SLAVS REPORTED TO BE ONE DAY'S MARCH INTO HUNGARY, IN DISPATCH FROM PETROGRAD TO THE LONDON STAR.

Germans Regain Portion of Delville Wood from British and also Obtain Footing in northern Outskirts of Longueval, London and Berlin Announced Today—Berlin also Admits that Russians, Heavily Reinforced along the front Southwest of Riga are Heavily Attacking General Hindenburg's Forces There, Says All Assaults Thus Far Have Failed—Minister from Switzerland discusses with Acting Secretary Polk Prospects for Peace in Europe, but Conference Appears to Have been without any Tangible Result.

The Russians have crossed the Carpathian mountains and have penetrated one day's march into Hungary, according to a dispatch to the London Star from Petrograd.

The Germans have recaptured a portion of Delville Wood and obtained a footing in the northern outskirts of Longueval, London announced today. This is also announced from Berlin.

Another German statement says the Russians are strongly reinforced along the front southwest of Riga and are heavily attacking General Hindenburg's forces there. Berlin says, however, that all assaults failed.

The French made some progress last night in the Verdun sector in the course of hand grenade fighting near Fleury, says today's Paris official statement. The German raid near Pascendaal, Belgium, was checked by French fire, as was the raid of the Teutons north of the Aisne.

Peace Discussion With Polk. Washington, D. C., July 19.—Dr. Paul Ritter, the Swiss minister, today discussed the prospects for peace in Europe with Acting Secretary Polk. They indicated after the talk that it was without tangible results.

The minister called at the state department to learn if there was any foundation for the various negotiations initiated. It is understood he was informed that the president hoped for peace and was ready to do anything he could, but that Wilson saw no prospects of immediate developments, which might make an opening for the wedge.

PICNIC IS NOT STRICTLY WHAT IT PRETENDS

PICNIC AT WHITTINGTON PARK NEXT WEEK FROM PUBLISHED PROGRAM SEEMS TO BE GATHERING OF SOCIALISTS.

It has developed that the great farmers picnic advertised for Whittington park next week is nothing more or less than a gathering promoted by the socialist party of this city and county, and the advertisement of the affair as appearing in the last issue of the socialist organ in this city contained part of the program which contained several well known socialist spellbinders who will address the people on their pet hallucination.

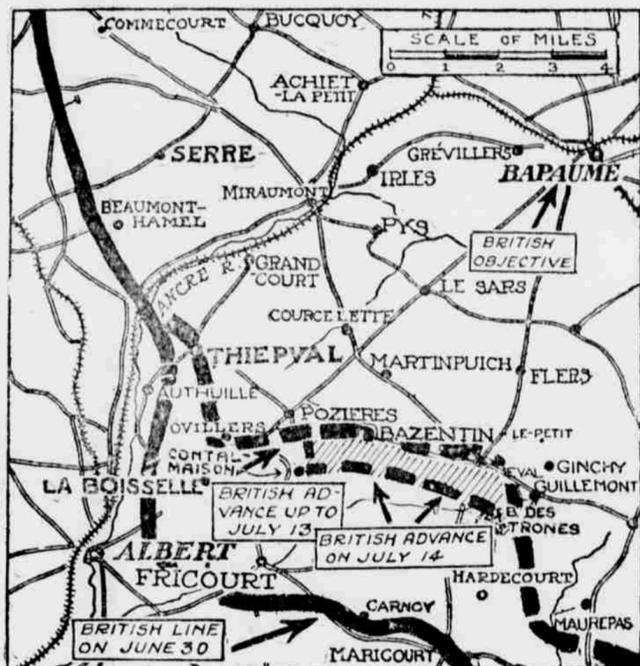

It was the intention of the candidates for county offices when the affair was first promulgated to be present and contribute toward the festivities of the occasion, also they were willing to bear their part of the expense, but since the affair is gotten up for the seeming purpose of giving the kumruds a chance to unload a lot of hot air, the candidates, to a man, have declined the kind invitation and it is within the bounds of possibility that the only Farmers' who will be present on this festive occasion will be those of the red card persuasion.

BRITISH ADVANCE AGAINST ENEMY LINES; VON EINEM HOLDS HIGH COMMAND IN WEST

GENERAL VON EINEM

MAP OF BRITISH ADVANCES.

In the greatest single day's gain made by the British since their offensive began on July 1, they captured three villages on their way toward Bapaume, the important railroad center which is believed to be the present British objective. The map shows the British line as it was before July 1, when the advance began, and the gain made by the strong one day's advance. The Germans have consistently attempted since the war began to conceal the names of the generals who command in various sectors of the western front, but it is known that General von Einem, whose picture is shown, has a very high command, perhaps the highest, in opposing the French and British offensive. He is a veteran of the Franco-Prussian war of 1870-71.

PROSPECTS ARE GOOD FOR EARLY SETTLEMENT

REPRESENTATIVE OF PAVING COMPANY IS IN CITY AND IT IS BELIEVED THAT A SETTLEMENT WILL BE EFFECTED.

Mr. Turner, the partner to Mr. A. J. McQuatters, of the McQuatters Plumbing Co., the contractors who put down the main street paving is in town in an effort to make some adjustment of the repair work on the paving here and avoid a suit on the maintenance bond. The city officials have had this question up for some time and it is to be hoped that they will make some form of adjustment that will enable people to pass over the main streets at least.

The question of getting the streets of the city repaired has been the bone of contention between the city and the contractors for several years there seems to have been some controversy over the bond under which the streets were supposed to be maintained for a certain period.

J. S. Downard has been furnishing material to the city for some recent repairs which the city has begun and some repairs have already been started on the streets. City Attorney Brown and Mr. Turner will be in conference with the city officials today and he states that he is confident that a satisfactory settlement will be made.

ROAD WORKING POSTPONED FOR THE PRESENT

THE CONTINUED DRY WEATHER MAKES WORK AT THIS TIME USELESS—LATER DATE WILL BE ANNOUNCED.

On account of the continued dry weather, work on the roads of the county, which was to have been performed on July 20 and 21 has been indefinitely postponed. This has been done by order of the Board of County Commissioners, and all road overseers have been notified to this effect.

It is regrettable upon the part of the business men of the city that such steps were necessary, but owing to the nature of the soil on and along the highways at present any work done would be absolutely lost, and until this section is visited by a good rain the date for doing the work can not be set. The Chamber of Commerce will announce the date later, and the same arrangements will prevail as set forth by the county commissioners several days ago. The same road overseers will be maintained and they will be notified the days the work is to begin in ample time to warn the entire communities in which they live.

The roads throughout the county are very dusty and rough at present, and in most instances sadly in need of repair.

He has been prominent at the bar and some time ago was considered by President Wilson for a place in federal court in New York. He has been one of the leaders of the American Jewry.

MORE PAVING FOR SOUTHWEST PART OF CITY

BIG PAVING RESOLUTION PASSED LAST NIGHT THAT WILL EXTEND BIXBY AVENUE BEYOND VALUABLE PROPERTY.

At the meeting of the city council last night a resolution was presented by property owners on Bixby avenue, southwest, asking that the street be paved from the west line of the Ringling railroad to the east line of R street, southwest. All this property is owned by three persons: R. A. Fox, Charles von Weise, and B. A. Simpson, and, as all three were signers of the petition, there will be no hitch in getting the street paved, as asked. Mr. Simpson is the heaviest owner in this section, having purchased the holdings of the Lawyers' Realty company some time ago, and it is reported that as soon as the street is paved and the sidewalks laid the lots will be placed on the market. This is one of the very desirable locations in the city at present, and will no doubt build up rapidly when the contemplated improvements are made.

The forenoon session was concluded at 12:45.

It was practically conceded that Dr. Ira D. Landrith, of Nashville, Tenn., will be nominated for vice president as he has the support of all factions.
