Visiting Members I. O. O. F.

Are you planning to redecorate your home? If so let us figure with you. Our expert decorator will call at your request and advise with you.

Plain, bare, cold walls do not produce cheer and happiness. How much nicer would it be if the walls were covered with dainty patterned paper to detract your mind from the little ailments. Our new Wall Papers will bring color and "homeyness" to your rooms. You will get this result if you know where to look. Perhaps all the people of Tulsa and vicinity do not know to what extent the Home Decorating specializes in putting out the right kind of Wall Paper. Come to the right place first.
