JACK JOHNSON WON ON POINTS

AMERICAN WHITE FIGHTER, HOWEVER, WENT THE LIMIT, AND PUT UP GOOD FIGHT.

NEGRO FIRST BLOOD

Black Fighter Was Strongest at the Finish and Landed at Will During the Twentieth Round, Both Trying for a Knockout.

Paris, June 27.—Jack Johnson, the Galveston negro, retained the heavy-weight championship in his twenty-round fight with Frank Moran, the Pittsburg white hope, here tonight. The fight went the whole twenty rounds, Johnson being given the decision on points. Johnson was strongest at the finish and got first blood in the fourth. Both fighters tried hard for a knockout in the last round.

Thousands of American sport followers witnessed the fight. Up to the time of the fight the odds remained at 3 to 1 on Johnson. Both expressed confidence just before they entered the ring.

The fight by rounds:
ROUND ONE—Moran found an opening and landed first to the stomach and then to the head. Johnson's first blow was to Moran's jaw. They mixed it hard, Johnson landing on the pit of the Pittsburg's stomach.

ROUND TWO—Moran forced the fighting, but Johnson managed to get in some hard uppercuts to Moran's jaw. Moran in return landed hard on Johnson's head. Johnson sent a light left to Moran's cheek.

ROUND THREE—Johnson gave Moran several terrific uppercuts to the jaw, while Moran responded with several jolts to the negro's stomach.

ROUND FOUR—Johnson drew first blood when he sent a straight right to Moran's nose. The negro smiled confidently as he met Moran's attack. Each landed on the other's head without harm.

ROUND FIVE—Johnson appeared fresher and more confident as this round began. Moran landed hard on Johnson's jaw. Johnson retaliated with several blows on the body. Moran blocked several hard uppercuts and landed lightly on the negro's solar plexus.

ROUND SIX—Johnson continued his terrific uppercutting to Moran's jaw. Moran landed with both rights and lefts to Johnson's face, which brought cheers from the crowd.

ROUND SEVEN—Moran landed several hard ones to the negro's head. Johnson drove a hard one to the stomach and Moran sent his left to Johnson's chin. Johnson opened wider the cut in Moran's nose, just as the round ended.

ROUND EIGHT—Johnson followed his old style of fighting—on the defensive. He put three uppercuts to the white man's jaw. In a clinch Moran pounded Johnson's stomach, landing five or six blows. Both fighters did fine work in this round.

ROUND NINE—Moran sent a left hook to the body, while Johnson landed on the head, and several hard ones to the jaw. Johnson rushed the fighting.

ROUND TEN—They mixed it as this round started. Johnson was more successful in the infighting. The referee told the men to break away. Johnson sent a hard blow to Moran's nose, and Moran's second claimed a foul. The blow cut Moran's nose and mouth. The referee warned Johnson. The hard fighting was renewed. As this round ended it appeared that Moran was weakening.

ROUND ELEVEN—Moran landed on Johnson's head. The negro then rushed the Pittsburg and received another warning for holding. Moran sent three hard blows to the body, the negro retaliating viciously.

ROUND TWELVE—Johnson landed several uppercuts to the jaw and a straight left to the nose, and another over the eye. Moran was breathing hard and it did not seem that he would last long. Moran dodged.

TRACTION COMPANY WILL CELEBRATE THE GLORIOUS FOURTH IN APPROPRIATE MANNER.

There will be something doing every minute at Lorena Park July 3 and 4, when the big two day picnic will be held for the benefit and pleasure of the citizens of this section of the state. The Traction company have gone to considerable expense to prepare for this event and there will be nothing lacking for the convenience of the patrons of the park when the days arrive.

For man there will be all the ice water that is desired, for stock there will be plenty of stock water and also shady places in which to hitch, the south side of the park will be open to campers, and autos may enter the ball park from the south side.

Mr. Cravens and his associates extend a hearty invitation for every one in this section of the state to come and be with them on the 3rd and 4th of July, promising them a good time.

VERDICT FOR THE DEFENDANTS

AFTER DELIBERATING ALL NIGHT, JURY REPORTS YES-TERDAY MORNING.

The jury in the case of Max Westheimer et al. vs. Florence Lowery returned a verdict for the defendants (Westheimer).

The case, involving as it does some of the most valuable lands in the heart of the oil fields, attracted wide attention, and the attorneys for both the plaintiff and defendants contested every inch of the ground. Practically all the week was spent on this case, the arguments being concluded Friday afternoon and the case sent to the jury just before the hour of adjournment.

The verdict was not wholly unlooked for by the attorneys for the plaintiff, who seem well satisfied to take the case to the supreme court, and they have filed notice of appeal in this case, the arguments being concluded Friday afternoon and the case sent to the jury just before the hour of adjournment.

Attorneys Thompson, Ramsey and Johnson made arguments before the jury for the defendants, while A. C. Cruce and C. B. Stuart argued for the plaintiff.

J. A. Harris of Wagoner is in the city with friends.

Dr. Alexander Lambert of New York made the examination. Lambert said Roosevelt must make no speeches. He said the strain of a campaign now might even weaken Roosevelt's mental vigor.

Roosevelt has abandoned his proposed trip across the continent, but intends to stick to the remainder of the program.

BRIGHTER FOR CLAFLIN CREDITORS

CONFIDENCE IN ULTIMATE SOLVENCY OF CONCERN IS EXPRESSED.

New York, June 27.—Although plans for a reorganization of the H. B. Claffin Company, which failed yesterday with liabilities of \$36,000,000, had not become definite enough for the issuance of any statement today, confidence in the ultimate solvency of the company became general.

Results of meeting of committees of merchandise creditors and the note holding creditors were encouraging. A. C. Drew, secretary of the merchandise creditors' committee, expressed the hope that by immediate co-operation the situation could be met. The claims of the merchandise creditors amounted to about \$2,000,000, according to his estimate.

James S. Alexander, chairman of the note holders' committee, announced this afternoon that approximately \$8,000,000 of outstanding notes of the H. B. Claffin Company had been deposited or intention to deposit had been signified. It was understood satisfactory progress had been made in the preparation of plans for conserving the note holders' interest.

Confidence over the general mercantile situation was increased by the announcement by Cornelius N. Bliss, the newly elected president of the Associated Merchants' Company and the United Dry Goods Companies, affiliated with Claffin interests through stock control, had been offered all the financial support that he needed.

Miss Essie Winston left yesterday for Edmond where she will attend the normal for several weeks.

TOWN OF WILSON GOOD ENTERTAINER

NEW TOWN MADE THE COUNTY CANDIDATES HAPPY — OUTLOOK FOR FIRST CLASS CITY.

Wilson, Okla., June 26.—This was candidates' night in Wilson, and it is one long to be remembered, both by the candidates, and by the people of Wilson. It was an occasion of mutual entertainment, as the program was not left all to the candidates, but the people of Wilson very graciously furnished their share by providing the most comfortable quarters for the comfort of the candidates and the hearers, and also by having a plentiful supply of luscious lemonade and other drinks, as provided and allowed by the statutes of Oklahoma. Of course the meeting was not complete without the presence of the sage of Hewitt Township, Judge Wiseman, as presiding speaker, and with B. M. Willingham acting as chairman. All were in good humor and the crowd listened attentively until the last speaker was through, and Uncle Bill Freeman declared: "By Gatlings, I'll be elected, too." The ladies graced the occasion with their presence, which is always an inspiration to the speakers, and it was easy to judge from the audience assembled that Wilson is no longer a little hamlet or a tent city, but a thriving city of a large number of educated and cultured inhabitants. The people welcomed the candidates, and of course the candidates welcomed the people.

The enterprise and number of the people suggested to many of the speakers the opportunity which the town had of making improvements in the way of paved streets, good roads, and incorporating as a city of the first class, all of which are now being worked upon, and the people of Wilson are going to have an opportunity at an early date of voting bonds for such civic improvements as go with cities of the best class.

A TEXAS GIRL ON SAD MISSION

FIANCEE OF MAN ACCIDENTALLY KILLED IN THE OIL FIELDS—BROTHERS CANNOT BE FOUND.

The remains of John J. VanDeGrift, the tool dresser who lost his life in the Healdton field in section 3-4-3, on the Twin State lease, where he was employed by the Reed Drilling company, have been brought to this city, and are at the undertaking parlors of Brown & Bridgman. No direct wire has been received from his mother, who lives in Nashville, Tenn., but a wire came from undertakers in that city directing that the remains be sent there.

The embalming was done so long after death, it is not known yet whether the body will bear shipping or not. If it will, the remains will be sent out early this morning over the Rock Island for Nashville, and if not, they will be buried here.

Mr. VanDeGrift was reared in Nashville, Tenn. He came west about five years ago, and one year ago began work in the oil fields. He came here from Electra. He was 22 years of age—a young man of fine physique and good habits. A friend of the deceased, B. H. Finley of Burleson, Texas, arrived here yesterday, and made every effort to locate two brothers of the deceased in Oklahoma City, but failed in the attempt. The brothers are Orville and Briggs VanDeGrift.

Miss Bess Finley, a beautiful young woman, dressed in black, also came from Burleson, Texas. She was the fiancée of the deceased and they were to have been married within a short time. As soon as the news reached her, she came to this city to see the remains and to render what assistance she could.
