

BURNS MUST FILE HIS ANSWER TODAY

Judge Linn Overrules Motion to Quash; Malloy Leaves Court.

After reopening the hearing of ex-Chief of Police Burns yesterday Judge Linn of the district court overruled the motion made by Burns' attorneys to quash the grand jury's accusation. Pat Malloy, chief counsel for the ex-chief, quit the courtroom shortly after the hearing was resumed in the afternoon declaring that he would refuse to testify himself, by arguing further before the court.

Burns' attorneys have asked the supreme court to issue a writ of prohibition which will have the effect of disqualifying Judge Linn from hearing further evidence in the case. Linn has ordered Burns' attorneys to file their answer to the charges this morning at 9 o'clock.

The supreme court will sit Monday, December 6, as the day on which the writ of prohibition will be heard.

Jurors as Witnesses.

Several members of the grand jury were called as witnesses during the hearing. Including John W. Mendenhall, E. P. Sutherland, John Barrett, W. L. Stanton and C. M. Pfeiffer.

Malloy endeavored to show that Burns was packed and that the action by the grand jury was illegal. Attorney General K. P. Freeling, conducting the case for the state, raised many objections to the questions put by Malloy and was sustained by Judge Linn in most instances. Linn rebuked Malloy for his persistence on this occasion.

The testimony introduced was much the same as that brought out in

DESIGNED LIQUORANT HAS OIL INTERESTS IN OKLA. COMING HERE

VALLEJO, Cal., Dec. 4.—Lieutenant Edwin C. Oak, acquitted by a court-martial recently on charges growing out of the boiler explosion on the United States cruiser San Diego a year ago, has been notified that he is coming to Tulsa today. It was learned today that his resignation had been accepted by Secretary of the Navy Dutton.

Secretary Dutton in reviewing the findings of the court-martial criticized the cooperation of Lieutenant Oak when Lieutenant K. L. Hill, his subordinate, was sentenced to two forty numbers in his grade.

It was said at Alice Island navy yard today that Lieutenant Oak had been trying to obtain acceptance of his resignation for several months. He has heavy oil interests in Oklahoma and is reported wealthy. He will leave shortly for Tulsa, Okla.

DO YOU KNOW WHO IS WHO IN TULSA?

Knowledge Contest for \$20 Gold Prize Attracts Attention.

The progressive reader of a newspaper is the one who reads the ads as well as the news columns. Many people today are as well posted on the advertisers of a community as they are on the news features.

This condition prevails in Tulsa, in order to verify this assertion, The Tulsa World has inaugurated a "Who's Who" contest in its advertising department.

Elsewhere in this issue will be found a page devoted to this purpose. It is divided into six squares, each square representing some business firm in the city.

The person furnishing the nearest complete set of answers or filling in the most names correctly, will receive \$20 in gold.

This is an opportunity for the readers of The Tulsa World, both old and young, to utilize a few of their spare moments to profitable advantage.

LYON'S LAW MAY GET OPPOSITION

Row Among Leading Democrats Results in Fight Against Secretary.

Special to The World.

OKLAHOMA CITY, Dec. 4.—Petitions for signatures for the new election law initiated by Secretary of State J. L. Lyon are being sent to every section of the state and will be distributed, and it is the belief of the author of the proposed law that there will be no trouble in securing the requisite number of signatures in the time allowed by the law. Before filing his petition Secretary Lyon desired to have a conference of Democratic leaders and consider the wisdom of taking such a step, and whether the law should embody those who are opposed to it.

The law was in general approved and distributed without further consultation. To some the proposed measure is not satisfactory.

Secretary Lyon works to give every one entitled to vote a chance to cast a ballot. He believes in gratifying those provisions, and this is the reason he is one of the causes for opposition from the Democrats to the proposed measure. Those opposed to the measure are for outright disfranchisement of the black race.

Many say they do not oppose the measure, but they are everlastingly against letting the negroes have the right of franchise. This point is not understood strictly enough in the Lyon law to please the opponents.

The secretary takes the view that the Democratic party in the state should stand on its merits in the handling of the state affairs and not on brutal majorities brought about by disenfranchising a portion of the population of the state. The politicians "no comprehend."

But all members of the Democratic party agree that something must be done to divert attention from the "fair election" law promulgated by the Socialist. The new law, however, some are shimmering if that measure should be successful. But there are so many chances against it that it is improbable any bad dreams will come of it.

PROPERTY OWNER IS GIVEN \$2,000 FINE

Oklahoma City Man Permitted Bonzo Joint to be Operated in His Building; Many Other Cases.

Special to The World.

OKLAHOMA CITY, Dec. 4.—County Attorney John Embrey won in his first suit today to test the law which makes a penalty of \$1,000 a day for owners of buildings who permit them to be used for the operation of a saloon. A jury in the district court, rendered a verdict against J. K. Perrine fining him \$1,000 a day for

two days. County Attorney Embrey brought suit for \$200,000 alleging that the violations had extended over that length of time. The case will be appealed to the supreme court. The jury decided that the law had been violated twice. The penalty was for the full jail, however, that the jury saw the law had been violated. Other similar suits are pending, and will probably be taken up immediately.

Tulsans Asked to Contribute All Books of a Reference Nature That Are Needed by the Public Library

If each person in Tulsa gave just one good book to the public library think what that would mean to our city. We would have for use say, thirty-five thousand books, the educational value of which is hard to overestimate. While it is out of the question to get everybody to give, yet there are plenty of people who would do so if they knew what was needed. When the new library building is ready to be opened to the public there ought to be on hand a reasonable number of those books for which people call most frequently. At present there is a great lack of reference books and of juvenile literature. Below is a list of the books most needed. It is a short list and needs to be doubled, but short as it is these books will add greatly to the usefulness of the library. Read the titles carefully and choose one as your Christmas gift to the new library. The prices are given so that if you do not care to send for the book yourself you can send the money to Miss Mettlen, the librarian, and she will get it for you. It makes no difference whether the book or the money is given, as the latter expense will be saved by having the books all ordered at once, a saving in express and a discount on the price of the books. The name of each donor will be placed in the volume given and at the formal opening of the new library the books will be exhibited with a list of the names of those who gave.

Just one book, everybody, and Tulsa will have shown another example of her spirit of cooperation. The list of those most needed follows:

Do Something for your Cold.

Do not let it wear you out and encourage sickness.

Take Dr. King's New Discovery. You will get instant relief.

Most of us neglect coughs and colds. We brush suggestions aside with the remark "It'll be better soon," and oftentimes we do get better. However, when that cough or cold gets a hold, it usually means annoyance, interference with our work and often a spell of sickness follows. Isn't it better immediately to check that cold and ease the cough? Dr. King's New Discovery does it! Search as you will, you will not find a better remedy.

Dr. King's New Discovery is made of Pine Tar mixed with soothing balsams and laxatives. It's antiseptic and kills the germs, allays the cold-fever and soothes the irritated, inflamed throat. The very first dose gives you relief. You cough with less strain. And if you have a hacking or dry night cough, grateful relief follows and you soon drop into a restful and refreshing sleep. Get a bottle to-day and let Dr. King's New Discovery be your cold and cough doctor. At all druggists.

There is a vast army of men and women who really never know what it is to enjoy sound, vibrating health—who would be surprised to suddenly gain that exhilarating vitality that robust health brings.

Literally thousands without any particular sickness live in "general debility," as the doctors call it—have headaches, are tired and indifferent.

To all such people we say with unmistakable earnestness—"Take Scott's Emulsion after meals for one month and allow its rare oil-food to enrich and enliven your blood, quicken your circulation, stimulate nutrition, and aid nature to develop that real red-blooded life that means activity, enjoyment, success!"

Scott's Emulsion is not a drug, but a pleasant food-recipe—free from alcohol. One bottle may help you.

Modern business demands highly trained employes because the public is more exacting in its requirements. Necessarily the old slipshod methods of training have been relegated to the background.

As a result of this progress there is a school in Tulsa which is quite different from other schools. In fact, it begins where others leave off.

It is a school where young ladies are taught a profession which can be used in every city in the country.

Students in this school are paid a salary (\$6 per week) while learning.

After graduation, this school provides a position which is steady and permanent.

Young ladies who are ambitious and intelligent can command good salaries.

We advertise extensively because we are constantly endeavoring to attract to our service young ladies of a superior class.

TO PARDON MURPHY FOR THIS COUNTY

Slayer of Tulsa Jailor to Be Paroled From Minnesota Pen.

That Minnesota authorities will willingly pardon Thomas Murphy, Tulsa county jailbreaker and accused of murdering Night Jailor J. C. Conley, was made evident by a letter received yesterday by Sheriff James Woolley from State Agent P. A. Whitfield of the Minnesota state prison.

When Woolley had finished reading the letter he said "I want that criminal back here inside of two weeks and I'm going after him myself. Positive identification of Murphy was made several days ago by comparison of Bertillon records. The agent stated he believed little difficulty would be

encountered in securing Murphy's release and return to Tulsa." According to the letter Murphy has confessed his part in the daring jail delivery when he tore through his cell, released two other prisoners and is believed to have dealt the blow that killed the night jailor.

Thoughts Woman Died. He believes that he killed Mrs. Conley but she has now practically recovered from the severe beating given her. He is said to be penitent and the prison guards and officials are positive that he is now insane. He has not been told that Mrs. Conley did not die.

The letter states that Murphy is anxious to be returned to Tulsa and has expressed the wish that he may die for the crimes he has committed. It is not believed that resignation papers will be necessary to bring him back, but application for such papers was made yesterday by the county attorney.
