DEADLY EXCURSION WRECK FORTY KILLED, HUNDRED HURT

By Associated Press.
Detroit, July 20.—A Piere Marquette excursion train carrying eight hundred persons, mostly railway employes, from the shops at Ionia to Detroit, collided with a freight train this morning at Salem. Six of the eleven cars in the train were destroyed. Many persons were killed and injured.

At noon twenty-two bodies had been taken from the wreck and there were probably fifteen more, scores of persons were injured.

Salem, July 20.—From thirty to forty persons are killed and about one hundred persons injured in the wreck.
The responsibility rests with the freight crew who failed to obey orders. The wreck occurred on a straight and level piece of track. The heavy freight and passenger trains came together with enormous force.

When the uninjured persons recovered from the shock and crawled from the wreckage they began extricating the dead and injured.

SUPREME COURT SUSTAINS DEMURRER IN GOLDSBY CASE

Ardmoreite Special.

Washington, D. C., July 20.—Justice Wright in the supreme court, District of Columbia today sustained the demurrer filed by Kappler and Merrilat, attorneys of Washington, to the answer filed by the department of justice in the mandamus case of John E. Goldsby, a Chickasaw Indian, who was stricken from the Chickasaw rolls without notice by Secretary Hitchcock on March 4.

Court ordered a writ of mandamus to issue, compelling Secretary Garfield to restore Goldsby to the final approved rolls.
Similar action will be ordered next week in the cases of Clay McCoy of Ardmore, an inter-married Chickasaw, and of Ida, George, Frankie, John and Johnnie Allison, Cherokees by blood, in whose behalf mandamus petitions were filed by Kappler and Merrilat, and James K. Jones of Washington.

Petitioners' attorneys allege that

even in a proper case, Secretary Hitchcock could not have stricken the names from the rolls without giving due notice and opportunity to be heard.
Second, that having once placed them on the final rolls the Secretary's jurisdiction and powers were exhausted.
And lastly that Secretary Hitchcock had misconstrued and misapplied the opinion of the attorney general in the Thompson case.

Justice Wright in his opinion said: I am unable to escape the conclusion that even were it conceded the Secretary had the authority to strike the name from the rolls, nevertheless notice and opportunity to be heard were preliminaries essential to the exercise of the power.

The present suits will be followed by a number of others, as both the government and attorneys for petitioners, held that no names can be restored except by filing separate suits, for each person stricken off.

PRINTER KIDNAPED

SEIZED IN OKLAHOMA CITY AND FORCED ON BOARD TRAIN. ESCAPES IN FT. WORTH.

Ardmoreite Special.

Oklahoma City, July 20.—Will Latimer, a journeyman printer of Oklahoma City, who was supposed to have been murdered, has written his wife from Fort Worth, where he was taken, he says, by a gang of kidnapers.

The story told by Latimer is sensational. He claims to have been seized on the streets of Oklahoma City the night he disappeared and forced on board a train, southbound. His captors were men. He escaped from their strict surveillance at Fort Worth and immediately notified his wife of his whereabouts.

The peculiar feature about the case is that a short time ago Latimer filed suit for personal damages against the Rock Island railroad and since he has been missing the suit has been compromised. Latimer has come from Fort Worth to Jacksboro, Texas, to visit relatives before returning to Oklahoma.

TWO PRISONERS RELEASED

FOUR HELD ARE RINGLEADERS OF OSAGE MOB WHO LYNCHED THE NEGRO.

Ardmoreite Special.

ARGUMENT FOR PROSECUTION

IN THE HAYWOOD TRIAL RELATES MUCH TESTIMONY.

WORDS BETWEEN COUNSEL

Hawley in Anger Tells Darrow for the Defense That He Utters Deliberate Untruths—The Judge Takes a Hand.

By Associated Press.

Boise, Idaho, July 20.—In the Haywood trial this morning, Hawley continued the argument for the prosecution. Taking up the matter of the attempted assassination of Governor Peabody, Hawley related much of the testimony of Orchard, as to the plans he and Steve Adams laid, to kill the governor.

Orchard's testimony was amply corroborated, counsel declared. Hawley precipitated an exciting battle of words with Clarence Darrow of the defense. "If," said Hawley, "there was one word of truth in Orchard's testimony as to the attempts on Peabody, who of all men was the best witness to testify, the man who is now in the basement of this building, or the man who stood in esteem of the leaders of the Western Federation of Miners, second only to Orchard? Steve Adams of the prosecution brought this man to Boise, so he could be used by the defense if it so desired."

"I object to that," shouted Darrow. "It is an absolute untruth, as counsel well knows, and there is no such record in this case."

"If you say what I have stated is an untruth," replied Hawley, in anger, "you utter a deliberate falsehood."

Darrow renewed the objection and then Judge Wood took a hand. He said he would instruct the jury to disregard all statements made by the counsel not borne out by evidence.

INTERSTATE DECISION

GIVES REDUCED RATES ON FLOUR ON SANTA FE FROM OKLAHOMA TO TEXAS.

Ardmoreite Special.

Guthrie, Ok., July 20.—Advice from Washington are to the effect that the decision of the interstate commerce commission in the case of W. O. Mitchell against the Santa Fe railroad, is adverse to the corporation. A new rate on flour of 20 cents to Gainesville and 22 cents to Fort Worth was ordered. The rate now in force is 28 1/2 cents. Judge Cromwell, attorney general, who argued the case, asked for 19 and 20 cent rates, but is pleased with the decision. He expects decisions in other important cases soon. Mitchell is a farmer living near Guthrie and to him is due the credit for instituting the fight for lower rates in Oklahoma and Texas. He began the agitation three years ago.

KOREAN TROOPS IN MUNTINY MINISTERS HOMES BURNED

By Associated Press.

Seoul, Korea, July 20.—Four machine guns are now mounted at the Lail-han gate.

Should Korean soldiers repeat yesterday's behavior by firing on Japanese police, the Japanese troops will not hesitate to retaliate.

Seoul, Korea, July 20.—A company of Korean troops mutinied an hour ago, escaped from the barracks without their officers and attacked the police on the main streets at the Great Bell. After firing several volleys they scattered, continuing a desultory firing and attacking individual Japanese. They were joined by the populace, who used stones and clubs.

Ten wounded have already reached the hospital in the Japanese quarter, where the Japanese are flocking for refuge.

The correspondent of the Associated Press while on the scene noted seven Japanese and four Koreans dead and three Japanese and two Koreans wounded.

Gen. Hanegawa is sending dismounted cavalry to reinforce the police, who are now searching for the mutineers.

Seoul, July 20.—Cracks of rifles continue to be heard and it is believed a collision has occurred between the Japanese police and Korean soldiers.

Seoul, July 20.—Last night Marquis Ito was told of an alleged plot. The imperial guards, it was said, had been ordered by the former Emperor

to enter the palace at midnight and murder the cabinet officers which were responsible for his abdication. He immediately ordered troops sent to the scene.

Soldiers arrived half an hour before the time for the intended dash of Korean soldiers on the palace.

Seoul, July 20.—The ceremonies attending the accession of the crown prince to the throne were carried out this morning.

Seoul, July 20.—Streets were being cleared at noon when desultory rifle firing was heard in different parts of the city, presumably by deserters from Ping Wang regiment whose plotting continues.

A concentrated effort was made at 2 o'clock today, (Saturday) to murder the entire cabinet.

After haranguing at the temple of Heaven the mob marched a mile to the mansion of Lwan-yung, which they sacked and burned. The same mob then visited the home of the prime minister and others.

They then proceeded to the home of the minister of war, near the old palace, but here they were repulsed by Japanese guards and many rioters were wounded and killed.

Those hostilities are deemed wholly against the Japanese other foreigners are safe.

MILITIA GUARDING ITALIANS STAND OFF MOB WITH GUNS

By Associated Press.

Hahnville, La., July 20.—A dozen militiamen faced a mob of one hundred would-be-lynchers here today, and without firing a shot sent them peaceably back to New Orleans.

With the militiamen's guns leveled at their waists, members of the mob with loaded revolvers and clubs held in menacing positions, not a word was spoken and no one moved. Then Major Wheat drew out, "Any of you fellows got a cigarette?" This created a laugh. A moment later Wheat told them unless they left immediately he would order the soldiers to fire.

The members of the mob with one accord faced about, marched to the train and left the town without a murmur.

New Orleans, La., July 19.—With the peaceable dispersal early today

of a posse of 300 men who had formed at Gretna, La., to lynch the three Italians convicted of the Lamana murder last night, the acute crisis in the law and order record of this state is safely passed. This mob consisted of several small mobs, which had formed at widely separated points and talked about the hanging of the Italians if a favorable opportunity presented. Probably Gov. Blanchard's prompt action in ordering out two companies of the state militia within two hours after the verdict saved the Italians' lives. The soldiers arrived at the Hahnville jail in St. Charles parish, where the prisoners were confined, shortly after midnight, in time to forestall plans which were on foot to take the prisoners from New Orleans officers, either by boat, wagon special train or by other means.
