

J. J. McDERMOTT National Open Champion 1912 to 1913 "Pipe smoking gives added pleasure to a golfer when the pipe is filled with Tuxedo. Tuxedo provides more keen enjoyment than any other tobacco I know."

J. J. McDERMOTT

ALEX CAMPBELL Country Club, Brookline, Mass. "I am always glad to speak a good word for Tuxedo tobacco. Constant use of it only serves to make it better liked. Its fragrant, soothing flavor makes it the choice of many golfers."

Alex Campbell

ALEX ROSS National Open Champion 1907, says: "Tuxedo, cool and mild, is essentially the smoke that satisfies. Many of my fellow golfers agree with me in giving preference to Tuxedo."

Alex Ross

Tee Up! Smoke Up!

AS satisfying as the sounding smack of the perfect drive, is the open-air relish of the perfect smoke—Tuxedo. Both go together, too. When you grab your bag and start for the links, grab up your tin of Tuxedo and take it along.

"Follow through" the snappy afternoon with Tuxedo. Put Tuxedo in your pipe and you will "put" the best. And at "the nineteenth hole" rest up and relax with a good, solid smoke of Tuxedo. That's the advice of good golfers everywhere.

Tuxedo

The Perfect Pipe Tobacco

It's worth your while to try Tuxedo. Especially if a sensitive tongue prevents pipe smoking.

Tuxedo positively cannot bite—not even if you smoke pipeful after pipeful, as many as you can crowd into a day or a week.

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which removes every trace of bite and sting and develops all the wonderful mildness, fragrance and flavor of the Burley Leaf in a way that no other brand of tobacco has ever successfully imitated.

SCHOOL OPENS MONDAY, SEPT. FOURTEENTH

ALL WILL BE IN READINESS FOR THE PUPILS ASSIGNMENT OF TEACHERS MADE YESTERDAY BY PROF. RICHARDS.

The institute for the city teachers will open Monday, the 7th, at 9 o'clock a. m. at the high school building. Every teacher is expected to be present, as considerable time will be devoted to outlining the work as found in the newly adopted text books.

Next Friday morning all the pupils will be expected to assemble at their respective building where teachers of the different grades will meet them, enroll and assign them seats, and will give each child a list of books and materials which he will need for his work. After assignments have been made an examination will be given to the pupils who wish to take an advance standing or on work which they have made up during the summer.

As many parents as possible are asked to visit the ward schools on Friday morning and get acquainted with the different teachers, and give them every assistance possible in the work.

On Monday morning, the 14th, the formal opening of the high school will be held in the high school auditorium. At that time the entire faculty, including the new teachers, will be presented. Music will be furnished by the high school orchestra and a splendid program will be rendered. If parents who have children in the ward schools visit the wards on Friday they can attend the opening exercises of the high school Monday morning. We are expecting this to be the greatest and best year the school has ever had and shall have a great opening, therefore we hope every parent who possibly can will be present on that occasion.

FAIR WEATHER IS THE FORECAST FOR WEEK

Washington, Sept. 7.—Weather indications for the week, the weather bureau indicates, are for unsettled weather Monday in the Middle Atlantic and New England states. The weather will be generally fair, with seasonal temperatures, during the next several days, over virtually all parts of the country. The next disturbance to cross the country will appear in the far west Monday or Tuesday and reach the middle west Wednesday or Thursday and the eastern state about Friday. This disturbance will be attended by local showers and thunder storms and be followed by cooler weather. There are no indications of a disturbance in the West Indies.

Experience With Bootlegger.

Muskogee, Okla., Sept. 5.—Chief of the Indian Service Larry Larson of Denver, was in Muskogee Wednesday night on the trail of a very bothersome and elusive bootlegger. Larson lost the bootlegger on account of an unavoidable "bonehead" on his part, but the cargo of whiskey, containing twelve quarts, was captured.

A special inspector for the Missouri, Kansas and Texas railroad rode in a box car with the bootlegger all the way to this city, telegraphing to Larson and Chief Deputy United States Marshal Ernest Hubbard to meet him and take the bootlegger so that the Katy inspector would not have to make himself known to the whiskey peddler.

When the train arrived, both the inspector and the bootlegger got out of the box car and started up the tracks, the bootlegger in the lead, the inspector walking behind to point out the man to the federal officers. When the bootlegger saw the officers he began running and when the Katy inspector ran after him, Larson stopped the wrong man, the inspector.

When Deputy Marshal Hubbard arrived and told Larson that he had the wrong man, the bootlegger had "vanished" and was not found. The Katy inspector can't figure out who the joke is on. He had been after the bootlegger for several weeks and then when almost ready to turn him over to the officers he lost him.

Notice of the Meeting of the State Board of Medical Examiners.

Notice is hereby given that the Oklahoma State board of medical examiners will hold its next regular meeting in Muskogee, October 6-8, 1914, at which time applicants will be examined and such other business transacted as may properly come before the board.

Given under my hand and the seal of the board at the city of Guthrie, this 5th day of September, 1914.

JOHN W. DUKE, M. D., Sec. State Board of Medical Examiners. (Seal)

County Agents' Summary.

Ardmore, Okla., Sept. 5.—I submit to you the following summary of work done in Carter county during the month of August, 1914:

Farms visited, 69; letters written, 25; meetings held, 3; club members visited, 12; miles traveled by rail, 177; miles traveled by team, 202.

One of the meetings held was our annual club rally and some time was spent in preparing for same.

Besides this work I have solicited means enough for a premium list for the cotton and corn club work; also for a small premium list for a county fair.

The crops in the county, with few exceptions, have been well worked, and while corn is short, cotton and forage crops bid fair to be above the average yield.

At present there is no infection of live stock that I know of.

Respectfully submitted, R. L. SCOTT, County Agent.

Acute Indigestion.

"I was annoyed for over a year by attacks of acute indigestion, followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for this complaint but nothing did me much good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our druggist. I soon realized that I had gotten the right thing, for they helped me at once. Since taking two bottles of them I can eat heartily without any bad effects." Sold by all dealers.
