TULSA MORNING WORLD

MEXICO CITY IS THREATENED BY VILLA'S FORCES

Carranza's Troops Desert Capital to Engage the Enemy.

POPULACE LEFT AT MERCY OF FAMINE

Appalling Conditions Have Developed in Stricken Metropolis.

WASHINGTON, July 19.—Mexico City is again threatened with attack, and the Carranza forces under General Gonzalez, who drove the Zapata army from the capital ten days ago, have marched hurriedly northward to engage an advancing Villa column, believed to be planning a junction with the Zapata troops now menacing communication with Vera Cruz.

Stale department dispatches today announced General Gonzalez with most of his army had evacuated Mexico City yesterday, turning the government over to the civil authorities.

This was prefaced by advices that General Villa's flying column, which circled Chihuahua's forces after the battle of Aguas Calientes and captured Guerrero, had taken possession of Pachuca within forty miles of Mexico City and was marching on the capital. Simultaneously with the latter report came the news that General Carranza had taken possession of the reconstructed railroad east of Aguascalientes, a junction point south of Pachuca, and had ordered it held exclusively for transportation of troops and ammunition, thus preventing further shipments of provisions from Vera Cruz to the needy thousands at Mexico City.

Situation is Grave. Officials here made no effort to conceal their belief that the situation surrounding the Mexican capital was a grave one. With another battle for possession of the city imminent and with much needed food shipments from the east coast cut off, it was feared further suffering among the city population would follow.

LIBERTY BELL TO COME VIA TULSA

That Is Hope of Chamber of Commerce Which Has Started Campaign.

As a result of agitation started two months ago by The World the Liberty Bell may come through this city on its way back to Philadelphia from the San Francisco exposition.

Secretary Edward O. Tibburns of the chamber of commerce wrote a letter yesterday to the commissioners in charge of the Pennsylvania state building at the fair, asking for the itinerary of the bell on its return trip.

When the first announcement was made that the old bell was to be taken to San Francisco The World suggested that perhaps the relic might be brought through Tulsa, either going out of coming back.

GERMANY WILL RECEIVE NOTE DURING WEEK

Draft Will Be Submitted to the Cabinet Tomorrow.

MISUNDERSTANDING TO BE IMPOSSIBLE

President Commands Silence Until The Work Is Done.

WASHINGTON, July 19.—President Wilson and Secretary Lansing prepared today the draft of a note on submarine warfare to be submitted to the cabinet tomorrow and to be sent to Germany probably before the end of the present week.

Beyond the fact that the position already taken by the United States in its previous notes will be reiterated, no information was forthcoming at either the White House or state department concerning the probable contents of the new note. Misunderstanding, however, will be impossible, it was said.

The president cautioned those with whom he conversed to refrain from discussing the note in advance of its dispatch to Germany. White House officials expressed the conviction that correspondents avoid speculation in detail at this time because the character of the document had not been finally determined. The note, it is understood, will be comparatively brief, expressing the conclusions of this government as a result of Germany's failure to give the assurance asked for in previous notes, namely that the lives of Americans traveling on the high seas would be protected, and that the lives of American merchantmen be not endangered.

THE FLOODS STILL MENACE

Missouri and Kaw Are Still Threatening Kansas City.

KANSAS CITY, July 19.—A slight rise in the middle and western reaches of the Kansas river will check the fall in the eastern portion of the stream tomorrow, was the forecast tonight of the weather bureau here. A moderate rise in the Missouri river north of here is expected to check its fall locally and possibly cause a slight rise tomorrow or Wednesday. No serious damage is expected here.

Special to The World.
