## WEDNESDAY NIGHT THE BIG STYLE SHOW

**BIG AUTO PARADE, MUSIC AND MERCHANTS FALL OPENING WILL TAKE PLACE.**

The merchants are ready for the great throngs which will be in the city Wednesday night when the fall openings will take place.

Sheriff Buck Garrett will be the marshal of the auto parade which will form at Central park at 8 o'clock and move through the business section of the city. No decorations are asked, but the parade will be a "headlight procession" and it is expected that two hundred autos will turn out and make a splendid showing. Ardmore has the reputation of having more autos for its population than any other city in the state, and the fact will be proven Wednesday night.

Hundreds of farmers and visitors from the surrounding country will drive in that night, as the roads are good and it will be a full moonlight night.

The displays will excel in some instances those of the spring style show. Some of the living model displays are to be unique and attractive. Practically every window in the city will be decorated for the occasion and every store will open at 7:30 and close at 10 o'clock. No goods will be sold. Secretary Gilbert asks that all windows be kept covered until half past seven and that they be uncovered simultaneously. The World's Fair Concert band will furnish the music during the entire evening.
