

# Pressey Gives Water Details to Chamber of Commerce

Full Information With Charts, Maps and Profiles Laid Before Committee.

## GOES INTO EVERY FEATURE

Storage Reservoirs at Grand River, Pryor and Catoosa Provided in Plan.

At a meeting Thursday afternoon at the municipal auditorium Henry A. Pressey, consulting engineer for the city of Tulsa, explained in detail to members of a special committee appointed from the chamber of commerce the facts and figures concerning the water supply of Tulsa. Mr. Pressey's report was the result of his investigation into the water supply of Tulsa, available water resources, and the various sections of the city.

Mr. Pressey displayed one chart showing the water supply of Tulsa, and another showing the water supply of the Spavinaw river. He also showed a map of the city of Tulsa, and a map of the Spavinaw river.

Mr. Pressey explained that the water supply of Tulsa is inadequate, and that a new water supply system must be developed. He proposed a system of storage reservoirs at Grand River, Pryor and Catoosa.

The committee was satisfied with Mr. Pressey's report, and will recommend to the city council that a new water supply system be developed. The estimated cost of the system is \$1,000,000.

Mr. Pressey stated that the water supply of Tulsa is inadequate, and that a new water supply system must be developed. He proposed a system of storage reservoirs at Grand River, Pryor and Catoosa.

## LANE PREPARING PLANS FOR LAND RECLAMATION

WASHINGTON, March 13.—In expectation that legislation providing for settlement of reclaimed lands by returned soldiers will be passed by the next congress, Secretary Lane is continuing the preliminary work of investigation. Questionnaires are being distributed at the various camps and naval stations throughout the country. Mr. Lane said today in reply to a question that he is continuing the preliminary work of investigation. Questionnaires are being distributed at the various camps and naval stations throughout the country.

Thirty-two states, either through legislative action or appointment of state committees, the secretary said, have taken steps toward co-operation with the interior department in working out the soldier land settlement plan.

States where legislative action has been taken or is pending include Arkansas, Oklahoma, Tennessee and Texas.

In Louisiana committees have been appointed to work with the government in carrying out the proposal.

## KANSAS WOMAN IS HELD FOR MURDER OF HUSBAND

GARNETT, Kan., March 12.—Mrs. Mary I. King was bound over for trial at the June term of the district court on a charge of killing her husband, N. J. King, prominent stockman, last Sunday, at her preliminary hearing here today. Bond, fixed at \$7,000, was furnished and Mrs. King was released. No defense was offered by Mrs. King's attorney.

The killing is supposed to have been the result of a quarrel. At the hearing today Robert Cullison, a farm hand employed by the Kings, who saw the shooting, testified that King called to him from a porch saying that Mrs. King had a pistol and was going to kill him and that he wished Cullison to witness it.

Cullison said that when King made a move to take the weapon from his wife's hands Mrs. King pulled the trigger.

Mrs. King refused to discuss the cause of the shooting.

## LACK OF PAVING BIDS CAUSES TALK OF COMBINE

Up until closing time at the city hall Thursday evening no bids had been received on the paving to be done in Broadmoor addition. The work is to inaugurate an extensive paving program by the city this spring.

Contractors appear to have lost interest in Tulsa paving. In the opinion of city officials the contractors have no excuse to offer for refusing to submit bids, as the estimates of the city engineering department are quoted on a basis of those of other cities, including Oklahoma City.

It has been repeatedly intimated by prominent citizens that a combine exists among some contractors for the purpose of forcing Tulsans to pay a high price for their paving. It is hoped that an investigation will be conducted.

## BUICK HOTEL SOLD TO R. E. DRENNAN

Announcement was made Thursday night of the sale of the Buick hotel on South Boulder to R. E. Drennan, for four years assistant manager of the Tulsa hotel.

The hotel will be remodeled and decorated and it is the intention of the owner to install conveniences which will make it one of the most modern hotels in the city.

Mr. Drennan is widely known throughout the state as a hotel man and made a large number of friends while connected with the Hotel Tulsa.

## Bury Tulsa Physician

Dr. W. C. Black.

Dr. W. C. Black, who died Monday night after drinking carbolic acid in a room at the Detroit hotel, was buried Wednesday afternoon in Rose Hill cemetery following services at Mowbray's funeral chapel. Relatives from other states, his family and many friends were present at the services at the chapel and at the grave.

## Moves to Tulsa

J. W. Alexander and family of Ramona have arrived in the city and will make this their future home. Mr. Alexander is general manager of the Deway Grain & Milling company, which recently opened a branch of its business here.

## HOME PRINTERS WANT MORE TULSA BUSINESS

Complaining that a great deal of the printing done for Tulsa business houses is contracted for outside of the city, members of the Tulsa Typographical union appeared before the secretary of the chamber of commerce Thursday and asked that the "Trade at Home" maxim be observed in dealing with their trade as well as with the local merchants. The printers complain that the local shops are not receiving their share of this work and ask that they be accorded more consideration in the future.

## Two More Cadets Selected

WASHINGTON, March 14.—Representative William Hastings of the Second Oklahoma district has appointed James M. Tidwell of Muskogee to be a candidate for the entrance examination to the United States military academy, which will be held next Friday. Representative James V. McClintock of the Seventh Oklahoma district has appointed Deway Benson of Deway to be a first alternate candidate for the same examination.

## YOU CAN DO YOUR OWN EMBROIDERING

With the New Parisian Art Embroidery Needle now being demonstrated on the main floor.

Shannon Sells It for Less. Ask Your Neighbor.

What's in a Name? Not much as a rule except for what it represents — "Rockefeller" represents the biggest bank account — "New Method," the best Gas Range.

## The New Method Gas Range

Was new 20 years ago and like wine it has grown better with age. Twenty years of good cooking protected by 20 exclusive patented features makes it different from all others and continued development has kept it young like "Daddy Flynn."

## SPARTACANS DRIVEN OUT OF STRONGHOLDS

Government Troops Slowly Cleaning Out Holes in Battles in German Capital, Reports Say.

COPENHAGEN, March 12.—German government forces, after lively fighting, have succeeded in driving the Spartacans out of the east end sections of Berlin, including Lichtenberg, according to a Berlin dispatch filed Wednesday.

Berlin, Wednesday, March 12.—Spartacans forced under pressure from government troops using artillery and gas, to abandon their positions in Lichtenberg this morning. The government forces took a large number of prisoners, many of whom were executed summarily.

The occupation of the district, the messenger stated, was systematically carried out by the government troops. Considerable quantities of arms were captured. The losses on the government side are declared not to have been heavy. The hostile acts of cruelty by the Spartacans have been fully confirmed.

Government troops entered Lichtenberg after bombarding heavily the main Spartacan nests. The Spartacans fled, leaving behind them their weapons and ammunition. The suburb is surrounded by government troops and the only chance the Spartacans have of escape is by discharging their weapons and concealing their identity by mingling with the possible inhabitants.

One group of 30 prisoners captured included 10 women. With their hands handcuffed behind them and women were taken through the Unter den Linden to Moabit prison.

In one Spartacan nest, it is reported, 20 prisoners were captured. Government soldiers reported further details of the torture and murder of government soldiers and policemen by the Spartacans.

The government has issued a notice that the seven depots of the republican soldiers guards have been abolished and that any former members of these depots caught with weapons will be executed. The government is preparing to clean up all Spartacan districts thoroughly. Large quantities of arms and ammunition are being discovered.

The Lichtenberg soldiers and workmen's council, which was composed wholly of independent socialists and Spartacans, has been dissolved.

## FRANK SEAMAN LEG FROM OPERATION

Frank G. Seaman underwent an operation for the removal of a leg yesterday morning in a local hospital. Mr. Seaman had been suffering for some months with an infection of the leg, which developed in the ankle and extended to the upper limb. He is resting as well as could be expected after the ordeal.

## Government Rests in O'Leary Case

NEW YORK, March 13.—Attorneys for the government today rested their case in federal court against Jeremiah A. O'Leary, former publisher of the anti-British magazine Bull, after calling several witnesses in rebuttal of testimony offered by the defendants to refute the charge of violating the espionage act.

# The Kind of Peace League the Republicans Want

While the New York Sun (Ind.) says that "President Wilson's plan is dead," after thirty-seven Republican Senators had signed a round robin declaring that the Constitution of the League of Nations in the form now proposed should not be accepted by the United States, the Baltimore Sun (Ind. Dem.) reminds us that the "leading Republican critics of the proposed constitution have not put themselves on record as opposed to any League of Nations but merely to the particular plan now before the Peace Conference. And Senator Capper, (Rep.) of Kansas thinks that "the cuffing and buffeting President Wilson's League of Nations plan is getting, is a good thing for the President and for the country," and in the end "the League of Nations is coming as certainly as daylight follows darkness," according to **The Atlanta Constitution** (Dem.).

Read THE LITERARY DIGEST this week for a comprehensive survey of editorial opinion throughout the United States as to the Republican opposition to the League in its present form and the suggestions made for its revision.

**"The Digest" In High-Class Hotels**

Managers and owners of high-class hotels throughout the country are making THE LITERARY DIGEST a necessary part of the equipment of their reading rooms. The average family of guests in a big hotel is drawn from every section of the country and in selecting the "Digest" as the favorite magazine shrewd judgment is exercised because THE LITERARY DIGEST, "all the magazines in one," is a real economy and being neither local nor sectional in its appeal, "fills the bill." Every hotel guest who reads it, no matter whence he came, is sure to find it suited to his needs. It gives the casual searcher for information just that crisp, newsworthy, condensed summary of national and world events of the moment that he needs. At the same time it gives the careful student of events just those authoritative viewpoints that he requires. As it is neither biased nor partial it suits everybody and pleases everybody.

## MORE EMPLOYES WALK OUT IN SYMPATHY WITH CLERKS

ATLANTA, Ga., March 13.—Employees were being made here tonight to replace 125 employees at the Terminal station, the union depot and the spurs consolidated ticket office who joined the walkout of clerks of the Nashville, Chattanooga & St. Louis railroad. J. A. Baldwin, president of the Atlanta division of the Western & Atlantic, the road road over which the N. C. & St. L. enters Atlanta, said conference were being held to determine the possibility of using soldiers from Camp Gordon to replace the men who went out today. William H. Page, ticket agent in charge of the station consolidated ticket office, said he was going to fill the vacancies in his office as soon as possible.

The walkout of ticket men, gatekeepers, baggage men and baggage checkers here threw the station into confusion. H. Winchell, regional director, announced that the walkout today resulted in the railroad administration refusing demands of the clerks that no tickets be sold, baggage checked or station gates opened for N. C. & St. L. trains.

## PARENTS OF HIGH SCHOOL PUPILS FORM A CLUB

Without a moment's delay an association of parents of the high school boys was formed, with Mrs. C. C. Stimpert acting as president. It was decided to hold regular meetings the third Wednesday of each month, the first regular meeting to be held on March 25, at 8:30 p. m. in the afternoon. Mrs. Stimpert, principal of the school, explained the urgent need of such an association and urged the interest and enthusiasm of parents in the plan. Officers will be elected at the next meeting.
