Alice Joyce Achieves Notable Triumph In Great Picture, "The Third Degree"

Screens Most Beautiful Star at Rialto Today in the Greatest Picture Vitagraph Ever Produced.

ALICE JOYCE VITAGRAPH

Alice Joyce, the Madonna of the screen, has scored the greatest achievement of her brilliant career in her new picture, "The Third Degree," which begins a three-day engagement at the Rialto today. Albert E. Smith, president of the Vitagraph company, in a statement sent broadcast to theater managers throughout the country makes the unequivocal declaration that Miss Joyce's new picture is positively the greatest picture the company has ever made.

When the long list of excellent productions is recalled that carried the Vitagraph trademark, remembering especially such brilliant specials as "Within the Law," "The Lion and the Mouse," "Womanhood" and others in which Miss Joyce starred, the superiority of "The Third Degree" must lift it into the category of really great pictures of the year. "The Third Degree" is a powerful film drama of Charles Klein's greatest stage success of the same name, which ran two consecutive years in New York when it was first offered the public in 1909. Vitagraph paid an immense sum for the screen rights.

Supporting Alice Joyce is a particularly notable cast which includes Gladden James, Anders Randolph, L. Rogers Lytton and Mrs. DeWolf Hopper. "The Third Degree" is at the Rialto today for three days and it is unquestionably the most inviting program of the week for Tulsa's army of movie fans, thousands of whom have always been admirers of beautiful Alice. Her last picture, "The Lion and the Mouse," was voted one of the best pictures for some time when it was shown at the Rialto a few weeks ago.

Build up for the Spring Attack! Put the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever." At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips.

The reason for this is that during the wintertime, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkers remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order. For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as an herbal extract made from Blood and Stone root, Oregon grape root and Wild Cherry bark, which has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food.

San Angelo, Texas—"Dr. Pierce's proprietary remedies have been entirely satisfactory to me in the truest sense of the word. I consider them as being very high-class remedies and the safest that I know of, on the market. Myself and family have used them as a tonic after the La Grippe, with good results. During the last score of years when we needed a tonic we have used the "Golden Medical Discovery" always with satisfactory results, also the "Pleasant Peppermint." My thanks to Dr. Pierce prompt me to write my truthful sentiments."—O. R. Wilson. Okolona, Ark—"My little step-daughter had scarlet fever and the fever left her with a cough that lasted for four years, and three bottles of "Golden Medical Discovery" cured her. She stopped growing after she had the fever, but since she has taken the "Discovery" she is growing fast. "I have Dr. Pierce's medicines in my family for years and find them better than they are claimed to be."—C. H. Osborne, R. R. 2 Box 17.

HAITIANS AFTER SCALPS OF AMERICAN MARINES

The natives down in Haiti are on the war path again. This time it looks like the most bitter struggle in year as the native leaders have sworn to assassinate every United States marine on the island and use their skin for tom-tom heads. This startling information was received yesterday by First Sergeant Wm. H. Smith of the local marine recruiting headquarters, 2111 south Main street, from Miss Letia Davis, 9019 East Seventh street, Kansas City, Mo., who learned of the situation through a letter from her brother, Private Roy Davis, a marine now on duty at Port au Prince, Haiti.

"It looks like we are going to have some real trouble at any minute now," wrote Davis to his sister. "The natives, you know, have a fantastic religious sect that actually practices cannibalism. They go the Philippine shad hunters one better, for after slaughtering their victims they skin them from head to foot cure the hide and use it for making their tom-toms, somewhat similar in size and tone to the North American Indian's tom-tom. They have just sent us word that they are going to kill every marine on the island and make tom-toms of their hide. We are prepared for them."

There is scarcely a month that the marine corps does not suffer casualties in Haiti. The marines are the sole armed representatives of the United States there. They "run" the republic, even furnishing officers for the native constabulary.

BOSTON CHURCH TEAM WORKERS AT BANQUET

Start Made on Campaign to Raise Centenary Fund in Nation-Wide Convass Starting Sunday.

All the Methodist churches of the city are primed and set for their big Centenary drive that begins next Sunday morning.

A banquet was given Monday evening at the Boston avenue M. E. church, and there were over a hundred workers present. The ladies were in charge and served. The tables were arranged in the shape of a fan, and there was a separate table for each team. At the head or central table, the campaign director, J. R. Cole, presided, and was assisted by Rev. W. C. House, pastor of Boston avenue church; Rev. Harold Cook, pastor of Tigert Memorial church; Rev. J. M. Cantrell, pastor of Hagler Memorial church; Dr. J. M. Peterson, district superintendent of the Tulsa district; and Roy Landy, secretary-treasurer. The team captains, presiding at their individual tables, were G. T. Cathey, C. C. Cole, F. B. Dillard, A. J. Rudd, H. W. Wall, James Tuttle, Ira Brooks, C. E. Duffield, C. J. Allen and C. P. Yaden.

The entire membership of the church was divided up among these teams, final instructions were given to the team captains to report at the church next Sunday morning at 9 o'clock when they will be handed their cards, and they in turn at 9:45 will distribute these cards to their respective teams. It is confidently expected to go over the top the first day, but the work will continue throughout the following week to round up the stragglers and those not seen the first day. As stated heretofore, the sum to be raised throughout the United States by the Methodist church, south, is \$35,000,000, and by the M. E. church, north, \$35,000,000. Boston avenue's quota is \$33,000. The object of the church is to push the cause of Christ throughout the world, and to speed up the gospel and the gospel's work everywhere. The plan of the campaign has been worked out thoroughly and conjointly by both churches, north and south, and the drive is not to begin by either church organization until next Sunday, this emphasizing the unity and harmony existing between these two great Methodist bodies.
