TWO STRAIGHT

ARDMORE TEAM RETURNS WITH THAT RECORD OVER GUTHRIE.

Southwestern Leaguers Fought Gamely—Sporting Writers at Guthrie Say Ardmore Team Is the Strongest There So Far.

The Ardmore ball team returned this morning from Guthrie, where they secured two victories over the Southwestern League team of that city. The Guthrie team had been heralded as the best ever, and having recently been strengthened by several crack players, an even break in the two game series was the best the friends of the local ball team had expected. However, the leaguers were shown a few things about ball playing—Ardmore winning Saturday 6 to 4 and yesterday 2 to 1.

As a side attraction for yesterday's game it was advertised that the two tallest pitchers in America would oppose each other. Harris of Ardmore, 6 feet 1 inch in height and Hite of Guthrie, who is 6 feet 5 1/2 inches.

Sunday's game proved to be the fastest ever played in Guthrie, the feature being the pitching of Harris and all round playing of the team behind him. The game was tied in the eighth inning and not until the twelfth inning was the tie broken, when Ardmore secured a run, winning the game.

Score by innings:
1 2 3 4 5 6 7 8 9 10 11 12
G. 0 0 0 0 1 0 0 0 0 0 0 0—1
A. 0 0 0 0 0 0 0 0 1 0 0 1—2
Batteries—Guthrie, Hite and Brown; Ardmore, Harris and Ragsdale.

EMPLOY PROF. J. R. HENDRIX.

The Ada School Board Elects Him as Superintendent of Schools.

The Ada school board held a business meeting Saturday and employed Prof. J. R. Hendrix of this city as superintendent of the Ada public schools and also elected Mrs. Hendrix as one of the teachers.

The Ada board will build one more handsome building and expect to be able to open their schools in September.

Prof. Hendrix is repaid by educators as being one of the finest teachers in the Southwest, and his four years work in Ardmore has proved him to be a teacher of far more than ordinary ability. The Ada board could not have chosen a better man to take charge of its public schools.

The clerks' union will meet at their hall Monday evening.

United Sons of Confederate Veterans, General Order No. 1.

To the United Sons of Confederate Veterans, Comrades: By virtue of election as commander in chief in our convention at the general reunion of 1904 held in Nashville, Tenn., I hereby assume command of this organization.

General headquarters are hereby established at Fort Worth, Texas.

I hereby appoint L. J. Stockett of Fort Worth, Texas, adjutant general and chief of staff, and Clinton Barr of Fort Worth, Texas, as quartermaster general.

It is with a full appreciation of the labors and responsibilities incumbent upon the office that I assume command of this glorious organization. It is proper at this time to call attention to the name of the order, "United Sons" and ask your earnest interpretation of the meaning. Strife and bickerings should have no place in our organization and the purposes of this confederation should and will, I hope, be placed high above personal feeling and ambitions. Let it be understood that our love for it began in the cradle and will end only in the grave. Let it be known that we are the sons of the truest, bravest men that ever faced a cannon's mouth. Each son has a duty to perform in perpetuating the proud records of our soldier fathers whom we love so well. And still a greater duty, the perpetuation of the memories of the Spartan mothers of the Confederacy, who are our everlasting pride and eternal love.

Comrades, when the roll is called, stand up with a consciousness of having done your duty. There are fully one million sons of the Confederacy and every one of them should be in the ranks working with a single purpose. An invitation should be extended to every one of them. Each member should constitute himself a recruiting officer and lend his influence and energies in building up the organization. Let us all work in harmony in the promotion of the welfare and growth of the grandest, most glorious organization that mortal man has ever conceived of, and near year at Louisville, Ky., meet in love and unity with but a single purpose.

Where it is practical, it is the desire of the commander in chief that all matters should pass through division and department headquarters in which they emanate.

N. R. TRIDAL,

Commander in Chief.
