheimer, Joe Robinson and R. Hardy were appointed as a committee with power to employ a collector to collect up the unpaid jail site subscription money.

#### The meeting then adjourned. A GRAVE CHARGE.

Dr. John W. Rollins of Duncan Found Guilty of Arson.

Yesterday afternoon Deputy J. C. Parker brought in John W. Rollins, a physician and druggist of Duncan, charged with arson, and placed him in

Rollins is accused of burning up some five or six houses in Duncan on the 28th of last month, which fire destroyed about \$65,000 worth of prop-

Mr. Rollins was accused of setting fire to the property and was arrested on the 4th of this month. He had a preliminary trial before Judge R. Stewart Dennee, who found him probably gers and extend the arm straight in guilty and set his bond at \$5,000, failing to give which Rollins was comtime riveting the gaze on the coin. Al- mitted to jail to await the action of the grand jury.

George W. Clark of Fort Worth will lecture at the city ha'l Thursday night, ment. It will strengthen the muscles taking for his subject "Sunshine and Where It Falls." Every seat free and no contribution asked for.

> Still a Victim. "By the way, how is Featherly getting on with his pretty wife-the woman with the drooping eyelashes?"

"Yes, Featherly used to say he was the victim of her drooping eyelashes before they were married; now he is the drooping victim of her tongue lashes."-Kansas City Journal.

Clothes and the Man. "What a mistake it is to judge men by their clothes."

"I know it. There is a self made millionaire in this town who dresses just as well and with as much taste as any of the clerks in his establishment." -Chicago Pecord-Herald.

Without Returning It. She-I think May has lost her heart. He-Well, the man who has found it will receive a handsome reward. Town and Country.
