## CROUP

 the night by the ringing cough which accompanies an attack of croup. The child may retire with nothang but a slight cold and a few hours later the family be aroused by the ominous symptoms. Every home where there are small children should be prepared for these sudden attacks, as prompt treatment is necessary. Do not experiment with remedies of doubtful value, but getthat has been in use for nearly forty years and never known to fail.

Attacks of croup are most likely to occur during the early winter months, and every family with young children should be prepared for it. Keep a bottle of CHAMBERLAIN'S COUGH REMEDY in your home. It only costs a quarter, large size $\mathbf{5 0}$ cents. Your druggist sells it.
