CARNEGIE POINTS TO DANGERS IN LIFE'S PATHWAY.

There are three dangers in the path to success. The first is the drinking of liquor, the second is speculation, and the third is "endorsing."

Distress in the Stomach

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals.

ANTLERS EDITOR FAVORS SESSION BUT ISSUES WARNING

That he thinks an extra session of the Oklahoma legislature is needed to correct errors and omissions of the last session is the information conveyed to Governor R. L. Williams in a letter from J. H. Reigner of Antlers.

Favors Split Sessions

"I am in receipt of your letter to me as a member of the legislature, asking me to give my opinion as to the advisability of calling a special session, the reason for such opinion, and what I think of the measures you suggest to be considered at such special session."

Not a Hamiltonian

"Will further say, that I think a special session is necessary to take care of the errors and omissions of the last session and to legislate on the new conditions which have lately arisen."

Regulate the bowels

When they fail to move properly, HERBINE is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy.

Countess Magrl, better known as Mrs. Tom Thumb, is now 74 years of age.

In damp, chilly weather there is always a large demand for BALLARD'S SNOW LINIMENT because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinge.

"I Don't Feel Good"

That is what a lot of people tell us. Usually their bowels only need cleansing.

Mexico's Capital. Standing toward the southern extremity of the great plateau of Anasquai, reposing in a beautiful valley full of natural resources and rich with historic lore, is the City of Mexico.

Secret of Laughter. "The secret of laughter is in the return to nature. Civilization and culture are late additions and we are living to a great extent in artificial conditions."

"Talk" Kitten Understood. The girl was making cookies. Little Mary was toddling round the kitchen. The big house cat bothered the little one.

Lost and Found. Personal—Will the young lady who opened an umbrella in front of the theater the other night please look on the end of the umbrella for a man's eye?

Pleasure-Loving Italians. In Italy there are more theaters in proportion to the population than in any other country.
