### NEGROES TO SEIZE HAYTI.

Plan Hatching to Form an Afro-American Empire.

New Haven, Conn., May 7.—William Pickens of Little Rock, Ark., the colored orator of Yale, 1904, who captured the TenEyck prize in February, has received an invitation to become the head of an Afro-American empire, to be established on the island of Hayti. The proposition comes from N. L. Musgrove of Sturgis, Ky., who is agitating a movement tending toward the seizure of the island of Hayti by the American negroes. The plan is for Mr. Pickens to enlist interest in the movement in the East, especially at Yale University, and collect money for the equipment of an army, the purchase of a warship, transports and provisions. Then the negro army hopes to attack Port au Prince, the capital of Hayti, and, if successful, eventually place it under the protection of the United States. The government will be Republican in politics according to Mr. Pickens, but it will be administered as a gigantic corporation, with all the citizens as stockholders.

All land titles and franchises are to be vested in the state. There will be no penitentiaries or jails, and all dangerous criminals will be provisioned and set adrift on the sea to seek other shores. Agriculture, manufacturing and all other profitable industries are to be encouraged. Public schools are to be established and liberty is to be universal, but the rights of each are to be bounded by the equal rights of every other person. The movement has developed to a considerable extent in the South and to a more limited extent in the North.

**KODOL**  
Digests What You Eat.

**Weak  
Hearts**

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

**Kodol**

Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

Bottles only, \$1.00. Size holding 2½ times the trial size, which sells for 50c.
