Inquiries Regarding the Charter.
Commission form of government
in this city is attracting considerable
attention from different parts of
the United States and frequent in-
quiries come to the city clerk, ask-
ing questions about this and that
from older and larger cities.

Last week inquiries came from the
city of Boston, Mass., asking about
certain details in the charter which
had evidently been the subject of
interest to the people who have in
charge the municipal business of the
"Hub."

Today an inquiry came from Sac-
ramento, California, to certain
things in our charter and how they
worked.

Commission form of government is
becoming the subject of agitation all
over the country and cities that
have adopted the plan are watched
with keen interest by places that
are contemplating a change from the
old to the new way of gov-
ernment.

How's This?
We offer One Hundred Dollars Re-
ward for any case of Catarrh that can
not be cured by Hall's Catarrh Cure.
F. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known
F. J. Cheney for the past fifteen years

GORDON RUSSELL GETS JUDGESHIP

**TEXAN NOMINATED BY PRESI-
DENT TAFT AS SUCCESSOR OF
JUDGE BRYANT.**

A SLAP FOR CHAIRMAN LYON

**Who Had Publicly Announced That
Henry Grady, Republican, Would Be
Given the Appointment.—Russell is
a Democrat.**

Washington, May 28.—President
Taft today sent to the senate the nom-
ination of Representative Gordon Rus-
sell to be United States judge of the
eastern district of Texas, succeeding
the late David E. Bryant of Sherman.

Congressman Russell, who is a
democrat, had been urged for ap-
pointment, against M. C. McDonald of Par-
is, W. H. Atwell of Dallas, George
Clarke of Waco, Judge Henry McGrady
of Bonham, and S. B. Cooper of
Beaumont.

McGrady was known to
be Colonel Cecil Lyon's candidate, the
dispenser of Republican pie in Texas,
having announced shortly after Judge
Bryant's death that the Bonham man
would be appointed. In view of this
the president's action is regarded as
a direct slap at the Duke of Damasco.

Colonel Cooper was appointed gen-
eral appraiser of merchandise for the
port of New York last week.

Gordon Russell was born of Geor-
gia parents in Huntsville, Ala., at the
home of his maternal grandfather,
Judge James H. Gordon, is the eldest
son of Henry A. Russell and Mary
Gordon Russell; was educated at the
Sam Bailey institute, Griffin, Ga., and
the Crawford high school, Dalton, Ga.,
and after a two years' course at the
University of Georgia, received from
that institution the degree of A. B.;
was a member of the Phi Delta Theta
Greek letter fraternity and of the Phi
Kappa Debating society; was chosen
anniversary orator of the Phi Kappa
society, and was also elected to rep-
resent that society in the annual de-
bating contest with its college rival,
the Demosthenian; taught school at
Dalton, Ga., and during that time read
law and was admitted to the bar by
the superior court for Whitfield
county; removed to Texas in the lat-
ter part of the year 1879 and located
in Van Zandt county; removed to Ty-
ler, Smith county, in 1895; was elect-
ed county judge of Van Zandt county
in 1884, and at the end of one term
voluntarily relinquished that office to
resume the practice of his profession;
in 1892 was elected district attorney
of the seventh judicial district
of Texas, composed of the counties of
Gregg, Smith, Upshur, Van Zandt and
Wood; was re-elected to that office
without any opposition, was in the
new third congressional district for
the fifty-eighth congress in August,
1902, and upon the death of Hon. R.
C. DeGraffenried was elected to fill
out the remainder of his term in the
fifty-eighth congress, and to the fif-
ty-ninth congress, and re-elected to
the succeeding congresses.

The compromise agreement sub-
mitted by the joint committee of the jour-
neymen bookbinders' union and em-
ployers at San Francisco, Cal., is
now under consideration.

There were 28,347 persons in the
federal employ in Washington, D. C.
July 1st last, the annual pay roll for
them is \$31,541,225, an average of
nearly \$1,100 each.

It is about forty years ago since
women compositors were introduced
into the printing trade in Edinburgh,
Scotland. It is estimated that they
now equal the men employed at the
case.

Thirty-five cents an hour will be
the minimum wages for Toronto, Can.,
upholsters for the future. This
amicable settlement was reached re-
cently between the employers and the
union. This is about five per cent in-
crease.

The fight for alleged free speech at
Spokane, Wash., has been won by the
Industrial Workers of the World, it is
stated. The City Council is reported to
have agreed to pass a reasonable
ordinance to regulate street speaking.

Portland, Ore., is up in arms against
the influx of Hindus. Riots have re-
cently taken place in St. John, a sug-
ary of that city. The lumber mills
have been paying white help from
\$2.50 to \$3 a day. The Hindus gladly
took these jobs for \$1.80.

The 6,000 carpenters of Boston,
Mass., and vicinity, affiliated with the
United Brotherhood and the Amalgam-
ated Society of Carpenters and
Joiners are a unit in demanding a
wage increase of approximately 24
cents an hour on June 1, or strike.

Elevator Constructors' Union, at
Boston, Mass., signed an agreement
with the employers whereby the men
shall receive \$4.50 a day for mechan-
ics and \$3 a day for helpers. This is
an increase of 50 cents for mechanics
and 25 cents for helpers.

As a result of the referendum vote
cast by local unions of the Western
Federation of Miners, the organization
will ask for a charter from the Ameri-
can Federation of Labor, the proposi-
tion carrying by 7,000 votes. Out of
the 265 locals in the federation only
five voted against the proposed affil-
iation.

The convention recently held by the
Bricklayers' and Masons' Internation-
al Union decided to place the question
of the erection of a National home,
similar to that of the printers in Col-
orado Springs, before the locals for
discussion for ten months, at the end
of which period it will be put to a
referendum vote.

A bill creating a commission to in-
vestigate the advisability of a Nation-
al Workmen's compensation act
through which workmen and their
families would be compensated by
their employers on a fixed basis in
cases of injury or accidental death, is
now pending in the house of repre-
sentatives at Washington.

Refusing to accept a compromise offer
at 47 1/2 cents an hour, 5,000 jour-
neymen carpenters of Cincinnati, O.,
have voted to go on strike. The men
demand 50 cents an hour. The present
scale is 45 cents an hour. Probably 50
per cent of the contractors gave notice
that they would sign the scale at 50
cents, and the men employed by these
will not go out.

Commencing with the year 1913, the
lithographic trade, embracing a mem-
bership around 30,000 throughout this
country, will begin on an eight-hour
day instead of the nine-hour as at
present. A plan is said to have been
adopted by the employers which will
also give to the men an insurance
without cost to them covering acci-
dent, health and life.

Brewers in Washington have con-
ceded to their employees an eight-hour
day. In return the employees have
agreed to take not more than two
drinks of beer during the eight hours.
No wave of temperance reform on the
part of the brewery management
however, is responsible, but a wish to
get a full measure of work out of the
employees. Before and after working
hours it is agreed the employees can
drink all the beer they want.

There are but twelve photo en-
gravers west of the Mississippi that
are outside of the international orga-
nization. The craft is 98 per cent
organized, throughout the United States
and Canada. It has a membership of
3,700 and in the international fund
there is a per capita sum of \$12 for
every member of the international.

The general organization is giving con-
sideration to the question of establi-
shing an old age pension.

The International Hod Carriers' con-
vention has been postponed until
June 8. At this meeting a reorganiza-
tion will be effected bringing together
the three internationals and all inde-
pendent locals. The merger is the re-
sult of the decision reached at the
Tampa, Fla., convention last October.
More than 100,000 members in the

A union of piano polishers is being
organized in San Francisco, Cal.
Union bricklayers at Minneapolis,
Minn., are now receiving 65 cents an
hour, which is 5 cents more than last
year.

A federation of 6,000 miners was re-
cently effected in Wyoming.
The Canadian Northern has signed the
schedule asked by the black-
smiths, molders and pattern-makers.

One thousand retail clerks at Butte,
Mont., were recently organized into a
union, which will owe allegiance to
the A. F. of L.

Deaths from accidents among sea-
men number fifty-three per 10,000, five
times higher than in "dangerous occu-
pations."

From June 13 to 19, at Omaha,
Neb., International Stereotypers and
Electrotypers' Union of North America
will hold its annual convention.

During the past year preventable
accidents injured, it is said, half a
million workmen in the United States
and entailed a loss of \$250,000,000 to
manufacturers.

Boston, Mass., Wood, Wire and Met-
al Lathers' Union recently reported
that every employer in the city has
granted to the members the May 1
wage scale.

UNITED STATES AND CANADA WILL BE AFFECTED BY THE CHANGE.

President Ripley of the Santa Fe
has recommended a six per cent in-
crease in salaries and wages of all un-
organized employees on the Gulf, Colo-
rado and Santa Fe lines, extending
through Texas, Oklahoma and Louisi-
ana. Mechanics as well as all station
and office agents and clerks will get
the increase which ranges from \$3 to
\$15 per month. It swells the payroll
\$400,000 annually. This is the first in-
crease in pay for unorganized em-
ployees in ten years.

Frank Morrison, secretary of the
American Federation of Labor reports
for the five months of the Federation
year an increase in per capita tax of
\$1,463.27 over a like period last year.
This indicates an increased member-
ship of 6,000. The Federation has is-
sued 402 charters as against 32 for a
corresponding time last year. Affili-
ated international unions report the in-
crease of 60 charters within the last
five months.

The employers have long been
talking of building a home, but it now
looks as if they were soon to vote on
the proposition. It is proposed to levy
an assessment of \$3, payable at the
rate of 25 cents a month for one year,
and all 30 and 15 cent members to pro-
vide funds for building and equipping
the home, the maintenance to be pro-
vided thereafter by assessment along
the same lines as now followed by the
printers. The matter will soon be
submitted to the referendum.

Sample Helps Frail Women

So many women are dragging out
weary lives just because their diges-
tive organs are weak. The result is
poor circulation, nervousness and the
verge of invalidism. It is often very
unnecessary and the woman's own
fault.

The first thing to do is to look to the
welfare of your bowels. There the trou-
ble usually lies. All physicians know
that a large percentage of women are
habitually constipated, and from this re-
sults indigestion, piles, weariness, etc.,
that women constantly complain of.
But there is no use taking "female re-
medies" and things of that kind until you
have started your bowels to moving.

You will find that when the bowels move
regularly once or twice a day all your
petty ills will disappear. Take a good,
mild laxative tonic like Dr. Caldwell's
Syrup Pepsin for awhile and you will
find yourself rapidly getting better and
stronger, your bowels will regulate them-
selves and work at stated times, and
then your headaches and dizziness will
disappear. Don't take strong cathartic
pills or salts, but just such a mild and
pleasant-tasting remedy as Dr. Caldwell's
Syrup Pepsin.

You can obtain a bottle of your drug-
gist for fifty cents or one dollar, and
either also may be enough to perma-
nently cure you. Thousands of women
keep it regularly in the house and will
no longer be without it, as it cured them
and can be used with safety by every
member of the family, down to the
youngest child, but if you have never
used it take the advice of Mrs. Earl S.
Cox, 409 Twenty-fifth street, Moline, Ill.,
and Mrs. Ellen Dungan, Muncie, Ind., and
send to Dr. Caldwell for a free trial bottle,
as they did, and learn for yourself
what it will do in your own case. That
it will cure you, as it did them, there is
no doubt.

Dr. Caldwell personally will be pleased
to give you any medical advice you may
desire for yourself or family pertaining to
the stomach, liver or bowels absolutely
free of charge. Explain your case in a
letter and he will reply to you in detail.
For the free sample simply send your
name and address on a postal card or
otherwise. For either request the doctor's
address is Dr. W. B. Caldwell, R. 511 Cald-
well building, Monticello, Ill.
