

## THE HUMAN BRAIN.

**It Is Our Most Highly Specialized and Vitalized Organ.**

The story of the brain as scientists have gradually learned its peculiar construction is of marvelous interest. This organ, and apparently homogeneous mass, is regarded to be as the most highly specialized and vitalized organ in the human body. It consists of hundreds of millions of separate and independent organisms, once known as nerve cells, but now called "neurons." These units of the brain are independent bodies and consist of a cell body, its axis and its branches. The cell body contains within its covering membrane elements which generate the nerve force or energy. The axis is the nerve or pathway which conveys that force and the branches are the nerves of communication of the neurons with each other and with the organs and tissues to which the nerve is distributed. The life history of these microscopic bodies is the same as the lives of other organs and tissues. They are implanted at birth and may remain dormant for a lifetime. If stimulated to activity they enlarge through mere abundant nutrition, but waste and atrophy when the stimulus is removed. They are undergoing constant changes through the process of nutrition and from the innumerable impressions made upon them by objects within and without the body. Stephen Smith, M. D., LL. D., in *Leslie's Magazine*.

## Will Cure Consumption.

A. A. Hobson of Tulsa, Ark., writes: "Frova Honey and Tar is the best preparation for coughs, colds and lung troubles. I know that it has cured consumption in the first stages." City Drug Store.

Let us tell you that screen wire We have it in all widths. Fivens, Corbin & Frenzley.

Everything you eat will taste good and do good if you take Ring's Dyspepsia Tablets. Sold by City Drug Store.

## Looking One in the Eyes.

There is a venerable specimen of proverbial philosophy which says that the man who cannot look you in the eyes is dishonest. No other saying has received greater currency. It strikes the popular mind with axiomatic force, and yet it is not a reliable test of character. Every confidence-man who succeeds in his calling has the steady gaze of the innocent person. No person either skilled in the fine art of deception fails to take an obvious precaution to impress his dupe. On the other hand, many persons of unquestionable integrity are "put out of countenance" by mere shyness. So nobly was this trait developed in the case of Haw-thorne, in his earlier years at least, that he would go out of his way to avoid meeting those who desired to converse with him. It would be impossible for such a man to cash a forged check, to borrow money from a bank or beggs collateral.

The great rascals can face the world without shrinking—New York World.

## Advice to the Men.

Remedies are unloaded upon women telling, instructing and admonishing her how to make home pleasant, so that the lord and master may find comfort therein. So, then, why should not some advice be given to the said lord and master? For verily there is more than one of them who make home highly unpleasant. There is the man who does not realize that it takes money to make home pleasant. There is the man who does not realize that his wife needs recreation and outside amusement once in awhile, so that she can continue to make home pleasant. There is the man who does not realize that silence and grumpiness and a grumpy now and then do not make home pleasant. There is the man who does not realize that children must be noisy sometimes and play and romp if home is to be pleasant to them. A *Woman's Cor*, in Philadelphia Telegraph.

One night is all the time necessary to prove that Phineas is the best remedy in the world for backache and all kidney and bladder trouble. If you have rheumatism or any other blood disease a single dose will give relief. Sold by City Drug Store.

A girl had rather be ornamental than useful.

You can apply Manzan instide, right where the pain is. It is put up in collapsible tubes with nozzle attachment for introducing it. Manzan stops pain instantly and cures all kinds of blind, bleeding, Rehing and protruding piles. Sold by City Drug Store.

## Socks Are Great Tasters.

Sucking enough at times they gorge themselves, are great tasters. In the French language an idiom only recently found was a very small feeder though he gained in weight. Taken thereby, in 1885, he had only thirty-four pounds during the next five years, consisting of a small gain of a few pounds. The interval between these two is only from twenty-five to 204 days. He could not touch food until he was in real need of it and it was only by watching him and noticing when he seemed to be uneasy that his keepers could conclude that he was hungry. During the long fast, which was in 1890, many strenuous efforts were made to tempt or force him to eat with only limited success.

Unless the lenses in your glasses are perfectly fitted and the frames are properly adjusted injury to the eyes will result. We are careful about every point connected with eye fitting.

E. J. RAMSEY, Druggist.

## CATARRH TROUBLES PREVALENT.

**Spring Months Cause Catarrh, Bronchitis, Hayfever and Be Cured.**

Catarrh troubles are more common at this season than at any other time of the year. The sudden changes that come during the spring months are productive of many cases of catarrh that without proper treatment will become chronic.

The pleasantest, most convenient and only scientific method for the treatment of catarrh is Hyomel. Simply put twenty drops in the little pocket inhaler that comes with every outfit and then breathe it for three minutes four times a day.

The complete Hyomel outfit costs but one dollar and as the inhaler will last a lifetime and there is sufficient Hyomel for several weeks' treatment it is the most economical catarrh remedy known. Extra bottles can be purchased for fifty cents. Ask the City Drug Store to show you the strong guarantee under which they sell Hyomel.

It is often the case that the man who sends his wife roses before marriage sends her only thorns afterwards.

## Where Happiness is Found.

Don't look for true happiness in the mansions of the very rich, where high-priced physicians are called in to doctor every ailment. But seek it and find it too, in the comfortable homes of the middle-classes and so-called poor, where Green's August Flower is always used to keep the family healthy—to cure all stomach troubles, whether indigestion, dyspepsia, constipation, loss of appetite, bilious attacks or torpid liver. Trial bottle August Flower, 25c. Big bottle, 75c. W. B. Frame, T. N. Coleman.

People who are constantly shooting off their mouths use only powder, and therefore hit nothing.

It is difficult to cure a cough or free yourself from the discomforts of a cold unless you move the bowels. Bee's Laxative Honey and Tar acts on the bowels and drives all cold out of the system. Then comes its soothing effect and strengthening influences upon the throat and lungs. For Croup, Whooping Cough, Colds, and all lung and bronchial affections, no remedy equal to the original Laxative Honey and Tar. Sold by City Drug Store.

The birds pipe their lays, but they don't have to employ pianos to repeat their pipes.

**Exposure.**  
To cold draughts of air, to gales, cutting winds, sudden changes of the temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, brings on coughs and colds.

Ballard's Houndsound Syrup is the best cure. Mrs. A. B. Hart, Houston, Tex., writes January 31, 1902, "One bottle of Ballard's Houndsound Syrup cured me of a very bad cold. It is very pleasant to take." Sold by W. B. Frame.

Express velocities shoot down as well as up.

**Hot Weather Piles.**  
Persons afflicted with the piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make piles more painful and dangerous. Dr. W. C. DeWitt's Witch Hazel Salve stops the pain, draws out the soreness and eases. Get the genuine bearing the name of E. C. DeWitt & Co. All drugs.

## CITY GOVERNMENT.

Mayor—R. W. Dick  
City Clerk—G. H. Bruce  
Police Judge—J. L. Galt  
Chief of Police—Buck Garrett  
Assessor and Collector—W. R. Roberts  
City Attorney—Caswell Bennett  
City Treasurer—W. B. Frame  
Aldermen:

First Ward—J. S. McCharen and G. W. Stuart.

Second Ward—J. S. Mullin and L. R. Best.

Third Ward—J. R. Pennington and R. W. Randolph.

Fourth Ward—W. A. Gilliam and C. D. Carter.

## Committees.

Finance committee—J. R. Pennington, J. S. McCharen and C. D. Carter.  
Street and alley committee—L. R. Best, W. A. Gilliam, R. W. Randolph and G. W. Stuart.

Sanitary committee—S. McCharen,

J. S. Mullin and R. W. Randolph.

Improvement committee—R. W.

Randolph, C. D. Carter, L. R. Best and G. W. Stuart.

Street commissioners—W. E. Landrum.

City physician—Dr. J. W. Moffett.

Stenographer—George Tucker.

Waterworks and sewerage inspector—Mr. Broadus.

Waterworks engineer—W. E. Mullins.

## Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Atchison (Kan.) Globe: "Joe Tack, a well known engineer running on the Missouri Pacific between Wichita and Kansas, lately appeared in a big one, with his picture and when he was in this office today, we asked him about it. He said he had terrible pains in his stomach and thought that he had cancer. His druggist recommended Kodol and he says that it cured him. He recommended it to others, who were also cured." Kodol Dyspepsia Cure directs what you eat and cures all stomach troubles. Just as surely as the sun shines your stomach can be brought back to its originally pure condition and life sweetened by this lasting and truly greatest digestant known. Sold by all druggists.

Everybody knows where the old fire station is, and everybody is learning that Preddy has it filled with the finest lot of buggies in the city.
