Indoor Life Makes Fat
TRY OIL OF KOREIN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stress, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that the body is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

NICE JOB CATCHING DOGS IS OPEN TO SOME WORTHY.
Special to The World.
BARTLESVILLE, Okla., May 18.—The city commissioners are looking for a man to act as city dog catcher. The only qualifications necessary to land the job is to be able to "trap" and handle a dog. The offer has been open three days, yet here in the center of the grazing country of Oklahoma where men are trained to "trap," besides a section of the country where men are known to be handy on the trigger, not one application has been made for the job.

COLORED COPPERS NOW PATROL BEATS
Chief Lucas Selects Man Distasteful to Some; Committee Named.

The alleged "uprising in little Africa" was dealt a healthy jolt yesterday morning when Chief of Police Lucas called Barney Cleaver and Milton Young, negroes, into his office and issued to them the badge of patrolmen of the Tulsa police force. The men were assigned at once to work in the section of the city populated largely by negroes.

The two men appointed have had previous experience as police officers in this county. Cleaver having the reputation of being one of the best and most trustworthy negro officers who ever wore a star in this part of the state. Young at one time served as a deputy sheriff in this county.

DR. WELSH ELECTED METHODIST BISHOP
SARATOGA SPRINGS, N. Y., May 12.—The deadlock over the election of bishops of the Methodist Episcopal church was broken tonight on the eighth ballot when Dr. Herbert Welsh, president of Ohio Wesleyan university, Delaware, Ohio, received 554 votes, which was 14 more than the required two-thirds majority.

Miller's Antiseptic Oil Snake Oil
Creating a Sensation Throughout the South—Many Thousands Are Now Using It With Gratifying Results.
I want to thank you for your wonderful Oil, states Mr. J. C. Gibson, of Jonesboro, Ark. My little girl was very low with diphtheria, which cost me \$20.00 with no results. I bought a 25¢ bottle of your Oil and one application relieved her. Now she is well. It's the greatest remedy I ever saw. Mr. Gibson made this statement before hundreds of people. Mrs. Ernest Mezer, 224 Whitney Street, Hartford, Conn., writes: I have used your Antiseptic Oil for rheumatism with good effects. Only three I have ever tried that stopped the pain immediately. Mrs. Williams, Gadsden, Ala., writes: I have been afflicted with rheumatism, stiff joints, also for sore throat, and I want to say that it is the greatest remedy I ever tried. I recommend it to all sufferers. Many cures reported daily from thousands of grateful users of this wonderful Oil. Every bottle guaranteed, 25c and 50c a bottle or more by mail.

MAKE SCHOOL BOARD ISSUE OF CAMPAIGN
Special to The World.
OKLAHOMA CITY, May 18.—Campaign started at Ada in a movement to divest the governor of the power to appoint the members of the state board of education has brought on a challenge between Robert Williams, editor of the News-Capital at McAlester, to debate the proposition. Both are candidates for members of the lower house of the state legislature. Williams takes the side of Governor Williams, while Winabish believes the schools should be divorced from politics. Williams has been a member of several legislatures and was always identified with the educational interests of the state. The removal of President Briles of the Ada state normal school by a board of education appointed by Governor Williams was charged to partisan politics. Briles claiming that he did not support Governor Williams in the primary election.

HIRER SLEUTH CAN'T CONVICT WHISKY MEN
It has cost Washington county thousands of dollars in the prosecution of liquor cases in the past, yet the records show that few men have ever been convicted and sentenced to serve jail terms. Because of the failure of the state courts to get convictions in liquor cases will likely result in the federal government taking over the entire work of enforcing the liquor law. In that event the state officers would co-operate with federal officers in running down and securing bootleggers. Washington county courts have made a failure of enforcing the liquor laws because juries fail to bring in convictions.

MAJESTIC.
"Laugh and the world laughs with you; weep and you weep alone." That's the basis of the headline attraction at the Majestic today and tomorrow—"The Habit of Happiness." Soundness, doesn't it?
A "groch" is all in the point of view, a sort of mental astigmatism that ruins disposition and digestion at one fell swoop. Douglas Fairbanks, he of the expansive smile and sartorial magnificence, plays the leading role in "The Habit of Happiness" and has surrounded himself with a splendid cast, but it is the "extras" which "get your goat," the tottering wrecks of a great city, the floating debris on the sea of humanity, without hope, without ambition, without anything that makes life worth living. Fairbanks takes them and makes them laugh. He sets out to make happiness a habit. Can a better mission for any man be imagined? You must see this play. It is summed up like this:
Twixt optimist and pessimist The difference is quite drifft.
The optimist sees the doughnut, while the pessimist sees the hole.

headed by "Treasure Island." Robert Louis Stevenson's great adventure story. A wonderful educational film, "The Heart and Circulation of the Blood" is very interesting, with views of a detached heart performing its functions in a salt solution, sections of living tissue under the microscope and a pulsating diagram of the entire circulatory system. "Modes of Travel in Japan" is also shown, together with a cartoon comedy and a nature study. Every child should attend these morning matinees. They furnish just the right sort of amusement with a wholesome leaven of instruction.
