From All Over.

Dr. Ferguson brought to Lincoln, last Friday, fifteen sick soldiers.

Mr. Arthur Linn, of the Detroit, (Minn.) Record, is on a visit to this city.

Lieut. P. H. Ray brought to Lincoln, last week, fifty-four recruits for the seventh cavalry.

Ways, stock yards and machine shops at the landing will give fresh life to an already lively place.

There are seventy-five pupils attending the Sisters' school, and one hundred and twenty the public schools.

Four mules were stolen from Lincoln by private Hall of Co. A., Sixth Infantry and a citizen. They went southeast.

The freight is just rushing to the Black Hills. The government has one little consignment of six hundred thousand pounds.

Fort Sully will have some cavalry this winter. One hundred thousand pounds of corn will be shipped from this point to the fort.

Twenty thousand rounds of ammunition were sent to Bear Butte last week. They are getting ready for those Cheyennes out there.

The new ordnance depot buildings at Fort Lincoln have been completed at a cost of \$7,000. It was the cheapest Government job ever known on this river.

James A. Emmons is an advocate of Cheyenne river navigation. He says it can be navigated to a point sixty miles from Deadwood. A water route to the Hills is his theory.

The boys at the freight depot unearthed a cat that had been eleven days imprisoned in a car without food. They took her into the office and fed her a few drops of milk. She flickered out all the same.

There are nine hundred iron poles coming for the military telegraph line. The object is not known, unless it is embodied in the supposition that the government has them on hand and doesn't know what to do with them.

Rev. G. W. Barnett, the recently appointed minister of the Methodist church in this city, will preach at the Presbyterian church next Sunday morning at 11 o'clock, and at Champion Hall at 7:30 p. m. Steps will be taken to build a church soon.

The 7th Infantry took east twelve Nez Perces captured near Fort Benton. One of the men claimed to be the Indian who befriended the three ladies taken by the Nez Perces in the National Park a year ago. Others of the party burned the light at Cow Island.

The Stage and Transportation Company pay out in Bismarck \$24,000 per month to employees and freighters that they are obliged to hire when their carrying capacity is overcrowded. The current statement that the amount is \$22,000 is just one-half the truth.

Lt. Greeley reports the telegraph line finished beyond Fort Buford and working on rapidly between Deadwood and Keogh. The line to Keogh from Bismarck and Deadwood will be completed by November first. The branch line to Fort Keester will be finished during that month.

The steamer Rose Bud reported buffalo for a hundred miles above Buffalo. The country is black with them. They are coming south and evidently are being hunted by Indians of the hostile persuasion. Capt. Braithwaite picked up a bull calf in the river, and would have brought him to Bismarck had he not been shot and died.

As the winter days come on and the nights grow longer, the necessity for amusements becomes more apparent. There is a cheerful little recreation known as "stud-horse poker," and if outsiders having plenty of money could be induced to come to the city for the purpose of playing the game, it would lighten the dismal evenings and make it pleasant all around.

The Fat Men's Convention.

We can see some pleasure, if no reason, in the convening of a baby show, but we confess we could never see the slightest cause, reasonable or otherwise, for a fat men's convention, unless it be the fact that misery loves company. For fifty or a hundred men, whose several weights range from two hundred to three hundred pounds, to hold a convention simply because of so much surplus adiposities, is absurd to say the least. It becomes doubly so when we reflect that obesity is a disease. What would we think of as many persons emaciated by consumption holding a convention to compare their relative weights. There is but one ground upon which we would advocate another fat men's convention, and that is that they meet to discuss the merits of Allan's Anti-Fat, the only known remedy for obesity. It is safe and reliable. Sold by druggists.

Prevent Decay of the Teeth.

With their sweet preservative, aromatic SOZODONT. Whiteness of the dental row, a healthy firmness and hardness of the gums, a sweet breath, an agreeable taste in the mouth—all these conferred by SOZODONT. Does not such an invaluable toilet article, one so pure as well as effective, deserve the popularity it enjoys?

most assuredly. It has no rival worthy of the name. The ordinary powders and pastes are nothing to it, and since its appearance, have rapidly lost ground. Sold by druggists. 1874

Our Claims.

We claim that there is greater certainty and uniformity in the production of good bread, biscuit, etc., in the use of Dr. Price's Cream Baking Powder, and that the articles made with it are more wholesome and digestible than if made with any other kind. A Compliment to Dentists.

Of all professional men, dentists should be the acutest, and as a class they are. Those who require a grateful, refreshing, delightful aroma, while working about the organ of smell, should wet their hands in Dr. Price's Floral Riches. Its fragrance is not only as pleasant as can be imagined, but decidedly stimulating. Sold by W. A. Hollenback.

To be or not to be, that is the great problem before the people of Bismarck; and when in future years the self-made men now struggling along unnoticed by the outside world, are asked what gave them the strength and courage to persevere and win, it will be in the early and constant use of the Belle of Moorhead flour. For sale by all grocers 88

Independent Candidate.

To the voters of the 3d Judicial District, Dakota Territory: In view of the fact that the office of district attorney is not, and should not be a political one and that the one filling the position should be left unembarrassed by party policy; and in view of the fact that the expense of meet-

ing candidates would necessarily be great, while the farmers throughout the district are and will be unusually busy during the next few weeks, and at the earnest solicitation of friends representing all portions of the district, I hereby announce myself as an independent candidate for district attorney and solicit your support for that position. JOHN A. STOEYELL, Bismarck, D. T., Aug. 6, 1878.

ROYAL BAKING POWDER

Absolutely Pure.

The oldest and most reliable brand; every can full weight, uniform, and wholesome, and goes much farther than ordinary kinds. Contains no acid, but that derived from grapes—a pure Grape-cream tartar. It has been analyzed and indorsed by the Board of Health of New York, also the leading Chemists of the country. It is peerless and unapproachable in quality, and any family who see goods it will not be without it. The housekeeper must bear in mind, an absolutely pure powder like the Royal cannot be bought at the same price as the adulterated kinds. Sold by all grocers in tin cans only. 1471
