

TELEGRAPHIC

Dakota in Washington.

Special Dispatch to the Daily Tribune.
WASHINGTON, Jan. 27.—A noticeable event in the house and senate to-day, was the general reading of the Bismarck, D. T., TRIBUNE. It seems that the paper contained articles on the division question and North Dakota in general, and a copy was therefore placed in the hands of each member by the respective post-masters of the house and senate. The Dakota delegation is doing good work, and will, no doubt, accomplish their ends. C. A. Lounsbury, of Bismarck, presented an able statistical document to the senate committees on territories this morning which was ordered printed. A. H. Barnes, of Fargo, and Geo. H. Walsh, of Grand Forks, followed Lounsbury with oral comments. To-morrow, Messrs. Lounsbury, Walsh and McConnell will present further facts and figures to the house committee. The report will be much fuller than the address presented to the house. The Black Hills delegation is urging admission, leaving North Dakota a territory with present territorial officers and organization. The Sioux Falls delegation, however, numbering 150, is working with that of North Dakota in insisting upon division and new organization. It now looks as if the territory would be divided, but neither part admitted as a state.

Before the Senate Committee.

Special Dispatch to the Daily Tribune.
WASHINGTON, Jan. 28.—The North Dakota delegation were before the senate committee to-day and the members of the committee said the delegation had presented their case in the best form possible; the array of figures and statistics was invincible and they had never known of a case so thoroughly presented by any delegation to any congressional committee. Halman said the division would undoubtedly be granted, but the admission of the southern half was extremely doubtful. Pettigrew is doing excellent work and is as true as steel to the cause. As one member expressed it, "it is worth all our trouble and expense to see what an untiring and effective worker he is." The delegation has ordered their statement of facts printed in pamphlet form. The statement was presented by C. A. Lounsbury, of Burleigh county, who was followed by Messrs. McConnell, Moody and Gillett who spoke for south Dakota in favor of division. The streets and hotels of Washington are full of Dakotans and the remark is often heard "he's from the famous wheat lands of Dakota."

Reappointment.

Special Dispatch to the Daily Tribune.
WASHINGTON, Jan. 28.—Hugh Campbell has been reappointed United States district attorney for Dakota.

A Sanctimonious Seducer.

BLOOMINGTON, Ill., Jan. 28.—Rev. H. O. Hoffmann, pastor of the First Methodist church, has been on trial before a church committee for ten days, the charges were seduction and bastardy in connection with a former servant girl named Zetta Robinson, poor, but of a decent family. To-day a unanimous verdict was found, declaring him guilty. Hoffman is one of the most prominent and talented Methodist ministers in the west, and is 47 years of age. About six years ago he was acquitted of a similar charge by a church at Quincy, Illinois.

Mortality in Pittsburg.

PITTSBURG, Jan. 28.—There are ten new cases of small-pox in this city, and nine in Allegheny were reported to boards of health to-day. The annual report of the health office for the year was to-day submitted. During the year there were 4,493 deaths in the city, which is equal to 27 per 1,000 inhabitants, a figure greater in excess of average, for eight preceding years. There were 1,578 cases of small-pox reported, and 448 deaths, from other diseases, caused a total of 1,070 deaths, including 382 from scarlet fever, 248 typhoid fever, and 210 diphtheria.

A Vicious School Boy.

CINCINNATI, Jan. 29.—The Gazette's West Jefferson special says a lady teacher of the school in the Fulmor school house, five miles from there, this afternoon, called in Joen Butler, school trustee, to aid in quieting a disturbance made by Geo. Scott, a pupil. Butler remonstrated, but used no violence. As Butler went out of the school house Scott crushed his skull with a lump of coal. Butler is dying, and Scott, who is 19 years old, ran away, pursued by officers.

Jumped the Track.

St. Louis, Jan. 28.—An unknown man jumped from the bridge into the river and was drowned about noon to-day.

John Noho, a farmer living near St. Charles, Mo., was found dead in his room at the Western house corner of Franklin avenue

and Seventh streets this morning. He shot himself through the head. He is supposed to have a sister in Chicago.

Died for Love.

DAYTON, O., Jan. 29.—Thomas Allen committed suicide this afternoon near Bradville, ten miles from Dayton, by shooting himself through the head. Allen was engaged in selling goods through the country, and he became enamored with a lady whom he met. She refused to receive his affections, and after an interview last evening gave up all hopes of success. Allen was an old soldier and lived at the Dayton Home.

Had a Picnic.

WASHINGTON, Jan. 28.—Vice-President Davis entertained at a dinner this evening, President Arthur, Secretary Frelinghuysen, Postmaster General Howe, ex-Secretary Blaine, Speaker Keifer, Chief Justice Waite and Associate Justice Gray, and Senators Allison, Bayard Howe, Terry, Beck, Corkrell, Camden, Blair, Farley, McDonald and Butler.

One Fiend Convicts Another.

CINCINNATI, Jan. 28.—The Gazette's Cattleburg special says: Geo. Ellis' testimony in the trial of Ellis Craft, charged with the Gibbons family murder, was given by him to-day, substantially as when he testified in the case of Wm. Neil, who has been convicted of murder. The prosecution has closed, and the defense begun.

Compulsory Vaccination.

DAYTON, IOWA, Jan. 27.—Two weeks ago the city council passed a resolution making vaccination compulsory. This afternoon the board of health examined the pupils' certificates, and found that out of an actual attendance of 3,749 yesterday, all but 280 had complied with the requirements.

Break in the Levee.

VICKSBURG, Jan. 28.—It is reported that a break occurred in the levee at Delta, La., this morning, just above the government levee at that place. The break is 100 yards wide, and the water is passing rapidly through, flooding the country in the vicinity.

In Luck.

PITTSBURG, Pa., Jan. 28.—Widow Graft and two sons, a very poor family living in Greensburg, Pa., received to-day news of having been left a fortune of \$500,000, by the death of a brother-in-law in Sweden.

The Epidemic.

SPRINGFIELD, Ill., Jan. 28.—From various parts of the state eight new cases of small pox are reported to-day.

Returned from the Buffalo Range.

Mr. Wolfolk, who returned a day or two ago from a fur buying trip to O'Fallen Creek, a tributary which puts into the Yellowstone from the south, reports buffalo robes in great plenty in that section. He purchased \$26,000 worth of robes while there from the hunters alone. No Indians were on the range. The hunting is all done by whites, who have had a very successful season thus far. The game is reported in great abundance in the valley of O'Fallen Creek, and the plains for miles around are strewn with dead carcasses of animals which have been slaughtered for their hides. It is strange that the stench from the decomposing remains of the thousands of buffalo which are left by the robe hunters every winter to rot and blister during the spring and summer, do not breed a pestilence on our frontier. They probably would in a less healthy climate. There is another feature about this immense annual slaughter of the buffalo that has puzzled the understanding of the writer, and perhaps that of the reader as well, it is that thousands are killed every winter for their skins, and thousands more during the summer season by Indians, and by aristocratic sportsmen for the fun of the thing. This has been the case during the past ten or fifteen years, yet the number and extent of the robes on our western plains, judging by the quantity of robes that are annually shipped east, are as great as ever. The complaints made each succeeding year of the disappearance of this large game doesn't seem to be well founded, when considered in the teeth of Mr. Wolfolk's statement of the number of robes he gathered up in one small district. But the wholesale slaughter which has been going on so long and increasing each winter, will in time wipe the American bison from the face of the earth.

Mouse River Party Heard From.

Young Truax, one of the Mouse river explorers, reached Fort Stevenson on Friday evening, and yesterday morning levied an assessment on his father by telegraph, in order to get home. In his message nothing was said of the other members of the expedition, and it is not known whether he arrived there alone or not. Owing to the great distance of Stevenson from the route to Mouse river, it is feared by some that the party may have become separated in a blizzard, and are striking for cover in different directions. There are only a few, however, who share this fear. The entire company is expected to make Bismarck by this evening or to-morrow.

A New Association.

A society was organized in Bismarck last evening under the name of the Young Men's

association. The purpose of the new organization is to co-operate with the Ladies' Christian union in their reading room work. The officers of the Young Men's association are: President, Frank Mason; vice-president, E. L. Fonce; secretary, T. B. Conover; treasurer, F. W. McKinney.

A NEW TRIAL.

That is What Scoville Claims Should Be Given to Guiteau.

WASHINGTON, Jan. 29.—This afternoon Scoville filed with the clerk of the supreme court of the District of Columbia the papers on which he bases his motion or motions for a new trial. Not being familiar with the practice in this district, Scoville took great caution to file two motions, to insure himself against the possibility of being deprived through any legal technicality of the right of review by the court in the general term. The papers filed in support of the motion are: the prisoner's affidavit; affidavit of Frederick H. Snyder as to the finding of a newspaper in the room occupied by the jury, under circumstances indicating of its being read by the jury; the affidavit of J. W. Guiteau, in which he says that he is acquainted with the signatures of five jurors whose names are written on the margin of the newspapers said to have been seen by the jury; that he has seen them write their names, and believes the writing upon said newspaper to have been made by the jurors. The last affidavit is that of Mr. Scoville, setting forth newly discovered evidence, upon which he based a MOTION FOR A NEW TRIAL.

Guiteau, in his affidavit, says as he is restrained of his liberty, he is compelled to leave the whole matter of a new trial to Scoville.

The affidavit offered by Snyder, of Jersey City, sets forth that he was a guest of the National hotel during a portion of the month of December, and occupied a room near those occupied by the jury in the Guiteau case. On one occasion he said the door of one room occupied was standing open, but no person therein, and on the table of said room was a newspaper, and knowing that it was forbidden for a jury to have newspapers, he, Snyder, stepped in and

TOOK THE PAPER,

which he found was a copy of the Evening Critic, containing an account of the attempt of Jones to shoot Guiteau, and an editorial denouncing the prisoner. On the margins were the names or initials of five of the jurors. In the interests of justice he took the paper to Scoville. Attached to this affidavit is a copy of the Critic, with the names of the jurors above mentioned written in ink on the margin.

The affidavit of Scoville is to the effect that he believes the names of the jurors written on the margin of the paper described in Snyder's affidavit, by the jury themselves; and that since the trial, new and important facts showing the insanity of the prisoner, has come to his knowledge.

THE MAIN RELIANCE OF THE DEFENSE

is the affidavit of Snider and the copy of the Critic appended to it, which, it is claimed, was seen and read by the jury pending the trial. A careful comparison of the writing upon the margin of the newspaper with the signatures of the jury shows a striking resemblance, and establishes a strong case of circumstantial evidence. The district attorney, however, asserts that this matter of comparing with, and irregular or improper conduct on the part of the jury as set forth in the Snyder affidavit will be disposed of in short order by the prosecution. The jury themselves are indignant and firmly deny the charges of improper conduct on their part.

Mortgage Sale.

DEFAULT having been made in the conditions of a certain mortgage and executed by Harlow A. Gale and Elizabeth C. Gale his wife, mortgagees, to William W. McNair, mortgagee, bearing date the 26th day of September, A. D. 1877, whereby the said mortgagors did grant, bargain, sell and convey, to the said mortgagee, his heirs and assigns, the following described real estate, situate and being in the county of Burleigh and Territory of Dakota to wit: the west half of the southwest quarter of section twenty-nine (29) in township one hundred and thirty-nine (39) north of range thirty (30) west of the United States survey thereof, eighty acres more or less; which mortgage was given to secure the payment of a promissory note bearing even date therewith, given by the said Harlow A. Gale to the said W. W. McNair, for the sum of ten hundred twenty-three dollars (\$1,023), payable one year after date with ten per cent interest per annum until paid; which mortgage was duly recorded in the office of the register of deeds of Burleigh county, Dakota, on the 10th day of October, A. D. 1877, at 4 p. m., in book "B" of mortgages on page six (6).

And whereas, there is claimed to be due on said note and mortgage at the date of this notice the sum of fourteen hundred and sixty-two dollars (\$1,462) as principal and interest on said note, and thirty and twenty-five one hundredths dollars (33.25) cents paid by the mortgagee on said land, together with seventy-five dollars allowed by the terms of said mortgage as attorney fees in case of foreclosure. And that no proceedings at law or otherwise have been taken to recover the amount secured by said mortgage or any part thereof.

Now therefore, Notice is hereby given that by virtue of the power of sale in said mortgage contained and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of said mortgaged premises above described at public auction to the highest bidder, which sale will be made by the sheriff of Burleigh county, D. T., or his deputy at the front door of the court house, in the city of Bismarck, in said county, on the 25th day of February, A. D. 1882, at 2 o'clock p. m., to satisfy the amount which will then be due on said note and mortgage, including taxes paid and attorney fees provided as aforesaid, and all lawful costs and disbursements of sale.

WM. W. MCNAIR, Mortgagee.

Dated Jan. 10th, 1882.

Rescued From Death.

The following statement of William J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for the attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs followed by a severe cough and weakness. I was so weak that I could not leave my bed. In the summer of 1877 I was admitted to the city hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone that one time a report went around that I was dead. I gave up hope, but a friend told me of DR. W. M. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years. I write this hoping you will publish it, so that every one afflicted with diseased lungs will be induced to take Dr. Wm. Hall's Balsam for the Lungs, and be convinced that Consumption can be cured. I have taken two bottles and can positively say that it has done more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Sold by druggists. 41y1eov

Consumption Cured.

An old physician, retired from active practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, Asthma and all throat and lung affections, and all nervous complaints, after having thoroughly tested its wonderful curative powers in thousands of his cases, feels it his duty to make it known to his suffering fellows. The recipe with full particular directions for preparation and use, and all necessary advice and instructions for successful treatment at your own home, will be received by mail, free of charge, by addressing your return mail, free of charge, by addressing with stamp or stamped seal, addressed envelope to DR. M. E. BELL, 161 N. Calvert street, Baltimore, Md. 33-34W

\$25 TO \$50 PER DAY
can easily be made by using the celebrated

Victor Well Auger and
Rock Boring machinery.

in any part of the country. We mean it, and are prepared to demonstrate the fact. They are operated by either man, horse or steam power, and bore very rapid. They range in size from three inch to four and one-half feet in diameter, and will bore to any required depth. They will bore successfully and satisfactorily in all kinds of earth, soft sand and limestone, bituminous stone coal, slate, hrdn pan grauel, lava, builders' serpentine and conglomerate rock, and guaranteed to make the very best of wells in quick sanc. They are light running, simple in construction, easily operated, durable, and acknowledged as the best and most practical machine extant. They are endorsed by some of the highest state officials. We contract for prospecting for coal, gold, silver, coal oil and all kinds of minerals; also for sinking artesian wells and coal shafts. We also furnish engines, boilers, wind mills, hydraulic rams, horse poweas, brick machines, mining tools, portable forges, rock drills and machinery of all kinds.
