Victory loan workers boosted Tulsa's sales from \$1,405,850 to \$2,250,000 in the hours of a day and a clock Thursday afternoon.

The largest individual purchasers to date are: J. A. Chapman, \$300,000; R. M. McFarlin, \$300,000; G. T. Braden, \$50,000; Oklahoma Natural Gas company, \$50,000.

In the case of one subscriber the strong arm squad of men mustered here in service Thursday afternoon. The bond purchaser in question had not lived up to the expectation of A. V. Davenport, city manager.

Bond sales handled over the counter at loan headquarters in the municipal building total \$1,790,950. Pledges outstanding, however, bring the assured total up to the \$2,500,000 mark.

Of this total women teams have sold \$1,183,850 worth of bonds. Present plans of the county organization are to take a delegation of speakers to Broken Arrow Sunday evening for the purpose of stimulating bond sales.

SLATER DEATHS LOOK MORE LIKE A DOUBLE MURDER

A telegram was received last night by Tulsa relatives from Guy P. Slater, at Houston, Texas, bearing the information that his father had been shot and his mother killed with a hammer.

News had previously been received that the aged couple, former residents of Tulsa, had been found dead in their home at Angleton, near Houston, and that an investigation indicated suicide.

Guy P. Slater, the son, was in Fort Worth at the time the message was received and the information was hurried to Angleton and the telegram received last night expresses his view of the tragedy.

C. S. Slater, the dead man, was 83 years old and his wife was 84 years old. They had several married children and were living a retired life on a farm in south Texas. The elder Slater came to Tulsa about 12 years ago and was a prominent oil operator in the Oklahoma field before his removal to Texas some years ago.

Main Street Jewelry Store Is Burglarized

The M. Shain Jewelry company, 114 South Main, was burglarized at an early hour this morning. Thieves broke the plate glass window, took valuable jewelry from the display cases and escaped. The total loss was not known at 2:30 o'clock, the police having been unable to locate the proprietors. A man suspected of the robbery escaped in the direction of the Ardmore rooms on Main street, according to Detective Jack Brutana.

NATION BUILDING We are building a nation of free men, we are building a race to endure. We are building a path for the children of men, a path where the footing is sure.

We have truth for his mighty foundation, his orders are justice and right. And the peace of the home in the twilight is in the body and soul of our might.

We are building with men for the future. They come from all lands to our shores. There is never a ship on the ocean but we are building a race to endure.

They come with their women and children, frightened and pale and oppressed. And we that are lovers of freedom must learn them the things that are best.

We must take them and shape them and mold them until they are one with us all.

We must teach them our tongue and our customs if never our flag is to fall. We must train them, honor Old Glory, they must learn what it means to be free.

They must love this great land as we love it, for the sake of the nation to be.

Sweet laughter must ring in their homes, their children about them must play. They must find the contentment of freedom and pull all their hatred away.

We are building a nation of free men, and out of each alien breed must come an American people that shall know the American creed. (Copyright, 1919, by Edgar A. Guest.)

MAY CALL Y MEN OUT OF ITALY. PARIS, April 24.—The possibility of ordering all American Y. M. C. A. workers out of Italy is being considered by John R. Mott of the war work council of the Y. M. C. A. There are about 200 American workers in Italy assigned to various units of the Italian army and Mr. Mott today was somewhat perturbed over the possibility that they might become involved in manifestations of anti-American feeling.

Non-Recognition Leads Mexico to Repudiate Monroe Doctrine

WASHINGTON, April 24.—Failure of the allied powers to invite Mexico to participate in the conference of neutrals at Paris has aroused President Carranza to bitter resentment. The state department late today announced it had received advice from Mexico City giving the text of the statement by the Mexican foreign office and published in Mexico City newspapers. The Mexican statement declares that the Mexican government "has not recognized, nor will it recognize, the Monroe doctrine or any other which may attack the sovereignty and independence of Mexico."

The advice to the state department also announced the recall of the Mexican agent in Paris. Officials recalled that on at least one occasion Mexico recognized the Monroe doctrine. At the close of the Civil war the United States applied the Monroe doctrine in Mexico to the case of Emperor Maximilian at the behest of the Mexicans and the friendship of the United States for Mexico had a large part in giving the country the moral strength to throw off the imperial yoke and execute the emperor.

GOVERNOR NOT SCHEDULED

Robertson Not to Debate, Merits Here With Russell—Talks at Altus.

OKLAHOMA CITY, April 24.—At state headquarters of the Good Roads' association here today reports from over the state were received showing a decided change in sentiment in favor of the proposed \$50,000,000 road bonds issue to be voted on May 6. Muskogee, where the opposition has centered its strength, today expressed approval when 200 members of the Rotary club voted almost unanimously to support good roads. The McCurtain County Bankers' association and the chamber of commerce at Idabel wired that similar resolutions were adopted.

Governor Robertson at Frederick and Altus today charged the opposition to the bond issue is being kept alive by railroad and interurban interests, who oppose the building of competitive means of travel.

Beginning Monday a statewide campaign by counties will be inaugurated in each county. Advocates of the proposed bond issue are anxious to meet opposition speakers in joint debate.

Governor Robertson was advised by the interior department from Washington today that the government will aid in road building machinery of all kinds to assist in building the hard surfaced road system as proposed.

"Governor Robertson never told anyone he would speak at Tulsa tonight," said Campbell Russell on the good roads bond issue and he never even gave the matter serious consideration."

This was the statement made over long distance telephone to C. S. Avery by J. L. Pope at Oklahoma City Thursday afternoon. Mr. Pope is campaign manager for the good roads issue. In addition to being manager of the Oklahoma good roads association and secretary of the Woodward chamber of commerce.

Cyrus S. Avery doubted the announcement that the governor would speak in favor of the bond against Campbell Russell here last night. Not in touch with Oklahoma City and obtained denial of the statement.

Mr. Avery was informed that Governor Robertson spoke Thursday afternoon at Frederick and was to speak at Altus. Mr. Avery and W. V. Biddison, C. S. Avery and E. B. Guthrie, the latter highways commissioner for the chamber of commerce, will be the principal speakers on a tour to be made the latter part of this week in support of the \$50,000,000 state good roads bond issue.

The trio will appear at Ramona Friday evening and at Bixby Saturday evening. A program was arranged for Broken Arrow next Tuesday evening, the speakers for which have not yet been selected by the committee.

Cable From Wilson Denies All Reports of Secret Alliance

WASHINGTON, April 24.—Secretary Tumulty, in a statement issued tonight at the white house, said a cablegram had been received from President Wilson in Paris, "giving positive and unqualified denial" to reports that "the president had entered into a secret alliance or treaty with some of the great powers."

The statement given out at the white house, at the direction of Mr. Tumulty, said: "In view of the fact that certain newspapers of wide circulation throughout the country have intimated that the president had entered into a secret alliance or treaty with some of the great powers, I conveyed this information to the president and am today in receipt of a cablegram from him giving positive and unqualified denial to this story."

Press dispatches from Paris several days ago said it was understood that the president was considering an understanding with France providing for the assistance of the United States in event of any future aggression on the part of Germany. These dispatches asserted that the president upon his return might lay the details of such an understanding before the senate.

NEW YORK, April 24.—Somewhere in the near Atlantic the steamer Mount Vernon, 24 hours overdue, is bringing Tulsa's ambassadors into this port. The Mount Vernon ought to have put into New York today, the Aquantia, bringing New York's own, the 77th division, which left Brest a day after the Mount Vernon, getting in today. It passed the Mount Vernon in midocean. The Tulsa men will not get any such reception as Arizona and New Mexico men got here tonight.

Okahoma failed to make any appropriation to enable the Rocky Mountain club here, the eastern home of western men, to entertain Sooner state sons as they arrive on home soil. Arizona and New Mexico did and the men of the 148th infantry had the time of their lives tonight after a banquet at the McAlpin, when 500 officers and men of these two western states went to the hip-drome for a show. The contrast in the receptions led Oklahomans here to declare that a campaign will be undertaken to have Oklahoma raise a fund for the Rocky Mountain club before the next big contingent comes in.

Plans are well under way for the reception of the Tulsa ambassadors when they stop over in the city on their way to a southern demobilization camp. The ambulance company is due to dock at Hoboken this morning. Although the visit has been authorized by the war department it is not known how long the men will be in the city. Two committees, one of women and one of men, headed by Mrs. E. Lehman and Mrs. J. Niles are completing the arrangements. Mr. Niles will have charge of the parade through the city. It will end at Convention hall where a show reception will be given the boys.

The meeting will then disband and the soldiers will spend the remainder of the day and night with their friends. Although the visit has been authorized by the war department it is not known how long the men will be in the city. Two committees, one of women and one of men, headed by Mrs. E. Lehman and Mrs. J. Niles are completing the arrangements. Mr. Niles will have charge of the parade through the city. It will end at Convention hall where a show reception will be given the boys.

WAR VETERANS FORM BRANCH 100 STRONG

Soldiers, Sailors and Marines Included in Organization of Former Service Men.

More than 100 former service men met last night in the district court building to form a temporary organization of the veterans of the war and elect delegates to represent Tulsa county at the state convention to be held in Oklahoma City on May 2.

Lee Daniels was chosen temporary chairman and Thomas J. Shea temporary secretary.

The following men were elected to the state convention: C. S. Avery, H. H. Hagan, Alva J. Niles, Lee Daniels, H. W. Meyer, G. E. O'Brien, J. Rodgers, S. A. Thompson, W. E. Fox, W. O. Tyler, D. Weinstein, F. Bailey, T. J. Shea, M. Stroud, H. L. Halley, W. Viner, A. L. Carmichael, C. E. Wheeler, R. P. Brown, Robert Edwards and Charlie Casey were selected as representatives of the negro veterans.

Lee Daniels suggested that although the delegates were elected to represent this county at the state convention, all former soldiers, sailors or marines who could possibly attend should go.

A resolution empowering Mal Alva J. Miles to issue a call to all former service men to turn out in uniform on the day the Tulsa ambulance company comes to Tulsa.

The adoption of a resolution condemning and contradicting an article that appeared in The World on Thursday morning was unanimous.

All former soldiers, sailors and marines who have been honorably discharged are urged to join this organization by giving their names to Thomas J. Shea at The World office on the second floor of The World building.

Italian Feeling Runs High Through Country Says Rome Dispatch

LONDON, April 24.—Public opinion in Italy according to a wireless dispatch from Rome, is much excited against the peace conference for refusing to recognize the Italian claims. Apparently there is a complete truce in party politics and the newspapers are unanimous in blaming the allies. It is declared that the feeling is running so high that it might have a disastrous influence on Anglo-Italian relations.

"The Italians consider that they have been betrayed by the allies," the dispatch says. "The whole nation is aroused and has rallied to the support of Orlando and Sonnino. There is a brave army ready to make every sacrifice for the realization of their program. Many popular demonstrations have taken place and the watchword adopted is 'Fiume or death.'"

"If the conference does not accept the Italian point of view the situation will become extremely serious."

OKLAHOMA NEARING ONE-THIRD OF LOAN

Official Reports Show State Subscribes 26 Per Cent of Allotment of Victory-Liberty Notes.

OKLAHOMA CITY, April 24.—Official reports as shown by the pink cards sent in by the various banks to state headquarters show that 25 per cent of Oklahoma's quota in the Victory loan has already been subscribed, reports for subscriptions aggregating \$7,497,800. In many cases county chairmen have reported their counties as having fully subscribed their quota but the pink report cards which are all that count at state headquarters show a small percentage of subscriptions actually reported by the banks. Oklahoma is leading the race for the goal and will be able to hold its lead if banks will report promptly.

The only basis on which these calculations are made is the bank report said N. R. Graham today. "Oklahoma is leading and proposes to be leading until the end of the race." He urged all bankers to send in their official reports in order to continue on page thirteen.

Premier Leaves for Italy After Discussion of Principle With the Allied Council of Four.

PARIS, April 24.—Premier Orlando and Signor Barzilai will leave for Rome tonight. This decision was announced after Premier Orlando's return from his conference with the other members of the council of four, which according to the Italian premier, only questions of principle and not territorial questions were discussed.

Premier Lloyd George during the afternoon arranged for President Wilson and Premier Clemenceau to meet Premier Orlando and Foreign Minister Sonnino at the British premier's residence at 4 o'clock.

This is explained as meaning that the discussions centered on the question of prestige involved in the publication of President Wilson's statement and that no effort was made to reach a settlement on a territorial basis. The conference lasted two hours.

Baron Sonnino, the foreign minister, and the other Italian delegates and representatives will remain in Paris temporarily.

LONDON, April 24.—An official statement issued by the press bureau says that before his departure for Rome tonight, the Italian premier had a meeting with President Wilson and Premier Lloyd George and Clemenceau. All displayed the strongest desire to reach a satisfactory solution of the problem, the heads of the British and French governments expressed to Premier Orlando the hope that the Italian parliament would assist in arriving at such a settlement.

PARIS, April 24.—While the preparations for the departure of Premier Orlando and the other Italian peace commissioners were proceeding there were some indications that there had been no decision to make the rupture a complete one. The Italian members of the delegation, however, are certain that certain minor commissions met with the representatives of the other nations and reports from some of the council rooms were that the Italian had informed their conferees of any determination not to attend future meetings.

King Victor Emmanuel has telegraphed to Premier Orlando commending his action and insisting that there be no recession from the position Italy has taken.

PARIS, April 24.—Premier Orlando and the other members of the Italian delegation apparently are more angry over President Wilson's world-wide publication of his position on the Adriatic question than over his opposition to their claims and the fact that diplomatic procedure has been violated and what is termed an insult offered to the Italian government before the president made his position known to the Italian people over the head of the peace delegation.

Discussing this contention today, a member of the American peace delegation said: "Fiume or nothing" has been the Italian delegation's unalterable formula for nearly eight weeks and their firm insistence upon the settlement of the Adriatic question before an agreement upon the peace terms forced President Wilson to tell the whole world where he stands. The atmosphere of the conference simply had to be cleared and there was no other way for the president to clear it.

"This statement was more for the American public than for the Italian public, and it was of such an unmistakable character that it should not leave anyone in the dark as to the American position on secret agreements."

The effort of the Europeans to invoke the rules of diplomatic procedure and the conflicting statements, couched in obscurity, have been noted by the American delegates and correspondents who are endeavoring to obtain the actual facts. The professional of surprise by the Italians of President Wilson's statement are amazing to the correspondents who have positive knowledge that the statement was submitted to Premier Orlando several days before its publication and that he sought advice about drafting a reply.

The only basis on which these calculations are made is the bank report said N. R. Graham today. "Oklahoma is leading and proposes to be leading until the end of the race." He urged all bankers to send in their official reports in
