

## SCHOOL DOORS OPEN TO TULSA YOUTH MONDAY

### Vacation Time From This Day Forward, But a Pleasant Memory.

## STAGE SET FOR BANNER SESSION

### Principals Prepare for En- rollment of 2,000 More Than Last Year.

With shiny face and plastered hair, he sits within the school room there. Dejected youth; His transient thoughts with winged feet. Have flown to where the day is sweet. And school—forsooth.

TULSA'S youth, exults today in its last day of grace before the starting of the fall drive. The lines are drawn, the call has gone forth and with the untimely ringing of the bells tomorrow morning thousands of recruits from Maple Ridge to tented city will set forth to join the ranks of the untaught.

The training of the city's coming generation will be taken up with renewed vigor by the public school officials. Reading, writing and arithmetic, stenography, telegraphy and domestic art all are included in the vehicle of modern youth in his ride to knowledge.

All is in readiness. With the arrival yesterday of 250 pedagogues from all states of the United States the organization of the immense system which is designed to include seven or eight thousand individuals with as many distinct individualities, was completed.

Already the computation has been made, the plans laid out, the doors opened, the desks dusted and the ink bottles filled. For more than a month Superintendent Oberholzer has been sounding out the details. For a week the principals have been aiding him in their respective units.

### Teachers Have Arrived.

Only the teachers were lacking. And yesterday they came. As though they had been waiting outside the door of the city, they flocked in during the early morning by dozens and scores. When Superintendent Oberholzer called the assembly to order at 10 o'clock in the morning every teacher, principal and supervisor was in his place.

Formal addresses by Dr. N. W. Mayginn, Prof. M. E. Wood of Kendall faculty and Superintendent Oberholzer filled the program of the morning's meeting.

Doctor Mayginn spoke for the board of education. He made a particularly impressive speech on the progress which has been made by the Tulsa system since the time he first served on the board of education. At that time, Doctor Mayginn said, there were 12 teachers and one building, all of which were sources of infinite worry to the board, which found it hard to make both ends meet. He contrasted this with the present array of schools from over the county which have been gathered to teach.

### Kendall Wants Co-Operation.

Professor Wood of Kendall formed his words to point out the coming era of Kendall and to ask co-operation from the public school teachers. Superintendent Oberholzer was the last speaker. After a week of teachers, the superintendent delved into a practical treatment of the problems before the body of teachers. Co-operation was his main theme, co-operation between teacher and pupil, teacher and parent, teacher and principal, principal and superintendent.

At this time the assignments also were given out for the first time. In the afternoon all teachers reported to their respective schools. At 2:30 o'clock in the afternoon. At this time more detailed instructions were given them and all was set in readiness for the opening.

At 8:30 o'clock this morning all children between the ages of 8 and 11 will report for duty at the schoolhouse in the district in which they live. This hour is for high school and grade schools, white and colored. It is probable that no classes will be held in the morning. In the grade schools the time will be given over to enrollment and classification of pupils. They will then be given book lists and dismissed for the day. The high school students will receive their schedules and be dismissed to get books.

During the morning high school authorities will be busy smoothing out conflicting schedules of students and Principal F. J. Katz announced last night that he would enroll no new students in the morning. Those who have not enrolled to date must report some time during the afternoon to receive attention.

All principals and teachers will be on duty tomorrow for the purpose of edification and organization. Classes Begin Tuesday.

Regular classes will begin Tuesday morning. For the first six weeks of school, Superintendent Oberholzer, has announced that school will begin at 8:30 o'clock each morning in both high school and grade schools. The morning session will end at 11:45 o'clock in the morning. An hour and a quarter will be given at noon the afternoon session taking up at 1 o'clock. High school will dismiss for the day at 3 o'clock. Grade schools will hold until 3:30 o'clock.

## MOTHER FIGHTS FOR ERRING SON

### Takes Place Reside Him in Police Court as He Fights Losing Battle With Cops.

Mothers of the paleozoic age, armed with sharp claws and an unerring instinct, battled against physical forces in defence of their young. Yesterday afternoon in police court a twentieth century mother, cultured, and armed only with the same unerring instinct, cost off that pride which centuries of civilization have carved her with and appeared in defence of her son, who was charged with vagrancy. She sat by his side as evidence was drawn from him that he had frequented houses of ill-fame and had been drunk at odd hours of the night, and then, when he was fined \$25 and sentenced to 10 days on the streets, she walked by his side with head erect to the very doors of the ill-smelling jail itself.

## POLICE CHIEFS SUFFER ARREST

### Lucas and Judge Cavitt Are Charged With Con- tempt to Court.

Chief of Police E. L. Lucas and Police Judge C. O. Cavitt were arrested at police headquarters yesterday afternoon by Constable W. L. Hooker after they had refused to honor a writ of replevin and return several barrels of cider to H. N. Ames for two years and had been disposing of large quantities of the same beverage that had been confiscated. It was further contended that there was no alcohol in the cider and "brew" and that Ames had a right to recover his property.

## WITHHELD THE STOCK

### Officials Refused to Return Beverages Taken From Jitney Buffet.

The two officials appeared before Justice Lee Daniel in company with Assistant City Attorney John R. Woodward. The attorney declared that the raid and arrest of Ames had been made in the regular manner and that the barrels of cider had been placed in the hands of a chemist for analysis. He declared that the justice court was not one of jurisdiction to pass on such a question.

### Attorneys for Ames declared that he had been operating the Jitney buffet for two years and had been disposing of large quantities of the same beverage that had been confiscated. It was further contended that there was no alcohol in the cider and "brew" and that Ames had a right to recover his property.

### Constable Hooker stepped outside of the courtroom and asked the officers if they would give up the cider and they informed him that they would not.

### Wanted Them Jailed.

Taking the chief and the assistant city attorney by the arms he led them back into the courtroom and asked the court to prepare their commitments for contempt of court. Ames interceded in behalf of the officials and declared he didn't want them to be sent to jail and the matter was finished.

### Shortly after the raid yesterday morning Ames' attorneys appeared before Judge George C. Crump of the district court and succeeded in getting a temporary injunction against the police department to restrain them from raiding the Jitney buffet. The injunction was granted and hearing on a permanent restraining order will be held at 7 o'clock Monday night.

### At the time of the raid Ames, a waiter and porter were arrested and charged with violating the prohibitory laws and bonds in each case were fixed at \$500. All made bond.

### Ames and his codefendants will be tried on the charges made against them in police court Tuesday afternoon.

### The raid on the Jitney bar was made in conjunction with a general declaration of war by the police on places where cider and "brew" are dispensed.

## FORMING LINE TO BEAT BACK NEW COUNTERS

### Entente Reports Advance of French, British and Serbians Continue.

## BERLIN ADMITTING SEVERAL LOSSES

### North of Somme, British Halt to Consolidate Their Forces.

THE advance of the British north of the Somme in France apparently has halted momentarily while General Haig's men consolidate the ground gained and withstand German counter-attacks. Crown Prince Rupprecht of Bavaria launched vain attacks against the new position gained by the Anglo-French forces north and south of the Somme.

Berlin admits the loss of Courcellette, Martinpuich and Pictet, but declares attacks against Comille were ineffective. The Germans estimate that about four hundred thousand men took part in the Anglo-French drive of Friday. Berlin says the British made progress and that the French assaults south of the Somme were repulsed.

Balkan troops, assisted by Germans and Turks, have regained from Rumania virtually all of Dobruja taken by Rumania during the second Balkan war. Under Field Marshal von Mackensen the central powers have driven the Rumanians and Rumanians back to a line running from north of Silistria to Mangalia.

### Can't Cross River.

The Rumanian advance in Transylvania is meeting with stiff resistance from the Austro-German forces near Fozarcs, twenty miles north of the frontier. Attempts of the Rumanians to cross the Ait river were checked. At Hatzeg Rumanian positions were taken.

Italian troops are succeeding in their new offensive toward Trieste. Some says. Several important positions along the Vallone were taken from the Austrians and the Italians also captured more than one thousand prisoners.

### Entente says the advance of the French, British and Serbians in Macedonia continues successfully. The most violent fighting is taking place west of Lake Ostrovo, where the Serbians are said to have routed the troops of the central powers. The Serbians have advanced northeast of Florina and have captured 73 cannon.

### French forces advanced in the region of Vetrnik, Kalma, Otalan and Florina. A belated dispatch from Sofia says the Bulgarians repulsed attacks in the region of Lake Ostrovo. Berlin says the Bulgarians retired to the defensive position after the loss of Malkovits and that Serbian attacks on the Moglenica front failed.

### Neither Petrograd nor Berlin report any marked activity on the long eastern front from Vite to Karai.

An unofficial dispatch received in London says that Nicolaï Callagayevopolous, who was summoned by King Constantine, has formed a cabinet to replace former Premier Zaimov.

### Santa Fe Building Spur.

Special to the World.  
BRAMAN, Okla., Sept. 16.—The Santa Fe Railway company is putting in three miles of extra switch and "tear" track at this place to handle the oil field business going out of here. A great many teams get material from here and haul it to the field and the amount of truckage already in the yards was not sufficient to handle the increased business. The new truckage is being built ever west of the main line.

### Appoint New Quartermaster.

WASHINGTON, Sept. 16.—Brigadier General H. G. Sharp was today appointed quartermaster-general of the army, to succeed General Aleshiba, who retired recently. Col. Abel L. Smith, the acting colonel of the corps, was promoted to be a brigadier-general.

## \$32,387,510.86 ON DEPOSIT IN TULSA

### BANKS HERE ANSWER LAST CALL SHOWING INCREASE OF \$1,435,522.96.

### Eight Institutions Have Total of \$2,873,615 Surplus, Profits and Capital.

Since June 30 the banks of Tulsa have increased their deposits \$1,435,522.96, according to an answer to a call issued yesterday by the comptroller of currency for a condition of the institutions at the close of business September 12.

The Exchange National bank remains at the top of the list in the matter of deposits, showing by its answer to the call that there is on deposit with that institution a total of \$14,427,674.56, which is a gain of almost a million dollars over the deposits of the bank at the time the last call was issued.

The next in the amount of deposits was the Central National bank with deposits of \$7,332,230.38, which also is a gain over the report made by this bank at the last call of the comptroller. The First National bank with \$2,967,295.40 was third in the list of banks arranged with reference to their deposits and the National Bank of Commerce stands in fourth position with a total deposit of \$1,877,888.81, which is also a gain over the amount shown on deposit in answer to the last call.

A gain in the amount of deposits of \$1,275,927.72 has been reached by the officers of the Liberty National bank and the Producers State bank have reached a total of \$1,238,726.75, but slightly above the Merchants and Planters bank with deposits of \$1,232,927.87.

The American National bank has shown a marked gain in deposits since the last call was issued and in answer to the most recent call from the comptroller, a total amount on deposit in this bank is shown at \$1,204,249.54, all making a grand total of deposits of \$32,387,510.86.

## READY TO SHIELD NEW GERMAN SUB

### Cargo of Rubber Is Stored Within Barricade on the Pier.

## OFFICIALS ARRIVE

### May Mean the Completion of Successful Trip of Sister U-Boat.

NEW LONDON, Conn., Sept. 16.—A persistent report that the German submarine merchantman Bremen, a sister ship of the Deutschland, would arrive here within a week gained credence tonight by the arrival in this city of Paul G. L. Hilken, manager of the German Ocean Transportation company, which was organized to operate the undersea craft. Mr. Hilken was accompanied by G. Prusse, who was credited with having constructed the Deutschland and who was a passenger on it when that vessel arrived at Baltimore.

Neither Mr. Hilken nor Mr. Prusse would state definitely tonight whether the Bremen is on her way here.

### Prepare a Berth.

The North German Lloyd steamer Willehad, which which brought around from Boston a few weeks ago, has been moored near the U. S. S. Dolphin, outside of the New London pier, forming a berth inside and today a pontoon of rafts with a big board fence was moored at the prow of the steamer.

With the pontoon fence in position a submarine inside would be screened from outside view. The board fence surrounds the warehouses and the office building leased by the Eastern Forwarding company, a subsidiary of the German Ocean Transportation company.

About twenty carloads of rubber have been received here within the last few weeks and are stored in the warehouses. The material is consigned in small boxes market via San Francisco.

## RATH FACTIONS ARE PREPARED FOR WAGE WAR

### Union Men Claim Thousand Will Walk Out as Re- sult of Car Strike.

## COMPANY OFFICIAL READY FOR WORST

### Business Men, Hard Hit by Trouble, Willing to Go Limit to Avert It.

NEW YORK, Sept. 16.—Although union leaders asserted tonight that preparations were well under way for the threatened strike on Monday from seventy thousand to eighty thousand workers in trades affiliated with the carmen who quit their places September 8, service on subway, elevated railway and surface car lines continued today to show improvement, it was announced by the police.

A report that the Interborough Rapid Transit company and the New York City Railways company contemplated legal action against union leaders in the event of the strike of union workers allied with the carmen, called forth a statement tonight by Theodore P. Shonts, president of both companies, that "if others suffer through a sympathetic strike it is the business of some people other than the interborough to take it up."

Asserting that the number of loyal employees was sufficient to operate the subway and elevated roads, President Shonts today announced he had ordered the dismissal of nine hundred strikebreakers.

### Some Won't Strike.

Secretary Wright of the Tidewater Boatmen's union which has already taken a strike vote, declared today that contemplated walkout would not be taken in sympathy with the railway men.

The longshoremen, numbering eight thousand, voted yesterday to strike, according to the police, and the latter believing this strike will be called within 24 hours, today took precautions to prevent water front disorders.

Officials of the Interborough Transit company, against which the fight is principally directed, discussed today the possibility of instituting action charging conspiracy against the union leaders.

Business men and merchants who have suffered heavily because of the traction tie up are said to be willing to co-operate in the movement to restrain the labor leaders.

### THEY STEAL AUTOS IN BARTLESVILLE

### Owners of That City Are to Organize for Protection Against a Band.

BARTLESVILLE, Okla., Sept. 16.—So many automobiles have been stolen in this city and section of late that Bartlesville owners of cars have just about decided to organize a local branch of the Anti-Auto Thieves' association. Such an organization exists in many sections of Kansas and they have succeeded in making the business of stealing automobiles up in that state about as dangerous as stealing horses.

The new association is patterned after the A. H. T. A., which organization has practically wiped out the business of stealing horses. With the forming of an auto association a system of running down auto thieves has been perfected and when a thief steals a car he will have a difficult time getting away with it or disposing of the car.

## SINCLAIR WELL DID NOT DRILL IN SAND

The eyes of the mid-continent field were turned on the Sinclair Oil & Gas Co. test in 25-22-4w yesterday, but their hopes that the well would be drilled in a future doomed to disappointment. After landing the eight-inch casing on the bottom of the hole at 1,180 feet everything was shut down and an exodus was started for home.

Just when the well will be drilled in is doubtful as no one seemed to know the cause of the delay. The casing has shut off the gas and the well has stopped flowing, although the hole has been drilled in a future doomed to disappointment. After landing the eight-inch casing on the bottom of the hole at 1,180 feet everything was shut down and an exodus was started for home.

### TEACHERS' ASSOCIATION MEETS

Program Completed For November Meeting of Teachers' Association.

OKLAHOMA CITY, Sept. 16.—The executive committee of the Oklahoma Teachers' association, meeting here, has completed the program for the teachers' annual state convention, which will be held here November 30 and December 1 and 2. The program will be published at an early date. The executive board tried to make up a program that will be of benefit to all teachers in the state who can attend the meeting. The time of meeting is arranged so teachers will be afforded an opportunity to attend and only miss one day of school.

## DEATH IN FAMILY HALTS CAMPAIGN

### PRESIDENT WILSON ABANDONS ENGAGEMENT FOR WEEK WHEN SISTER DIES.

### Many Relatives of Anne Howe Go With President to Columbia For Funeral.

LONG BRANCH, N. J., Sept. 16.—Cereciling all political engagements for the first part of next week, President Wilson today made plans for leaving for Columbia, S. C., tomorrow afternoon to attend the funeral of his sister, Mrs. Anne E. Howe, who died this morning at New London, Conn.

News of Mrs. Howe's death reached the president while he was at breakfast. He was greatly shocked, although he was told several days ago during his visit to his sister in New London that it was impossible for her to live. He had planned to return to New London before her death.

Accompanied by Mrs. Wilson and Dr. Cary T. Grayson, the White House physician, the president will motor to Trenton, N. J., tomorrow afternoon to join his brother, Joseph R. Wilson, of Baltimore; his daughter, Miss Margaret Wilson, and several other relatives who will go with Mrs. Howe's body to Columbia for the funeral.

## MORE GUARDSMEN TO MARCH SOUTH

### Troops at State Mobiliza- tion Camps to Be Sent to the Border.

## GO FOR TRAINING

### If Plans Are Carried Out It Will Be Necessary to Raise Funds.

WASHINGTON, Sept. 16.—All national guard organizations which have been held at state mobilization camps since they were mustered into the federal service are scheduled to start for the Mexican border soon. Officials indicated today that they probably would go within two weeks.

Secretary Baker is determined that every guard unit undergo border service and training before it is discharged and intends to use the troops in state camps to relieve those on the border so that the latter may return home and be mustered out of the federal service.

### Funds Are Needed.

Lack of funds available for transportation may alter this policy. Although no account of the expenditures in state camps to relieve those on the border so that the latter may return home and be mustered out of the federal service.

Officials are decidedly optimistic over the future of the fair and despite the fact that they are still neck deep in bills, unrecalled for awards have turned their eyes toward the fair of 1917, which they expect to surpass this exhibition in every particular. Some of the directors indicated last night that the next fall might be held later than that one this year and that Tulsa might openly fight Oklahoma City for fair supremacy of this state.

As yet all awards have not been completely recalled and necked over. Prizes have not yet been announced in several departments but it is expected that these will be given out by Tuesday. Prizes in the better baby contest have not been awarded. The minimum in the domestic science, poultry and fruit departments are as follows:

Mrs. G. R. Caldwell, first embroidered waist; Mrs. G. F. Renshaw, embroidered centerpiece, embroidered monogram; Mrs. George Schmidt, embroidered dresser scarf, pillowcase; Mrs. C. W. Holderman, embroidered napkin, luncheon cloth and sheet; Sue Eversoll, embroidered lunch set; Miss Lee Whitmore, embroidered corset cover; Miss Willie Whitmore, embroidered nightgown; Sister Rose, embroidered handkerchief; Mrs. S. W. Mitchell, embroidered initial; Mrs. John Dally, embroidered article; Helen Miller, embroidered article; Mrs. O. H. Edson, fancy apron; Mrs. A. F. Rupp, first workbag; Mrs. Carolina McCullum, carriage robe; Mrs. A. H. Smith, baby cap; Mrs. S. W. Mitchell, drawing; Bruce Goff, pencil drawing; Mrs. Frank Hisey, charcoal drawing; Mrs. Lucy Lewis, china painted dresser set; Henry Sanders, vase, sugar and creamer; Mrs. Lucy Lewis, collection of china; Mrs. C. W. Holderman, table runner; Mrs. G. S. Hart, crocheted table runner; Mrs. S. W. Mitchell, cross stitch runner; Mrs. C. W. Holderman, lace collar; Mrs. O. R. Caldwell, lace collar, point lace, lace handkerchief; Mrs. William Hackendorf, tatting handkerchief; Mrs. R. S. Mills, edging insertion; Opha Brothers, goodie; Mrs. J. Tiffitt, first quilting; Tulsa County Woman's club, best display of needlework; Minnetta Hodges, marine drawing; Mrs. W. W. Shower, old ladies' embroidered work; Mrs. M. I. Wells, old ladies' knitting; Mrs. G. W. Willman, old ladies' crochet.

## HERRON AND TRAY IN BAD COMPANY

### Young Man From Claremore Was "Seeing the Sights" When He Was Arrested.

Spectators in police court yesterday afternoon were reminded of old dog Tray and his unhappy end when Cecil Herron of Claremore faced Judge Cavitt on a charge of vagrancy. Herron was arrested by Patrolman Francis last night as he lay asleep in the prison depot. All his protestations of innocence availed nothing when the officer reminded the jurist that the company the defendant was in was one of notorious fame among law mongers. The young man was given a sentence of five days. "Until we can see if the references you have given are good," the judge told Herron.

Herron, who had the appearance of an honest country youth, and who testified that he was "seeing the sights," told the court his brother is connected with Kendall college and that he had no other motive in sleeping in the public station than a desire for rest.

A PARAMOUNT PICTURE  
SHOWING AT THE  
**PALACE THEATER**  
TODAY AND MONDAY

The lavishness of the display, the variedness and wonderful arrangement of the farm products made the Bixby township exhibit easily the winner in its class at the recent Tulsa county fair. Like a certain brand of pickles, some 57 or more kinds of products were represented in the display. Much of the display was included in the Tulsa county exhibit, which will be shown at the state fair beginning September 18.
